## **ATTACHMENTS**

### **Attachment A – Deconcentration Policy**

#### ***10.4 DECONCENTRATION POLICY***

It is South Carthage Housing Authority’s policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The South Carthage Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

#### ***10.5 DECONCENTRATION INCENTIVES***

The South Carthage Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

## ATTACHMENT F – STATEMENT OF PROGRESS IN MEETING THE 5-YEAR PLAN MISSION AND GOALS

South Carthage Housing Authority continues to track the goals and objectives enumerated in its 5-year plan as implemented through its Annual Plan. Milestones set forth under plan objectives continue to appear reasonable in light of progress made to date both as that progress pertains to physical improvements and as that progress pertains to resident empowerment. A potentially troublesome matter revolves around PHRA's Community Service requirement. Although this Agency has a large number of residents that are community service eligible, few have elected to participate, despite indoctrination into programmatic requirements and their realization that failure to participate jeopardizes their continued occupancy in Agency housing. Emphasis will be focused on re-communicating service requirements to program eligible residents.
