The Housing Authority of the City of Sherman has prepared this Annual PHA Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

The purpose of the Annual Plan is to provide a framework for local accountability and an easily identifiable source by which public housing residents and other members of the public may locate basic PHA policies, rules and requirements related to the operations, programs and services of the agency.

The Mission Statement and the Goals and Objectives were based on information contained in our jurisdiction's Consolidated Plan and will assure that our residents will receive the best customer service.

Excellent customer service and fulfillment of the Mission Statement and Goals and Objectives is ensured by implementation of a series of policies that are on display with this Plan. The Admissions and Occupancy Policy is the primary policy on display. This important document covers the public housing tenant selection and assignment plan, outreach services, grievance procedures, etc.

The most important challenges to be met by the Housing Authority of the City of Sherman during FY 2001 include:

- Reduce drug and alcohol abuse through the Public Housing Drug Elimination Program;
- Preserve and improve the public housing stock through the Capital Funds activities.
- Train staff and commissioners to fully understand and take advantage of opportunities in the new law and regulations to better serve our residents and the community; and
- Identify, develop and leverage services to enable low-income families to become self-sufficient.

In closing, this Annual PHA Plan exemplifies the commitment of the Housing Authority of the City of Sherman to meet the housing needs of the full range of low-income residents. The Housing Authority of the City of Sherman, in partnership with agencies from all levels of government, the business community, nonprofit community groups, and residents will use this plan as a road map to reach the “higher quality of life” destination for the City of Sherman.

**DECONCENTRATION AND INCOME TARGETING POLICY  
FOR THE  
HOUSING AUTHORITY OF  
SHERMAN, TEXAS**

**DECONCENTRATION AND INCOME TARGETING POLICY**  
*(of the Public Housing Admissions and Occupancy Policy)*

Sub-Title A, Section 513 of the Quality Housing and Work Responsibility Act of 1998 (QHWRA), establishes two interrelated requirements for implementation by Public Housing Authorities: (1) Economic Deconcentration of public housing developments and Income Targeting to assure that families in the “extremely low” income category are proportionately represented in public housing and that pockets of poverty are reduced or eliminated. Under the deconcentration requirement, PHAs are to implement a program which provides that families with lowest incomes will be offered units in housing developments where family incomes are the highest and high-income families will be offered units in developments where family incomes are the lowest. In order to implement these new requirements the PHA must promote these provisions as policies and revise their Admission and Occupancy policies and procedures to comply.

Therefore, the Sherman Housing Authority (PHA) hereby affirms its commitment to implementation of the two requirements by adopting the following policies:

A. Economic Deconcentration:

Admission and Occupancy policies are revised to include the PHA’s policy of promoting economic deconcentration of its housing developments by offering low-income families, selected in accordance with applicable preferences and priorities, units in developments where family incomes are highest. Conversely, families with higher incomes will be offered units in developments with the lowest average family incomes.

Implementation of this program will require our agency to: (1) determine and compare the relative tenant incomes of each development and the incomes of census tracts in which the developments are located, and (2) consider what policies, measures or incentives are necessary to bring high-income families into low-income developments (or into developments in low-income census tracts) and low-income families into high-income developments (or into developments in high-income census tracts).

In addition, an assessment of the average family income for each development is necessary. Families will be provided with an explanation of the policy during the application/screening process and/or the occupancy orientation sessions with opportunities to discuss the options available to the families. Families will be informed that should they choose not to accept the first unit offered under this system their refusal will not be cause to drop their name to the bottom of the waiting list.

Implementation may include the following efforts:

- Skipping families on the waiting list based on income;
- Establishing preferences for working families;
- Establish preferences for families in job training programs;
- Establish preferences for families in education or training programs;
- Marketing campaign geared towards targeting income groups for specific developments;
- Additional supportive services;
- Additional amenities for all units;
- Ceiling rents; (mandatory)
- Flat rents for selected developments;
- Different tenant rent percentages per development;
- Different tenant rent percentages per bedroom size;
- Saturday and evening office hours;
- Security Deposit waivers;
- Revised transfer policies;
- Site-based waiting lists;
- Mass Media; and
- Giveaways.

B. Income Targeting

As public housing dwelling units become available for occupancy, responsible PHA employees will offer units to applicants on the waiting list. In accordance with the Quality Housing and Work Responsibility Act of 1998, the PHA encourages occupancy of its developments by a broad range of families with incomes up to eighty percent (80%) of the median income for the jurisdiction in which the PHA operates. At a minimum, 40% of all new admissions to public housing **on an annual basis** will be families with incomes at or below thirty percent (30%) (extremely low-income) of the area median income. The offer of assistance will be made without discrimination because of race, color, religion, sex, national origin, age, handicap or familial status.

The PHA may employ a system of income ranges in order to maintain a public housing resident body composed of families with a range of incomes and rent paying abilities representative of the range of incomes among low-income families in the PHA's area of operation, and will take into account the average rent that should be received to maintain financial solvency. The selection procedures are designed so that selection of new public housing residents will bring the actual distribution of rents closer to the projected distribution of rents.

In order to implement the income targeting program, the following policy is adopted:

- ▶ The PHA may select, based on date and time of application and preferences, two (2) families in the extremely low-income category and two (2) families from the low-income category alternately until the forty percent (40%) admission requirement of extremely low-income families is achieved (2 plus 2 policy).
- ▶ After the minimum level is reached, all selections may be made based solely on date, time and preferences. Any applicants passed over as a result of implementing this 2 plus 2 policy will retain their place on the waiting list and will be offered a unit in order of their placement on the waiting list.
- ▶ To the maximum extent possible, the offers will also be made to effect the PHA's policy of economic deconcentration.
- ▶ For the initial year of implementation, a pro-rated percentage of the new admissions will be calculated from April 1, 1999 through the end of the fiscal year. Following the initial implementation period, the forty percent (40%) requirement will be calculated based on new admissions for the fiscal year.
- ▶ The PHA reserves the option, at any time, to reduce the targeting requirement for public housing by no more than ten percent (10%), if it increases the target figure for its Section 8 program from the required level of seventy-five percent (75%) of annual new admissions to no more than eighty-five percent (85%) of its annual new admissions. (Optional for PHAs with both Section 8 and Public Housing programs.)

Attachment **TX078f01**

The Housing Authority of the City of Sherman has been successful in achieving its mission and goals in the year 2000. Goals are either completed or on target for completion by the end of the year.

Concerning modernization approximately \$344,018.00 was either spent or obligated. Heating and air conditioning units have been installed in 50% of the units.

Concerning self-sufficiency and crime and safety, the Public Housing Drug Elimination Program (PHDEP) efforts reduced crime in the communities through additional proactive police patrols and community involvement.

PHDEP programs also provided over 298 residents with service through the alternative education activities such as Adult education and job training, children reports from school on grades and behavior and general participation in program activities.

Concerning improving the quality of life, the PHA has applied for a Public Facility Corporation with the State of Texas.

To ensure compliance with the Public Housing Reform Act of 1998, staff has received training on program rules and regulations and every policy was reviewed and updated as needed. Most significant was the update to the Admissions and Occupancy Policy.

Concerning ensuring equal opportunity outreach efforts have been made via written material and making renewed partnerships with community groups and medical facilities.

**COMMUNITY SERVICE POLICY  
FOR THE  
HOUSING AUTHORITY OF THE  
CITY OF SHERMAN, TEXAS**

## COMMUNITY SERVICE POLICY

Section 512 of the Quality Housing and Work Responsibility Act of 1998, which amends Section 12 of the Housing Act of 1937, establishes a new requirement for non-exempt residents of public housing to contribute eight (8) hours of community service each month or to participate in a self-sufficiency program for eight (8) hours each month. Community service is a service for which individuals are not paid. The Housing Authority of the City of Sherman (PHA) believes that the community service requirement should not be perceived by the resident to be a punitive or demeaning activity, but rather to be a rewarding activity that will benefit both the resident and the community. Community service offers public housing residents an opportunity to contribute to the communities that support them.

In order to effectively implement this new requirement, the Housing Authority of the City of Sherman establishes the following Policy, effective April 1, 2000.

### A. Community Service

The PHA will provide residents, identified as required to participate in community service, a variety of voluntary activities and locations where the activities can be performed. The activities may include, but are not limited to:

- improving the physical environment of the resident's developments;
- selected office related services in the development or Administrative Office;
- volunteer services in local schools, day care centers, hospitals, nursing homes, youth or senior organizations, drug/alcohol treatment centers, recreation centers, etc;
- neighborhood group special projects;
- self-improvement activities such as household budget, credit counseling, English proficiency, GED classes or other educational activities;
- tutoring elementary or high school age residents; and
- serving in on-site computer training centers.

Voluntary political activities are prohibited.

### B. Program Administration

The PHA may administer its own community service program in conjunction with the formation of cooperative relationships with other community based entities such as TANF, Social Services Agencies or other organizations which have as their goal, the improvement and advancement of disadvantaged families. The PHA may seek to contract its community service program out to a third-party.

In conjunction with its own or partnership program, the PHA will provide reasonable accommodations for accessibility to persons with disabilities. The PHA may directly supervise community service activities and may develop and provide a directory of opportunities from which residents may select. When services are provided through partnering agencies, the PHA will confirm the resident's participation. Should contracting out the community service function be determined to be the most efficient method for the PHA to accomplish this requirement, the PHA will monitor the agency for contract compliance.

The PHA will assure that the service is not labor that would normally be performed by PHA employees responsible for the essential maintenance and property services.

C. Self Sufficiency

The PHA will inform residents that participation in self-sufficiency activities for eight (8) hours each month can satisfy the community service requirement and encourage non-exempt residents to select such activities to satisfy the requirement. Such activities can include, but are not limited to:

- apprenticeships and job readiness training;
- substance abuse and mental health counseling and treatment;
- English proficiency, GED, adult education, junior college or other formal education;
- household budgeting and credit counseling;
- small business training.

The PHA may sponsor its own economic self-sufficiency program or coordinate with local social services, volunteer organizations and TANF agencies.

D. Geographic Location

The PHA recognizes that the intent of this requirement is to have residents provide service to their own communities, either in the PHA's developments or in the broader community in which the PHA operates.

E. Exemptions

In accordance with provisions in the Act, the PHA will exempt from participation in community service requirements the following groups:

- adults who are 62 years of age or older;
- persons engaged in work activities as defined under Social Security (full time or part time employment);
- participants in a welfare to work program;

- persons receiving assistance from and in compliance with State programs funded under part A, title IV of the Social Security Act; and
- the disabled but only to the extent that the disability makes the person “unable to comply” with the community service requirements.

The PHA will determine, at the next regularly scheduled reexamination, the status of each household member eighteen (18) years of age or older with respect to the requirement to participate in community service activities. The PHA will use the “PHA Family Community Service Monthly Time-Sheet” to document resident eligibility and the hours of community service. A record for each adult will be established and community service placement selections made. Each non-exempt household member will be provided with forms to be completed by a representative of the service or economic self-sufficiency activity verifying the hours of volunteer service conducted each month.

The PHA will also assure that procedures are in place which provide residents the opportunity to change status with respect to the community service requirement. Such changes include, but are not limited to:

- going from unemployment to employment;
- entering a job training program;
- entering an educational program which exceeds eight (8) hours monthly.

All exemptions to the community service requirement will be verified and documented in the resident file. Required verifications may include, but not be limited to:

- third-party verification of employment, enrollment in a training or education program, welfare to work program or other economic self sufficiency activities;
- birth certificates to verify age 62 or older; or
- if appropriate, verification of disability limitations.

Families who pay flat rents, live in public housing units within market rate developments or families who are over income when they initially occupy a public housing unit will not receive an automatic exception.

#### F. Cooperative Relationships with Welfare Agencies

The PHA may initiate cooperative relationships with local service agencies that provide assistance to its families to facilitate information exchange, expansion of community service/self-sufficiency program options and aid in the coordination of those activities.

G. Lease Requirements and Documentation

The PHA's lease has a twelve (12)-month term and is automatically renewable except for non-compliance with the community service requirement. The lease also provides for termination and eviction of the entire household for such non-compliance. The lease provisions will be implemented for current residents at the next regularly scheduled reexamination on or after April 1, 2000, and for all new residents effective April 1, 2000. The PHA will not renew or extend the lease if the household contains a non-exempt member who has failed to comply with the community service requirement.

Documentation of compliance or non-compliance will be placed in each resident file.

H. Noncompliance

If the PHA determines that a resident who is not an "exempt individual" has not complied with the community service requirement, the PHA must notify the resident:

1. of the non-compliance;
2. that the determination is subject to the PHA's administrative grievance procedure;
3. that unless the resident enters into an agreement under paragraph 4. of this section, the lease of the family of which the non-compliant adult is a member may not be renewed. However, if the non-compliant adult moves from the unit, the lease may be renewed;
4. that before the expiration of the lease term, the PHA must offer the resident an opportunity to cure the non-compliance during the next twelve (12)-month period; such a cure includes a written agreement by the non-compliant adult to complete as many additional hours of community service or economic self-sufficiency activity needed to make up the total number of hours required over the twelve (12)-month term of the lease.

**PET OWNERSHIP**

**FOR THE**  
**HOUSING AUTHORITY OF THE**  
**CITY OF SHERMAN, TEXAS**

## **PET OWNERSHIP**

Housing Authority residents who are elderly and/or disabled are permitted to own and keep pets in their dwelling units. The Housing Authority of the City of Sherman (herein referred to as PHA) notifies eligible new residents of that right and provides them copies of the PHA's Pet Ownership Rules. To obtain permission, pet owners must agree to abide by those Rules.

In consulting with residents currently living in the PHA's developments for the elderly or disabled, the PHA will notify all such residents that:

- A. elderly or disabled residents are permitted to own and keep common domesticated household pets, such as a cat, dog, bird, and fish, in their dwelling units, in accordance with PHA pet ownership rules;
- B. animals that are used to assist the disabled are excluded from the size and weight requirements pertaining to ownership of service animals; however, they will be required to assure that proper licensing, inoculations, leash restraints, etc. are observed.
- C. residents may request a copy of the PHA's pet ownership rules or proposed amendments to the rules at any time; and,
- D. if the dwelling lease of an elderly or disabled resident prohibits pet ownership, the resident may request that the lease be amended to permit pet ownership, in accordance with the PHA's pet ownership rules shown below.

## HOUSING AUTHORITY OF THE CITY OF SHERMAN

### Pet Ownership Rules for Elderly/Disabled Residents

1. Common household pet means a domesticated cat, dog, bird, gerbil, hamster, Guinea pig and fish in aquariums. Reptiles of any kind, with the exception of small turtles in a terrarium, as well as mice and rats are prohibited. These definitions do not include any wild animal, bird or fish.
2. Each household shall have only one pet (except fish or birds). The limit for birds is two (2).
3. The pet owner shall have only a small cat or a dog. The animal's weight shall not exceed *20 pounds*. The animal's height shall not exceed *fifteen inches* . Such limitations do not apply to a *service animal* used to assist a disabled resident.
4. Pet owners shall license their pets yearly with the City of Sherman, Texas. The pet owner must show the PHA proof of rabies and distemper booster inoculations and licensing annually. Residents applying for approval to house a dog or cat must provide, at the time of application, proof of insurance in the amount of \$\_\_\_\_\_ for property damage and \$\_\_\_\_\_ for personal liability. Such insurance shall be in force at all times, with proof of same provided at each re-certification or at such other times as the PHA may request.
5. No pet owner shall keep a pet in violation of State or local health or humane laws or ordinances. Any failure of these pet ownership rules to contain other applicable State or local laws or ordinances does not relieve the pet owner of the responsibility for complying with such requirements.
6. The pet owner shall have his or her cat or dog spayed or neutered and shall pay the cost thereof. A veterinarian shall verify that the spaying or neutering has been accomplished.
7. The pet owner shall house the pet inside the pet owner's dwelling unit. The pet owner shall keep a cat or a dog on a leash and shall control the animal when it is taken out of the dwelling unit for any purpose. The owner of a bird(s) shall confine them to a cage at all times. No pet owner shall allow his or her pet to be unleashed or loose outside the pet owner's dwelling unit.
8. No resident shall keep, raise, train, breed or maintain any pet of any kind at any location, either inside or outside the dwelling unit, for any commercial purpose.
9. No pet owner shall keep a vicious or intimidating pet on the premises. If the pet owner declines, delays or refuses to remove the pet from the premises, the PHA shall do so, in order to safeguard the health and welfare of other residents.

10. No pet owner shall permit his or her pet to disturb, interfere or diminish the peaceful enjoyment of the pet owner's neighbors or other residents. The terms "disturb, interfere or diminish" shall include but not be limited to barking, howling, biting, scratching, chirping and other activities of a disturbing nature. If the pet owner declines, delays or refuses to remove the pet from the premises, the PHA shall do so.
11. The owner of a cat shall feed the animal at least once per day; provide a litter box inside the dwelling unit; clean the litter box at least every two (2) days; and take the animal to a veterinarian at least once per year. The pet owner shall not permit refuse from the litter box to accumulate or to become unsanitary or unsightly, and shall dispose of such droppings by placing them in a sack in a designated container outside the building where the pet owner lives.
12. The owner of a dog shall feed the animal at least once per day; take the animal for a walk at least twice per day; remove the animal's droppings at least twice per day; and take the animal to a veterinarian at least once per year. The pet owner shall not permit dog droppings to accumulate or to become unsanitary or unsightly, and shall dispose of such droppings by placing them in a sack in a designated container outside the building where the pet owner lives.
13. The pet owner shall take the precautions and measures necessary to eliminate pet odors within and around the dwelling unit, and shall maintain the dwelling unit in a sanitary condition at all times, as determined by the PHA.
14. No pet owner shall alter the dwelling unit or the surrounding premises to create a space, hole, container or enclosure for any pet.
15. PHA staff shall enter a dwelling unit where a pet has been left untended for twenty-four (24) hours, remove the pet and transfer it to the proper local authorities, subject to any provisions of State or local law or ordinances in this regard. The PHA shall accept no responsibility for the pet under such circumstances.
16. Each pet owner shall pay a refundable pet deposit of \$ \_\_\_\_\_ for a dog or cat and a refundable pet deposit of \$ \_\_\_\_\_ for aquariums. There is no pet deposit for birds, gerbils, hamsters, guinea pigs or turtles. The pet deposit is not part of the rent payable by the pet owner, and is in addition to any other financial obligation generally imposed on residents of the development where the pet owner lives. The PHA shall use the pet deposit only to pay reasonable expenses directly attributable to the presence of the pet in the development, including, but not limited to the cost of repairs and replacements to, and the fumigation of, the pet owner's dwelling unit. The PHA shall refund the unused portion of the refundable pet deposit to the pet owner within thirty (30) days after the pet owner moves from the dwelling unit or no longer owns or keeps a pet in the dwelling unit.

17. All residents, including the elderly and disabled, are prohibited from feeding, housing or caring for stray animals or birds. Such action shall constitute having a pet without permission of the PHA.
18. Each pet owner shall identify an alternate custodian for his or her pet. If the pet owner is ill or absent from the dwelling unit and unable to care for his or her pet, the alternate custodian shall assume responsibility for the care and keeping of the pet, including, if necessary, the removal of the pet from PHA premises.
19. Should any pet housed in the Authority's facilities give birth to a litter, the residents shall remove from the premises all of said pets except one as soon as the baby's are able to survive on their own (a maximum of six (6) weeks).
20. The PHA will not be responsible for any pet which gets out of a unit when maintenance employees enter for the purpose of making repairs. The family is responsible for removing the pet when maintenance is scheduled or assuring that a responsible family member is present to control the pet.
21. If a resident, including a pet owner, breaches any of the rules set forth above, the PHA may revoke the pet permit and evict the resident or pet owner.

I have read and understand the above pet ownership rules and agreed to abide by them.

## **PET OWNERSHIP**

Section 526 of the Quality Housing and Work Responsibility Act of 1998 added a new Section 31 (“Pet Ownership in Public Housing”) to the United States Housing Act of 1937. Section 31 establishes pet ownership requirements for residents of public housing other than Federally assisted rental housing for the elderly or persons with disabilities. In brief, this section states that: A resident of a dwelling unit in public housing may own 1 or more common household pets or have such pets present in the dwelling unit. Allowance of pets is subject to reasonable requirements of the PHA.

The Housing Authority of the City of Sherman (PHA) notifies eligible new residents of that right and provides them copies of the PHA's Pet Ownership Rules. To obtain permission, pet owners must agree to abide by those Rules.

In consulting with residents currently living in the Authority's developments, the PHA will notify all such residents that:

- A. all residents are permitted to own and keep common domesticated household pets, such as a cat, dog, bird, and fish, in their dwelling units, in accordance with PHA pet ownership rules;
- B. The non-refundable nominal pet fee is intended to cover the reasonable operating costs to the development. The refundable pet deposit is intended to cover additional costs not otherwise covered (i.e., fumigation of a unit);
- B. animals that are used to assist the disabled are excluded from the size and weight and type requirements pertaining to ownership of service animals; however, they will be required to assure that proper licensing, inoculations, leash restraints, etc. are observed;
- C. residents may request a copy of the PHA's pet ownership rules or proposed amendments to the rules at any time; and,
- D. if the dwelling lease of a resident prohibits pet ownership, the resident may request that the lease be amended to permit pet ownership, in accordance with the PHA's pet ownership rules shown below;
- E. Section 31 does not alter, in any way, the regulations applicable to Federally assisted

housing for the elderly and persons with disabilities found at Section 227 of the Housing and Urban-Rural Recovery Act of 1983 and located in 24 CFR part 5, subpart C.

- F. **New Section 960.705 of 24 CFR clarifies that the regulations added in Section 31 do not apply to service animals that assist persons with disabilities. This exclusion applies to both service animals that reside in public housing and service animals that visit PHA developments. Nothing in this rule limits or impairs the rights of persons with disabilities, authorizes PHAs to limit or impair the rights of persons with disabilities, or affects any authority PHAs may have to regulate service animals that assist persons with disabilities.**

16. Each pet owner shall pay a non-refundable pet fee of \$\_\_\_\_\_ and a refundable pet deposit of \$\_\_\_\_\_. A refundable deposit of \$\_\_\_\_\_ will be charged for aquariums. There is no pet deposit for birds, gerbils, hamsters, guinea pigs or turtles. The pet fee/deposit is not part of the rent payable by the pet owner, and is in addition to any other financial obligation generally imposed on residents of the development where the pet owner lives. The PHA shall use the non-refundable pet fee only to pay

reasonable expenses directly attributable to the presence of the pet in the development, including, but not limited to the cost of repairs and replacements to, and the fumigation of, the pet owner's dwelling unit. The refundable deposit will be used, if appropriate, to correct damages caused by the presence of the pet.

The refundable pet deposit will be placed in an escrow account and the PHA will refund the unused portion, plus any accrued interest, to the resident within thirty (30) days after the pet owner moves from the dwelling unit or no longer owns or keeps a pet in the dwelling unit.

- 17. All residents are prohibited from feeding, housing or caring for stray animals or birds. Such action shall constitute having a pet without permission of the Authority.
- 18. Each pet owner shall identify an alternate custodian for his or her pet. If the pet owner is ill or absent from the dwelling unit and unable to care for his or her pet, the alternate custodian shall assume responsibility for the care and keeping of the pet, including, if necessary, the removal of the pet from PHA premises.
- 19. Should any pet housed in the PHA facilities give birth to a litter, the residents shall remove from the premises all of said pets except one as soon as the baby's are able to survive on their own (a maximum of 6 weeks).
- 20. The PHA will not be responsible for any pet which gets out of a unit when maintenance employees enter for the purpose of making repairs. The family is responsible for removing the pet when maintenance is scheduled or assuring that a responsible family member is present to control the pet.
- 21. If a resident, including a pet owner, breaches any of the rules set forth above, the PHA may revoke the pet permit and evict the resident or pet owner.

I have read and understand the above pet ownership rules and agreed to abide by them.
