A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

For 2001, we are continuing a one-year plan due to difficulties in managing multiple PHDEP grants.

Our goal is to educate to an employable level as many residents as possible. In addition, we have found that the cure to many problems is to head them off in the beginning. Consequently, we also offer a computer lab of six systems including a tutor to assist with educational areas, as well as, provide a positive environment for youth to come and utilize the educational software

and attend field trips. Our lab tutor provides transportation and monitors the children’s progress through report cards and attendance.

Our PHDEP approach is evaluated by a committee consisting of Police Officers, NHA Staff, the Lab Tutor and residents.

Resident Advisory Board Meeting
RRV Community Room

Karen Canavan, NHA Deputy Director and Tom Barber, Maintenance Director met with the Resident Advisory Board this day.

Karen Canavan gave an overview of the 1 year lease, Section 8 Homeownership Program, PHDEP application and the five 5 Comprehensive Improvements Program.

Residents expressed that they were pleased with the plans. There was discussion about the roof exhaust fans on Rose Rock Villa and the noise they make. Residents were pleased to know the fans are scheduled for replacement in the plan.

Smaller items not in the plan but requested by the residents were; repair of garden sidewalks, pour cement outside the laundry room window on A-1 of Rose Rock Villa so residents can sit in the area, and installation of a keyless entry touch pad on the A-1 wing of Rose Rock Villa. It was agreed that these were smaller ticket items that we would address with leftover funds.

Another item that came up for discussion was the large Clark Floor machine. Mr. Hunt, Resident Commissioner, stated that he has seen \$1,000 spent on batteries but has never seen the machine used. Ms. Canavan explained to Mr. Hunt that we have attempted to use the machine often but each time, something else would be broken. I explained that the machine was nearing 20 years old and at this point, I believe all the gaskets and hydraulics are shot. It was agreed that the machine is not worth any further investments.

D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

The resident advisory board consists of all members of both resident councils. These members are elected by the residents to represent the residents. Consequently, the members changes due to elections. Current members are Robert Foster, Phyliss Folks, Connie Orestita, Bonnie Berwer, and Joe Peligi.

The Norman Housing Authority has had a **resident commissioner** for approximately 20 years. Our current resident commissioner is Mr. Dale Hunt.

Progress of the Plan - All projects are on schedule. The Norman Housing Authority has, through various ventures, increased the affordable housing stock in Norman. In addition all capital fund projects and expenditures are on schedule.

I would like to discuss the requirement of the 5-Year and Annual Plan requirement. Although there is still a great deal of fine turning needed for the Plan Homepage and templates, the concept is very good. The Norman Housing Authority has been a high performer for the past several years because we plan for the future. However, the 5-Year and Annual Plan requirement has caused us to plan and budget even closer as well as have the information in writing. Please note: If the capital fund were not regular and consistent, this entire process would be futile. The consistency of the capital fund also eliminates wasteful spending on “temporary fixes”.

The Norman Housing Authority is currently implementing the optional **Section 8 Homeownership Program**. The Norman Housing Authority meets all three (a. b. & c.) requirements to **demonstrate the capacity** to administer this program.

Substantial deviation shall be any modification to the over-all NHA goals described in this plan. Additionally, a substantial deviation shall not be a required changed in order to comply with HUD requirements.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

For 2001, we are continuing a one-year plan due to difficulties in managing multiple PHDEP grants.

Our goal is to educate to an employable level as many residents as possible. In addition, we have found that the cure to many problems is to head them off in the beginning. Consequently, we also offer a computer lab of six systems including a tutor to assist with educational areas, as well as, provide a positive environment for youth to come and utilize the educational software

and attend field trips. Our lab tutor provides transportation and monitors the children’s progress through report cards and attendance.

Our PHDEP approach is evaluated by a committee consisting of Police Officers, NHA Staff, the Lab Tutor and residents.

March 9, 2001

1:30 p.m.
Resident Advisory Board Meeting
RRV Community Room

Karen Canavan, NHA Deputy Director and Tom Barber, Maintenance Director met with the Resident Advisory Board this day.

Karen Canavan gave an overview of the 1 year lease, Section 8 Homeownership Program, PHDEP application and the five 5 Comprehensive Improvements Program.

Residents expressed that they were pleased with the plans. There was discussion about the roof exhaust fans on Rose Rock Villa and the noise they make. Residents were pleased to know the fans are scheduled for replacement in the plan.

Smaller items not in the plan but requested by the residents were; repair of garden sidewalks, pour cement outside the laundry room window on A-1 of Rose Rock Villa so residents can sit in the area, and installation of a keyless entry touch pad on the A-1 wing of Rose Rock Villa. It was agreed that these were smaller ticket items that we would address with leftover funds.

Another item that came up for discussion was the large Clark Floor machine. Mr. Hunt, Resident Commissioner, stated that he has seen \$1,000 spent on batteries but has never seen the machine used. Ms. Canavan explained to Mr. Hunt that we have attempted to use the machine often but each time, something else would be broken. I explained that the machine was nearing 20 years old and at this point, I believe all the gaskets and hydraulics are shot. It was agreed that the machine is not worth any further investments.

3. In what manner did the PHA address those comments? (select all that apply)

x Considered comments, but determined that no changes to the PHA Plan were necessary.

The PHA changed portions of the PHA Plan in response to comments

D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

The resident advisory board consists of all members of both resident councils. These members are elected by the residents to represent the residents. Consequently, the members changes due to elections. Current members are Robert Foster, Phyliss Folks, Connie Orestita, Bonnie Berwer, and Joe Peligi.

The Norman Housing Authority has had a **resident commissioner** for approximately 20 years. Our current resident commissioner is Mr. Dale Hunt.

Progress of the Plan - All projects are on schedule. The Norman Housing Authority has, through various ventures, increased the affordable housing stock in Norman. In addition all capital fund projects and expenditures are on schedule.

I would like to discuss the requirement of the 5-Year and Annual Plan requirement. Although there is still a great deal of fine turning needed for the Plan Homepage and templates, the concept is very good. The Norman Housing Authority has been a high performer for the past several years because we plan for the future. However, the 5-Year and Annual Plan requirement has caused us to plan and budget even closer as well as have the information in writing. Please note: If the capital fund were not regular and consistent, this entire process would be futile. The consistency of the capital fund also eliminates wasteful spending on “temporary fixes”.

The Norman Housing Authority is currently implementing the optional **Section 8 Homeownership Program**. The Norman Housing Authority meets all three (a. b. & c.) requirements to **demonstrate the capacity** to administer this program.

Substantial deviation shall be any modification to the over-all NHA goals described in this plan. Additionally, a substantial deviation shall not be a required changed in order to comply with HUD requirements.

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

For 2001, we are continuing a one-year plan due to difficulties in managing multiple PHDEP grants.

Our goal is to educate to an employable level as many residents as possible. In addition, we have found that the cure to many problems is to head them off in the beginning. Consequently, we also offer a computer lab of six systems including a tutor to assist with educational areas, as well as, provide a positive environment for youth to come and utilize the educational software

and attend field trips. Our lab tutor provides transportation and monitors the children’s progress through report cards and attendance.

Our PHDEP approach is evaluated by a committee consisting of Police Officers, NHA Staff, the Lab Tutor and residents.

March 9, 2001

1:30 p.m.
Resident Advisory Board Meeting
RRV Community Room

Karen Canavan, NHA Deputy Director and Tom Barber, Maintenance Director met with the Resident Advisory Board this day.

Karen Canavan gave an overview of the 1 year lease, Section 8 Homeownership Program, PHDEP application and the five 5 Comprehensive Improvements Program.

Residents expressed that they were pleased with the plans. There was discussion about the roof exhaust fans on Rose Rock Villa and the noise they make. Residents were pleased to know the fans are scheduled for replacement in the plan.

Smaller items not in the plan but requested by the residents were; repair of garden sidewalks, pour cement outside the laundry room window on A-1 of Rose Rock Villa so residents can sit in the area, and installation of a keyless entry touch pad on the A-1 wing of Rose Rock Villa. It was agreed that these were smaller ticket items that we would address with leftover funds.

Another item that came up for discussion was the large Clark Floor machine. Mr. Hunt, Resident Commissioner, stated that he has seen \$1,000 spent on batteries but has never seen the machine used. Ms. Canavan explained to Mr. Hunt that we have attempted to use the machine often but each time, something else would be broken. I explained that the machine was nearing 20 years old and at this point, I believe all the gaskets and hydraulics are shot. It was agreed that the machine is not worth any further investments.

3. In what manner did the PHA address those comments? (select all that apply)

x Considered comments, but determined that no changes to the PHA Plan were necessary.

The PHA changed portions of the PHA Plan in response to comments

D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

The resident advisory board consists of all members of both resident councils. These members are elected by the residents to represent the residents. Consequently, the members changes due to elections. Current members are Robert Foster, Phyliss Folks, Connie Orestita, Bonnie Berwer, and Joe Peligi.

The Norman Housing Authority has had a **resident commissioner** for approximately 20 years. Our current resident commissioner is Mr. Dale Hunt.

Progress of the Plan - All projects are on schedule. The Norman Housing Authority has, through various ventures, increased the affordable housing stock in Norman. In addition all capital fund projects and expenditures are on schedule.

I would like to discuss the requirement of the 5-Year and Annual Plan requirement. Although there is still a great deal of fine turning needed for the Plan Homepage and templates, the concept is very good. The Norman Housing Authority has been a high performer for the past several years because we plan for the future. However, the 5-Year and Annual Plan requirement has caused us to plan and budget even closer as well as have the information in writing. Please note: If the capital fund were not regular and consistent, this entire process would be futile. The consistency of the capital fund also eliminates wasteful spending on “temporary fixes”.

The Norman Housing Authority is currently implementing the optional **Section 8 Homeownership Program**. The Norman Housing Authority meets all three (a. b. & c.) requirements to **demonstrate the capacity** to administer this program.

Substantial deviation shall be any modification to the over-all NHA goals described in this plan. Additionally, a substantial deviation shall not be a required changed in order to comply with HUD requirements.
