2. If yes, the comments are: (if comments were received, the PHA **MUST** select one)
- Attached at Attachment (File name)
- Provided below:

Section 1.C. – Strategies for Addressing Needs. Comment that the PHA should adopt policies to support and encourage work.

Response. The PHA does not have any Public Housing and can not adopt flat rent policies under the Section 8 program. The PHA utilizes the FSS program to encourage work and does not perform upward interim recertifications if the rent will change by less than \$50.

Section 4.B (1)(a) Payment Standards. Comment suggesting lowering the payment standard to 90-100% of FMR to serve more families. Belief that most participants could afford the additional tenant rent.

Response. The PHA must increase its payment standards to overcome the 40% limitation at lease-up.

Section 4.B.(1)(e) Payment Standards. Comment questioning success rates as a factor if the payment standard is set over 100%. Suggestion that there should be a six month limit for payment standards set at 100% of greater. Question whether rent burden is a factor when minimum rents are only \$26-50.

Response. The PHA has determined that success rates and rent burdens of assisted families are primary factors in considering the adequacy of its payment standards. The commenter may misinterpret 110% of FMR to mean the PHA is paying 110% of the unit rent. This would explain the comment suggesting decreasing the payment standard from 100% of FMR after six months.

3. In what manner did the PHA address those comments? (select all that apply)

- Considered comments, but determined that no changes to the PHA Plan were necessary.
- The PHA changed portions of the PHA Plan in response to comments
