1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

Housing Needs of Families in the Jurisdiction by Family Type							
Family Type	Overall	Afford-ability	Supply	Quality	Access-ibility	Size	Loca-tion
Income <= 30% of AMI	1150	5	3	1	1	3	1
Income >30% but <=50% of AMI	455	4	5	3	1	3	1
Income >50% but <80% of AMI	225	3	5	3	1	3	1
Elderly	257	4	5	3	3	2	3
Families with Disabilities	No data	3	3	3	4	3	4
Race/Ethnicity Black-Boone Co.	26.2	5	5	3	1	3	1
Race/Ethnicity Hispanic-Boone Co.	0	5	5	3	1	3	1
Race/Ethnicity Black-Lincoln Co.	0	5	5	3	1	3	1
Race/Ethnicity Hispanic-Lincoln Co.	100	5	5	3	1	3	1

Overall housing needs based upon total number of families with any housing problem. We do not think that the data for Hispanics is correct. There are very few Hispanic people in either Boone or Lincoln Counties.

Race/Ethnicity is based upon percentages of families with any housing problem. We anticipate that the recent floods in Southern West Virginia will have an impact on the housing needs of families in our area. We remain sensitive to those needs and will deal with them in a professional and courteous manner.

What sources of information did the PHA use to conduct this analysis? (Check all that apply; all materials must be made available for public inspection.)

- Consolidated Plan of the Jurisdiction/s: State of West Virginia
Indicate year: 1995-1999
- U.S. Census data: the Comprehensive Housing Affordability Strategy (“CHAS”) dataset
- American Housing Survey data
Indicate year:
- Other housing market study
Indicate year:
- Other sources: (list and indicate year of information)

Daily working knowledge of staff and management is a critical element of this component. We must keep current with market conditions and needs in order to keep our units rented.

We anticipate completion of the five new units mentioned earlier in September of this year.

B. Housing Needs of Families on the Public Housing and Section 8 Tenant- Based Assistance Waiting Lists

State the housing needs of the families on the PHA’s waiting list/s. **Complete one table for each type of PHA-wide waiting list administered by the PHA.** PHAs may provide separate tables for site-based or sub-jurisdictional public housing waiting lists at their option.

MINUTES OF PUBLIC MEETING, JUNE 26, 2001

1. PERSONS IN ATTENDANCE:

Rebecca McKinney	Darlene Doss	Linda Houser	Beth Setser	Lyle Weagal	Betty Dotson
Lennie Rhodes	Ruth McCormick	Hollis Lancaster	Evelyn Bell	Ruby Lovejoy	Earnest Haley

Thelma Hager	Pauline Hurst	Julia Johnson	Michele McCormick	Kathy Workman	
Charley Nunley	Howard Sigmon	Charles Raines			

2. MATTERS DISCUSSED:

The meeting was opened by Ms. Johnson, Executive Director, who welcomed everyone and explained the three fold nature of this meeting; ie, to discuss the 2001 Agency Plan, revision of the 2000 Capital Funds Program budget and to discuss recent HUD information on the Resident Survey. Ms. Johnson said that BCHRA had received the highest score in W. Va. in HUD's most recent Performance Evaluations. She said that Section 8 had gotten a perfect score. Public housing had gotten slightly lower on a few minor items. Next Kathy Workman gave an update on Public Housing. She said that there had been no significant policy changes in the most recent year and that the policies that were revised last year and the 2000 and 2001 agency plans were on file in the office if anyone wanted to look at them. The 2001 Agency Plan will be finalized and submitted to HUD tomorrow. Michele McCormick gave an update on Section 8. She explained the updates that effect the Section 8 program and said that the Admin Plan and other policies are on file in the office if anyone wants to look at them.

One Section 8 landlord wanted an update on Lead Based Paint. Ms. McCormick explained the rules and said that they had a list of persons who were licensed to test for LBP. This could be made available upon request. Housing doesn't care who they use, so long as the firm or person is licensed by the state. She thinks that the tests cost about \$300/unit.

Ms. Johnson turned the meeting over to Mr. Raines who explained that the Agency Plan for 2001 was a continuation of the process that was begun last year with a public meeting that was essentially similar to this one. The major item is the revision to the capital grant for 2000. also, the need to include plans for capital improvements at Black Diamond Arbors for the next five years and include all work items in the Agency Plan. This will give Ms. Johnson the latitude to manage her Capital Funds money without going through the public meeting process again and requesting HUD for approval of minor changes; ie, it is our understanding that after HUD approves the Agency Plan, the Housing Authority may move work items from year to year as it deems necessary and as funds permit. He explained that the 2000 Capital Funds Program needs revised because BCHRA has saved money from that budgeted in the last program and HUD approval is needed after the comments generated in this public meeting are addressed. Work items for this grant will come from those deemed most urgent from a draft list of work items that was distributed to all persons who attended the meeting.

Copies of the draft list of work items were distributed to all attendees. Each work item listed was discussed. Mr. Raines explained that the budget estimates were provided by the architect that has worked for BCHRA for several years, from companies who maintain the systems that may need attention in the next five years or from our own internal knowledge. The following comments were generated to the work items and additional work items discussed:

- Bifold doors: The residents like bifold doors better than sliders. The existing doors are hard to operate and take a lot of maintenance.
- Window replacement: The existing windows are hard to open. Residents want the type of window that tilts and is easier to clean.
- Lighting fixtures in units: The residents want ceiling fans in the living rooms. This is included in the list of work items and costs include with the apartment light fixture work item.
- Kitchen cabinet replacement: The need for vanities was discussed. These were added to the kitchen cabinet line item.
- Mr. Raines noted that the PHA fee accountant recommended 20% of the Capital Grant be placed in the 1406 account; Operations, to give flexibility in doing routine maintenance as replacing carpet in units, or cycle painting plus helping to keep reserves at an appropriate level.
- Residents want grocery buggies. BCHRA will try to get these from other than CFP sources. The residents want the type where the front wheels swivel as this type is easier to guide.
- One person wanted to move depressed people to the front of the building. This was not approved as the costs would be prohibitive and not everyone would want to live in the front of the building.
- One resident wanted Mr. Haley to have his own private parking spot next to the front door. He is 101 years old. This was not allowed as there may be other persons less mobile than him that do not have a nearby space. It was mentioned that Mr. Haley had a newspaper article about him the other day that was quite complimentary to a fine gentleman.
- Residents wanted a light in the bedroom. These are being installed in the 2000 Capital CFP with the ceiling fans.
- One person wanted the deck on the end of the building replaced. Charley Nunley said that they watch this very closely and maintain it. They replace boards and other components as needed.

A complete list of all work items is included in the agency plan and in the offices of the BCHRA located in Kathy Workman's office.

After the discussions on the Agency Plan and 2000 CFP revision were completed, Mr. Raines discussed the Resident Survey. He explained that HUD has a new way to evaluate the performance of PHAs. For instance, they have an inspector that comes to look at the physical condition of the property. This is intended to show the property condition at the time of the inspection and not a projection of future needs. If you don't maintain the systems, failure of safety systems will seriously affect the score. No one wants to compromise health or safety. HUD also considers the financial information and management related matters. Another of the instruments in their evaluation is to evaluate comments that are made by residents in the developments owned by PHAs all across the country. HUD calls this a Resident Service and Satisfaction Survey. Residents in public housing developments from New York and Los Angeles and Danville will be sent questionnaires that ask questions about how housing is administered. The questionnaire has five areas of interest to HUD: maintenance and repair, services, communication, safety and development appearance. No one knows who or how many will get the questionnaires. Not everyone will get them. Housing doesn't know who or how many residents will get them or what questions will be asked. The residents who receive the questionnaires are selected at random. If you are selected, you will receive a letter letting you know that you will be getting a questionnaire. The selected persons may get the letter letting you know that you will be getting a questionnaire in August; ie, next month some time. If you get the questionnaire, all Housing asks you to do is be honest and let HUD know what you think. Be candid and honest. Do not put your name on the questionnaire. And return it in a timely manner. It is understood that they will be sending stamped, self addressed envelopes, so there is no cost to complete the survey and return it to HUD. HUD will use the information to evaluate the performance of Boone County Housing. The survey equals 10 of a possible

100 points. Survey results will be five points and marketing the survey and follow up action by Boone County Housing will equal another five points. If you have any questions about the survey, call the following number: 1-888-245-4860. This is a toll free call. The number will be posted on the bulletin board.

Mr. Raines asked if anyone has anything else to discuss. There being none, he turned the meeting over to Ms. Johnson, who thanked everyone for coming and adjourned the meeting. Any additions or corrections, please contact Charles Raines at (304) 345-8377.
