**C. Criteria for Substantial Deviation and Significant Amendments**

**1. Amendment and Deviation Definitions**

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

**A. Substantial Deviation from the 5-year Plan: shall mean any action taken by the PHA that changes or modifies:**

- 1 Rent or admission policies or organization of the waiting list;**
- 2 The Capital Fund Program plane either through the addition or deletion of items or projects from the list of planned activities or change in use of replacement reserves funds under capital funds; and**
- 3 Planned demolition or disposition, designation, homeownership programs or conversion activities.**

**Exceptions. Exception to this definition will be made for any of the above actions that are made to reflect a change in HUD regulatory requirements.**

**B. Significant Amendment or Modification to the Annual Plan: shall mean any action taken by the PHA that changes or modifies:**

- 1 Rent or admission policies or organization of the waiting list;**
- 2 The Capital Fund Program plane either through the addition or deletion of items or projects from the list of planned activities or change in use of replacement reserves funds under capital funds; and**
- 3 Planned demolition or disposition, designation, homeownership programs or conversion activities.**

**Exceptions. Exception to this definition will be made for any of the above actions that are made to reflect a change in HUD regulatory requirements.**

**General.** For the purposes of the 5 Year and Annual Public Housing Agency Plan any substantial deviation or significant amendment or modification to the plans will be subject to the review of the Resident Advisory Board and Full public hearing process requirements.

**Section 2: PHDEP Plan Goals and Budget**

**A. PHDEP Plan Summary**

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

Due to the limited funds available for this small, high performing PHA our preventing program will consist of reimbursement for additional police patrol above the baseline and hiring a program coordinator who will coordinate prevention activities with internal and external sources to meet the overall objectives of this program --- preventing the influx of drug, criminal, and gang activity.

**B. PHDEP Budget Summary**

Enter the total amount of PHDEP funding allocated to each line item.

**C. PHDEP Plan Goals and Activities**

In the tables below, provide information on the PHDEP strategy summarized above by budget line item. Each goal and objective should be numbered sequentially for each budget line item (where applicable). Use as many rows as necessary to list proposed activities (additional rows may be inserted in the tables). PHAs are not required to provide information in shaded boxes. Information provided must be concise — not to exceed two sentences in any column. Tables for line items in which the PHA has no planned goals or activities may be deleted.

## **Required Attachment \_\_\_ G \_\_\_: Progress in Meeting 5 Year Goals**

The long -range scope of the Authority is to improve the facilities and community for all its residents. The Authority plans to make modernization and site improvements for each development as planned in its 5 year capital funds budget. The Authority is continuing its goal of keeping vacancies to a minimum. We have allowed residents to purchase storage buildings for additional storage. The buildings have to be inspected and approved by the Housing Authority before placed on the property. We are currently pursuing approval from HUD for our resident's request for community centers with storm shelter to be built at each site.

The Authority will continue to serve the HA community not only by providing them with decent housing but also by improving the community of its residents.

**Attachment I : DECONCENTRATION**

\_\_\_\_ Yes \_\_\_ X \_\_\_ No Does the PHA have any general occupancy (family) public housing developments covered by the deconcentration rule? If no, this section is complete. If yes, continue to the next question.

\_\_\_\_ Yes \_\_\_ X \_\_\_ No Do any of these covered developments have average incomes above or below 85% to 115% of the average incomes of all such developments? If no, this section is complete.

**DECONCENTRATION POLICY**

**PUBLIC HOUSING:**

In an ongoing effort for The Housing Authority to meet or exceed the laws and regulations regarding its public housing programs, the following Deconcentration Policy has been adopted by the Housing Authority (HA) in order to comply with the Quality Housing and Work Responsibility Act of 1998, Section 513.

**INCOME MIX TARGETING:** To meet the requirements of the Act, and subsequent HUD regulations, at least 40 percent of families admitted to public housing by the HA must have incomes that do not exceed 30% of the area median. If 40% or more of the housing authority units are occupied by families whose incomes do not exceed 30% of the area median income, this requirement shall be considered as being met.

Additionally, to meet this goal, the housing authority will use the provisions of fundability to the extent that the housing authority has provided more than seventy-five percent of newly available vouchers in its Section 8 program, including those resulting from turnover, to very poor families. The number of fungible housing credits used to drop the annual requirement for housing very poor families below 40 percent of the newly available units in public housing is limited to the lowest of the following:

1. The number of unit equivalents to ten (10) percent of the number of newly available vouchers.

- 2. The number of public housing units that (i) are in public housing projects located in census tracts having a poverty rate of 30% or more, and (ii) are made available for occupancy by, and actually occupied in that year by, families other than very poor families, or
- 3. The number of units that cause the housing authority's overall requirement for housing very poor families to drop to 30% of its newly available units.

**PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES:** The HA will not, in meeting this income mix targeting, concentrate very low-income families, or other families with relatively low incomes, in public housing units in certain projects or certain buildings. The Housing Authority will review the income and occupancy characteristics of each project to ensure that a low-income concentration does not occur.

**DECONCENTRATION:** The Housing Authority shall make every effort to deconcentrate families of certain income characteristics within the HA complexes. To achieve this, the Housing Authority may offer incentives for eligible families having higher incomes to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in projects predominantly occupied by eligible families having higher incomes. Incentives by the Housing Authority allow for the eligible family to have the sole discretion in determining whether to accept the incentive and the agency may not take any adverse action toward any eligible family for choosing not to accept these incentives. The skipping of a family on the waiting list to reach another family to implement this Deconcentration Policy shall not be considered an adverse action. As such, the Housing Authority will continue to accept applications and place the individual on a waiting list. Selection will be made based on a combination of the local preferences and an income target mix. Any eligible family who qualifies as a higher income family may accept a dwelling unit assignment and be placed randomly into a vacant housing unit.

The Housing Authority will track the income mix within each project in an effort to avoid a concentration of higher or lower income families in any one project.

Each project has greater than forty (40) percent of the families with thirty (30) percent or less of the median income.

Monitoring will be conducted to confirm that at least forty (40) percent of all leased units will be within thirty (30) percent of median income. The calculations listed above exclude vacant units and were averaged by occupied units.

Efforts through marketing and outreach shall be made to increase the number of families with incomes greater than thirty (30) percent of median income in the projects noted above in order to avoid concentrations of very low-income families in the projects as per the requirements of the QHWA of 1998.
