Comments:

To make a reasonable effort to reach out to those families that are in greater need such as the elderly, disabled families, and those families that fall at or below 30% of the medium income when the waiting list opens

Establishing the PHA's payment standards at 110% of the published Fair Market Rents enables families a greater resource of housing and expands opportunities in our area.

Programs need to be establish to help those families that are participating in the FSS Program to enable them to become self sufficient such as budgeting, credit counseling, child care and educational resources.

Recruit more landlords to participate in the Section 8 Program this provide better and more choices of where Section 8 participants are able to reside.

To vigoursly pursue and establish a homeownership program using availabe monies.

All express the desire to help the Housing Authority in anyway they can also thanked all involved in the PHA Plan process those already familiar with it and those new commers.

Recommendations:

Reasonable efforts will be made to amend the Administrative Plan to incorporate the recommendations.
