Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The SCHA will use a two-part program to reduce the demand for illegal drug and violence in our public housing community. Our goal is to reduce drug related crime and increase the quality of life for residents in our community. We will promote healthy lifestyles and alternatives by providing drug free structured and supervised activities to resident adults and youth along with the opportunity to participate in life skills training. The second component is to provide a dedicated law enforcement presence to provide positive role models and to rid the development of those

involved in drug and criminal activity. We will also hire a grant coordinator. This coordinator will be responsible for collecting crime data and conducting the annual survey plus planning and organizing drug program activities.
