# Annual PHA Plan PHA Fiscal Year 2001

[24 CFR Part 903.7]

## **i. Annual Plan Type:**

Select which type of Annual Plan the PHA will submit.

**Standard Plan**

### **Streamlined Plan:**

- High Performing PHA**  
 **Small Agency (<250 Public Housing Units)**  
 **Administering Section 8 Only**

**Troubled Agency Plan**

## **ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

The Wayne Metropolitan Housing Authority has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

The mission statement of the Housing Authority and its goals and objectives are consistent with the strategic goals of HUD.

Since the Wayne Metropolitan Housing Authority serves a more rural area and has a comprehensive range of accessible supportive services for its clients, we find it unnecessary to initiate any major initiatives or discretionary policies to better serve our client population. The one area that we continue to struggle with is enough affordable housing available for our Section 8 tenant based program. In response to that need we have recently increased payment standards to 110% of Fair Market Rents and will continue working diligently to acquire or develop additional units of housing that will be available to that population.

The Housing Authority's public housing units are in good condition with good curb appeal. Capital Funds have been used to do significant upgrades and improvements over the past several years and we expect to continue an effort to upgrade HVAC systems to improve energy efficiency. The Housing Authority also intends to utilize Capital Funds over the next five years to develop new administrative facilities to allow better service to clients.

The Housing Authority has eliminated local preferences (except the veterans preference required under State law) which will help address the need for compliance in the areas of income mixing and deconcentration in Public Housing developments.

The Housing Authority continues to work closely with the Wayne County Commissioners and continues to implement and administer a Community Housing Improvement Program (CHIP) under contract with Wayne County. The Housing Authority plans to make application for another round of funding to continue the Homebuyer assistance program in addition to Owner and Rental Rehab components and homeowner septic system repair/replacement components.

The Housing Authority also manages 45 units of elderly/disabled housing for a local non-profit under contract. The Housing Authority also has a contract for complete management of a non-profit that provides housing for the severely mentally disabled population and clients of the local Mental Retardation and Developmental Disabilities Board (MR/DD). The housing authority continues to work with the local MR/DD board to acquire or develop additional housing for their special needs clients and have assisted in the acquisition of two additional houses in the past 10 months.

The Housing Authority will continue close working relationships with all local service providers as well as the local Legal Aid Society to assure our complete range of services is provided with all protections afforded all clients.

## 5-YEAR PLAN PROGRESS REPORT

### Expand the supply of assisted housing

The Housing Authority has made progress in Section 8 lease-up, but has not reached a high enough percentage to be able to apply for additional rental vouchers. Through supplying information used in local newspaper articles, the Section 8 program has gained a few new landlords to the program.

The Housing Authority continues to work with the local housing coalition and others to attract development of affordable housing. There has been no significant affordable housing starts in the past year although we have met with local developers in an attempt to attract a willingness to partner in future development of affordable housing and will continue those efforts.

### Improve the quality of assisted housing

The Housing Authority continues to work toward improving the quality of assisted housing by increasing customer satisfaction. Although we have only one year of Resident Satisfaction Surveys from Public Housing and none from Section 8 yet, we are confident those areas will show evidence of customer satisfaction.

### Increase assisted housing choices

The Housing Authority has had informational meetings with landlords in the past year to address issues such as lead paint and conversions from Section 8 Certificates to Housing Choice Vouchers, and in general developing good relationships with landlords in an effort to keep the ones currently available to the program as well as attracting new landlords. We have gained at least five new landlords to the program in the past year.

We continue to make the Homebuyer Assistance Program available to Public Housing residents and Section 8 Program participants who have reached a level of self-sufficiency that would enable them to become homeowners. Through the three funding rounds that have been either completed or are currently active two current or former Section 8 families and one Public Housing family have benefited from the Homebuyer Assistance Program.

Provide an improved living environment

Although the Housing Authority has not experienced problems with concentration of poverty in any of its developments, we will continue to monitor this area closely and assure that income mixing is a part of leasing up Public Housing developments and also in recruiting new landlords for the Section 8 Housing Choice Voucher Program.

Promote self-sufficiency and asset development of assisted households

The Housing Authority has leased-up the Section 8 Family Self-Sufficiency Program fully and increased the number of families with escrows. In addition the Public Housing families have been encouraged to utilize the training center for learning computer skills and job preparation

The Housing Authority has continued to develop relationships with local TANF agency and other jobs services to benefit residents in both Public Housing and Section 8. We have worked for months on a Cooperation Agreement for Economic Self-Sufficiency (Memorandum of Agreement) between the Wayne Metropolitan Housing Authority and the Wayne County Department of Job and Family Services and should finalize that agreement within the next few months.

Ensure equal opportunity and affirmatively further fair housing objectives

The Housing Authority continues to provide information to all clients regarding choices in housing and encourages families to seek housing suitable to their preferences and needs. The Housing Authority has developed closer relationship with the local Board of Mental Retardation and Developmental Disabilities as well as other agencies that work with people with disabilities in an effort to assist them in finding appropriate accessible housing.
