**Progress in Meeting the 5 -Year Plan Mission and Goals**

Our Mission is: **Topromoteadequateandaffordablehousing,economicopportunityanda suitablelivingenvironmentfreefromdiscrimination.** We have been and will continue to support our mission.

The following describe our goals and objectives and our progress:

Goal One: In HUD's Strategic Goal of increasing the availability of decent, safe and affordable housing, we have attempted to expand the supply of assisted housing. This has been done through vacancy reduction, which was one of four goals last year. Another of four goals was to increase housing choices by making efforts to meet with potential voucher landlords. The West Memphis Housing Authority also runs Earle's Section 8 Program. Once we achieve 95% occupancy, we will apply for additional units. We had a meeting last year with the Property Manager's Association to do just that. In addition, we partner with tax credit individuals. The West Memphis Housing Authority has to sign an agreement with potential tax credit seeking individual to show the commitment from the Authority for increased housing opportunities. We also reached out to Senior Citizens.

The Authority also has a goal of improving the quality of assisted housing. Our objectives were to improve our PHAS and SEMAP scores. Both were improved. We also met our objective of renovating units through the use of four capital funds.

Goal Two: We have a goal to provide an improved living environment in order to meet HUD's Strategic Goal of improving community quality of life and economic vitality. The WMHA has paid for increased police presence. This year's construction also included a card activated security gates system for the residents. We also have asked the City to provide additional site lights in 24-1 and a replanning to add additional security cameras at 24-2. We continue to promote deconcentration and income mixing.

Goal Three: Provide and attract supportive services to improve assistance recipient's employability. We have sought to achieve this goal by having Head Start on site. In addition, we also have the FSS and the Family Learning Center, which is operated by the Mid South Community College, on the WMHA property.

Goal Four: Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion, national origin, sex, familial status, and disability. All of the physical improvements made and programs offered are to all residents equally. Physical improvements, such as the addition of central heat and air, have been added to market our properties as competitively as possible in the community.

### **Resident Membership of the PHA Governing Board**

The WMHA has had a resident serving on the Board, but she has since moved from public housing to Section 8 and now into the private sector. So, currently there is no resident on the board. However, the WMHA will attempt to fill the next Board vacancy with a resident, if possible.

## **DECONCENTRATION RULE**

1. Objective: The objective of the Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families in any one development. The specific objective of the housing authority is to house no less than 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also, the housing authority will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The housing authority will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the housing authority's computer system.
  
2. Actions: To accomplish the deconcentration goals, the housing authority will take the following actions:
  - A. At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous housing authority fiscal year.
  
  - B. To accomplish the goals of:
    - (1) Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and
    - (2) No housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income, the housing authority's Tenant Selection and Assignment Plan, which is a part of this policy, provides for skipping families on the waiting list to accomplish these goals.

Attachment I  
Resident Assessment Follow-Up Plan

Deficiencies were noted in the Survey Communication, Safety and Neighborhood Appearance Sections.

The Communication Section has been addressed by having regular resident meetings at the Senior Citizens Building. Residents are notified of meetings and scheduled work through the delivery of notices by hand. Any policy changes are also hand delivered to the residents. All notices are posted in the lobby of the main office, the post office and the community building office.

Our Safety concerns have been heavily addressed with our Capital Funds. We have provided security window screens and doors, deadbolt locks, extra site lighting and security guards at night. In addition, we have security cameras at Courtyard Estates and just added a card accessed gate for vehicles.

We strive to improve our Neighborhood Appearance by daily picking up debris. We mow the common areas and are repairing damaged sidewalks. We have included in our Agency Plan some money for landscaping.
