I Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Rental housing needs in the Municipality of Arecibo are huge. The housing stock is not enough to attend the demand for subsidized rental housing. The Section 8 program provides an incentive to local landlords to upgrade their housing stock to *housing quality standards* in order to make them available for very-low income tenants. By this mean, landlords could acquire a steady and reasonable rental income and very low-income tenants may be able to live in a sound, sanitary, safe and affordable rental unit.

Mission

The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

Strategic goals and PHA objectives

Increase the availability of decent, safe, and affordable housing.

Expanding the supply of assisted housing:

Applying for additional rental vouchers:

Reducing the number of vacancy of rental units

Leveraging private or other public funds to create additional housing opportunities:

Inviting private developers to invest in affordable housing to increase the rental stock available for subsidized tenants.

Improving the quality of assisted housing through the:

Improvement of voucher management: to SEMAP score of 98%

Increasing customer satisfaction.

Providing voucher mobility counseling:

Conducting outreach efforts to potential voucher landlords

Increasing voucher payment standards

Improve community quality of life and economic vitality

Implementing measures to deconcentrate poverty by bringing lower income tenant base households into higher income areas.

Implementing measures to promote income mixing in subsidizes communities by assuring access for lower income families into higher income areas.

Promote self-sufficiency and asset development of families and individuals

Increase the number and percentage of employed persons in assisted families,

Provide or attract supportive services to improve assistance recipients' employability,

Provide or attract supportive services to increase independence for the elderly or families with disabilities.

Ensure Equal Opportunity in Housing for all Americans

Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability:

Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disability:

Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required:

Housing needs

The housing data available in Puerto Rico issued by the United States Department of Housing and Urban Development (HUD) is the Comprehensive Housing Affordability Strategy (CHAS) Databook, which compiled the 1990 Census Data.

According to the CHAS Databook the municipality of Arecibo have an estimated housing need of approximately 2,660 rental-housing units. This estimate was obtained by calculating the number of rental households in each household type and in the income categories of 0 to 50% of HAMFI with a housing cost burden of over 30% on income. Table I in the next page provides this analysis.

The municipality considers cost burden as one of the most serious problem affecting its residents. About 35.3% of the renter households are paying over 30% of their income to meet their housing costs. This is further aggravated by the fact that 16.7% of the renter households have a severe housing cost burden by paying over 50% of their income for housing costs.

Type of household	0-30% HAMFI	31-50% HAMFI	Total
Elderly 1 & 2 members	293	83	376
Small related	1,334	261	1,595
Large related	378	74	452
All other renters	212	25	237
Total	2,217	443	2,660

The incidence of overcrowding is also considered a serious problem that impact the Municipality's plans and strategies to serve the needs of low income families for affordable housing. A total of 8.8% of the households are overcrowded.

The next table describes the renter household by income group:

Total Renter	TOTAL	%
0 to 30%	4,396	58.4%
31 to 50%	1,495	19.9%
51 to 80%	884	11.7%
81 to 95%	229	3.0%
Over 96%	527	7.0%
T Households	7,531	100.0%

Housing needs of families on waiting list

The largest group of the families in the waiting list are families with children for a 58%, requesting at least a 3-br voucher. The second largest group are the families with disabilities for a 32%, also requesting 2 and 3-br vouchers.

Specific strategies by needs

1. To increase the affordable rental housing stock for eligible participants
 - To identify prospective landlords interested to invest in affordable rental housing.
 - Maintain or increase Section 8 contract rents by marketing the program to landlords, particularly those outside of minority or poverty areas.
 - Participate in the community consultation, both at local and state levels of the consolidated and annual planning process.
 - To apply for Section 8 voucher's NOFA when they become available.

2. Specific needs of families at or below 30% of the AMI:
To exceed HUD federal targeting requirements over 75% minimum limit.
3. Specific needs of families at or below 50% of the AMI:
Employ admission preferences aimed at families in special needs.
4. Special-purpose vouchers:
Apply for special purpose vouchers for the elderly and persons with disability including AIDS/VIH, should they become available.
5. Disproportionate housing needs of races and ethnicities:
Conduct activities toward affirmatively furthering fair housing,
Housing counseling for section 8 tenants,
Marketing of the Section 8 tenant assistance out of the low income areas.

Reasons for selecting strategies

Data obtained and analyzed from the Municipality's 2000-05 Consolidated Plan

Preferences adopted from the priorities established by the community.

Consultation with the Resident Advisory Board.

STATEMENT OF THE ARECIBO HOUSING DEPARTMENT PROGRESS IN MEETING THE MISSION AND GOALS, A SUBSTANTIAL DEVIATION, AMENDMENT OR MODIFICATION TO THE 5 YEAR PLAN

In November 7, 2000 the Arecibo voters put together a brand new municipal administration along with a new governor, district senators and representatives. In January 10, 2001 the mayor elected took office and a major revamping on the housing plan took effect. Ms. Maricelys López Boneta is the chief architect of such effort.

Progress achieved

On February 16, 2001 a Fair Share Allocation for 75 Incremental Voucher Funding for Fiscal Year 2001 were requested for the Municipality of Arecibo. The Director of Grants Management Center, Michael E. Diggs approved such proposal. The one year funding is in the amount of \$214,610 and the award will be reserved as a new funding increment.

Research on the underutilization of the Section 8 program was completed in order to grant 100 vouchers "misplaced" during the past administration. We expect to cover this deficiency in the next six months.

The 2001 Annual Budget Authority (ABA) is approved in the amount of \$3,791,395. Of this amount, \$1,890,633 is projected funding that HUD will provide for the renewal of expiring increments. The ABA supports 853 units for rental assistance.

The waiting list has been updated in order to clear any non-interested participant. Letters of interest were mailed to the persons in record providing them ten days to actualized their file.

Complaints on the rent contract violations were investigated. Such complaints include: abandonment of the dwelling, non reported income, occupants not included in the family contract, property damages, rent payment debt, misconduct and homeowners renting as very low income tenants. The affected parties were granted their informal hearing on the decision to terminate their housing payment assistance.

Since January 16, 43 new participants were granted housing vouchers as the normal turnover of the program. On June 22, 2001 the last 10 new vouchers were granted.

Five participants quit their rental assistance payment to become homeowners.

There are 23 portabilities, 7 islandwide and 16 stateside. We administer 10 portabilities, 5 islandwide and 5 stateside.

Amendments to the plan

The major amendment to the plan was made to the Admissions Preferences taking into consideration that:

- a. the Housing Agency plan to exceed the federal targeting requirements by targeting more than 75% of all new admissions to the section 8 program to families at or below 30% of median area income;
- b. the Housing Agency established preferences for admission to section 8 tenant-based assistance including date and time of application by preference awarded.

The admissions preferences listed by priorities are:

- 1 Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)
- 2 Victims of domestic violence
- 3 Substandard housing
- 4 Homelessness
- 5 High rent burden
- 6 Working families and those unable to work because of age or disability
- 7 Householders victims of AIDS/VIH and are unable to work
- 8 Residents who live and/or work in your jurisdiction (**Females head of household**)
- 9 Households that contribute to meeting income goals (broad range of incomes **Extended families**)

Among applicants on the waiting list with equal preference status, the applicants are selected by date and time of application.

The Special Purpose Section 8 Assistance Programs are governed by the Section 8 Administrative Plan whether are listed the reference materials, policies governing eligibility, selection, and admissions to any special-purpose section 8 program administered by the Housing Agency.

The Housing Agency announce the availability of any special-purpose section 8 programs to the public through published notices.

The housing inventory will be accommodated to include properties within the bedroom size needed in the waiting list.

- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration.

Public notices will be published to invite potential landlords citywide to participate in the program.

- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
