### DECONCENTRATION RULE

1. Objective: The objective of the Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the housing authority is to house no less than 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also the housing authority will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The housing authority will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the housing authority's computer system.
2. Actions: To accomplish the deconcentration goals, the housing authority will take the following actions:
  - A. At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous housing authority fiscal year.
  - B. To accomplish the goals of:
    - (1) Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and
    - (2) Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income, the housing authority's Tenant Selection and Assignment Plan, which is part of this policy, provides for skipping families on the waiting list to accomplish these goals.

### **PROGRESS STATEMENT ON PHA MISSIONS AND GOALS**

The PHA has a goal to reduce vacancies by 2% a year. Over the past year vacancies actually decreased by 9.2%. The PHA is attempting to continue this trend by improving the units with the installation of air conditioning and new ranges and refrigerators with Capital Fund monies to render the units more compatible with private market rentals.

The PHA had a goal to improve the livability, security, energy efficiency, and preserve the physical integrity of the structures with the use of Capital Fund Program funds. The Housing Authority is on schedule in meeting this goal. All program funds in the 2000 Capital Fund Program have been obligated and contracts are nearing completion. The 2001 Capital Fund Program is approximately 75% obligated.

The PHA had a goal to increase the average income of the residency by 2% a year. The actual increase over the past year was 7.5%.

The PHA will continue efforts to achieve the other stated non-quantifiable goals.

The Tenant shall not permit refuse from litter boxes to accumulate nor to become unsightly or unsanitary. Also, the weight of a cat cannot exceed 10 pounds (fully grown) and 20 pounds (fully grown) if the pet is a dog. All other four legged animals are limited to 10 pounds (fully grown).

  4. If the pet is a fish, the aquarium must be twenty gallons or less, and the container must be placed in a safe location in the unit. The Tenant is limited to one container for the fish; however, there is no limit on the number of fish that can be maintained in the container as long as the container is maintained in a safe and non hazardous manner.
  5. If the pet is a cat or dog, it must have received rabies and distemper inoculations or boosters, as applicable. Evidence of inoculations can be provided by a statement/bill from veterinarian or staff of the humane society and must be provided before the execution of this agreement.

It shall be the responsibility of the Tenant to reclaim the pet and at the expense of the Tenant. Also, if a member of the HA staff has to take a pet to the Humane Society, the Tenant will be charged \$50 to cover the expense of taking the pet(s) to the Humane Society.

Any expense to remove and reclaim the pet from any facility will be the responsibility of the Tenant. In the case of an emergency, the HA will work with the resident to allow more than 24 hours for the resident to make accommodations for the pet.
9. Pet(s), as applicable, must be weighed by a veterinarian or staff of the Humane Society. A statement containing the weight of the pet must be provided to the HA prior to the execution of this agreement and upon request by the HA.
