ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Annual Plan of the Housing Authority of the City of Greeley (GHA) and Weld County Housing Authority (WCHA) seeks to operate as consortia of agencies. The Housing Authority of the City of Greeley (GHA) will act as the lead agency as approved by the GHA Board of Commissioners and the Weld County Commissioners. The consortia of agencies will allow both agencies to address the lack of affordable housing in Greeley and Weld County.

Public Housing increases the availability of low-income apartment units. The Section 8 programs offer rental assistance to income eligible families. Section 8 Vouchers are portable anywhere in the United States, so program participants are not restricted in their choice where to live. This flexibility addresses the issue of deconcentration of poverty.

The increase in housing costs continue to rise faster than the wages within the Greeley/Weld area creating a growing gap between the two, and a growing need for housing assistance. This situation is not expected to improve in the near future, but is expected to continue to grow. The number of households in Greeley/Weld County is estimated to have increased 28.02% since 1990, and elderly households are estimated to have increased 1.87% since 1990.

This plan will be reviewed and modified on an annual basis to meet the needs of Greeley and all of Weld County as the consolidation of the Housing Authority of the City of Greeley and the Weld County Housing Authority moves forward.

Attachment 1: Admissions Policy for Deconcentration

The admission policy is designed to provide deconcentration of poverty and income mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. Varied income levels are represented in all public housing units due to income mixing practices.

Deconcentration is also addressed by the portability of the Section 8 Vouchers. Section 8 participants are encouraged to find affordable housing in any area which suits their needs. Portability is not discouraged, and is available to every participant.

Landlords from all areas are encouraged to participate in the Section 8 Program. Landlords receive information packets, and are encouraged to meet with staff for additional education regarding the program.

Clients are educated through a briefing, followed by individual meetings. During the initial briefing, participants are encouraged to actively search for housing in person and to present themselves in a positive manner as they meet with landlords. The Occupancy Specialist discusses how to approach landlords, the importance of good references, and general good house keeping practices.

The combination of the established policies, education of clients, and outreach to landlords promotes deconcentration.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The goal of this PDEHP grant is to fight drug activity, and violent behavior through a proactive approach by targeting the youth as well as the adults. This will be accomplished by offering activities and on-going classes which are supervised and support by adults who also serve as role models to the tenants. Learning through GED, literacy, ESL, parenting, and other classes will be expanded through sponsored community activities such as neighborhood unity meetings, bar-b-ques, movie nights in the community center. The program will be organized in cooperation with the Greeley Police Department and Greeley Recreation Department’s Community Outreach Program and staffed by the COPs officers, volunteers, and other available staff as a collaborative effort. The establishment of this program will enable officers and staff to develop better relationships with the kids in the developments, and assist in establishing pride in their neighborhood which in turn will result in lower graffiti, crime, gang and drug activity. A local center will allow the youth and adults to learn in a familiar and safe environment, leading to more involved parenting, better prepared and educated adults, resources for the youth to do better in the school systems, and activities to keep families busy and involved thereby leading to a decrease in the targeted crime activities. Funds will be used to assist in the partial renovation of an existing vacant building on Public Housing property, purchase some computers for a computer lab, purchase books for use in the on-site library, assist with the purchase a home theater system for the sponsored tenant movie nights and community meetings. Instructors from AIMS Community College, Police Officers, Recreation and City staff, and Housing Authority staff will be involved in the many programs, activities and events taking place.

Chapter 10
PET POLICY
[24 CFR 5.309]

INTRODUCTION

PHAs have discretion to decide whether or not to develop policies pertaining to the keeping of pets in public housing units. This Chapter explains the PHA's policies on the keeping of pets and any criteria or standards pertaining to the policy. The rules adopted are reasonably related to the legitimate interest of this PHA to provide a decent, safe and sanitary living environment for all tenants, to protecting and preserving the physical condition of the property, and the financial interest of the PHA.

The purpose of this policy is to establish the PHA's policy and procedures for ownership of pets in elderly and disabled units and to ensure that no applicant or resident is discriminated against regarding admission or continued occupancy because of ownership of pets. It also establishes reasonable rules governing the keeping of common household pets.

Nothing in this policy or the dwelling lease limits or impairs the right of persons with disabilities to own animals that are used to assist them.

ANIMALS THAT ASSIST PERSONS WITH DISABILITIES

Pet rules will not be applied to animals who assist persons with disabilities.

To be excluded from the pet policy, the resident/pet owner must certify:

That there is a person with disabilities in the household;

That the animal has been trained to assist with the specified disability

A. MANAGEMENT APPROVAL OF PETS

All pets must be approved in advance by the PHA management.

The pet owner must submit and enter into a Pet Agreement with the PHA.

Registration of Pets

Pets must be registered with the PHA before they are brought onto the premises. Registration includes certificate signed by a licensed veterinarian or State/local authority that the pet has received all inoculations required by State or local law, and that the pet has no communicable disease(s) and is pest-free.

Registration must be renewed and will be coordinated with the annual recertification date and proof of license and inoculation will be submitted at least 30 days prior to annual reexamination.

Dogs and cats must be spayed or neutered.

Execution of a Pet Agreement with the PHA stating that the tenant acknowledges complete responsibility for the care and cleaning of the pet will be required.

Approval for the keeping of a pet shall not be extended pending the completion of these requirements.

Refusal To Register Pets

The PHA may not refuse to register a pet based on the determination that the pet owner is financially unable to care for the pet. If the PHA refuses to register a pet, a written notification will be sent to the pet owner stating the reason for denial and shall be served in accordance with HUD Notice requirements.

The PHA will refuse to register a pet if:

The pet is not a *common household pet* as defined in this policy;

Keeping the pet would violate any House Pet Rules;

The pet owner fails to provide complete pet registration information, or fails to update the registration annually;

The PHA reasonably determines that the pet owner is unable to keep the pet in compliance with the pet rules and other lease obligations. The pet's temperament and behavior may be considered as a factor in determining the pet owner's ability to comply with provisions of the lease.

The notice of refusal may be combined with a notice of a pet violation.

A resident who cares for another resident's pet must notify the PHA and agree to abide by all of the pet rules in writing.

B. STANDARDS FOR PETS

Pet rules will not be applied to animals who assist persons with disabilities.

Persons With Disabilities

To be excluded from the pet policy, the resident/pet owner must certify:

That there is a person with disabilities in the household;

That the animal has been trained to assist with the specified disability; and

That the animal actually assists the person with the disability.

Tenants with animals must pay a pet deposit.

The resident/pet owner shall be required to pay a refundable deposit for the purpose of defraying all reasonable costs directly attributable to the presence of a dog or cat.

The PHA reserves the right to change or increase the required deposit by amendment to these rules.

The PHA will refund the Pet Deposit to the tenant, less any damage caused by the pet to the dwelling unit, upon removal of the pet or the owner from the unit.

The PHA will return the Pet Deposit to the former tenant or to the person designated by the former tenant in the event of the former tenant's incapacitation or death.

The PHA will provide the tenant or designee identified above with a written list of any charges against the pet deposit. If the tenant disagrees with the amount charged to the pet deposit, the PHA will provide a meeting to discuss the charges.

All reasonable expenses incurred by the PHA as a result of damages directly attributable to the presence of the pet in the project will be the responsibility of the resident, including:

The cost of repairs and replacements to the dwelling unit;

Fumigation of the dwelling unit.

If the tenant is in occupancy when such costs occur, the tenant shall be billed for such costs as a current charge.

If such expenses occur as the result of a move-out inspection, they will be deducted from the pet deposit. The resident will be billed for any amount which exceeds the pet deposit.

The expense of flea deinfestation shall be the responsibility of the resident.

Resident Advisory Board - Appointed

Resident Assessment Survey Follow-up Plan

Attachment

The overall survey score for the Greeley Housing Authority is lower than expected by management and employees. The individual development scores show a slight disparity in responses. The development with the lowest scores is also the complex where the Public Housing Manager resides. The follow-up plan addresses the overall scores of each required subject, and not of the individual developments.

MAINTENANCE AND REPAIR

The survey indicated the residents were dissatisfied with Emergency work order response, and the ease of submitting work orders. The Greeley Housing Authority has not received complaints in regard to quality of work or completion time of maintenance.

The Greeley Housing Authority averages 7 emergency work orders per year. The work orders have been completed and closed within the 24-hour deadline issued by HUD. The Public Housing Manager and Maintenance Workers will be working with tenants to educate them on the definition of an Emergency work order, and how the work orders are prioritized.

Tenants have the option of requesting in person at the main administrative offices a work order, to fax a work order, or to call either of two numbers to request maintenance. The Greeley Housing Authority offers a 24-hour phone line for work orders and emergencies. The Greeley Housing Authority will create a tool for tenants to submit work orders via the Internet to try to make submitting work orders easier for tenants.

COMMUNICATION

All communications with the residents for purposes of sharing general information has been conducted in several ways; bi-lingual notices are mailed directly to tenants or posted individually on tenant doors, bi-lingual posters are posted in the common areas, a monthly neighborhood unity meetings are held, and occasionally picnics are hosted to share information with the tenants in a social setting. Currently there is no resident organization. All residents have been invited to participate in the Resident Advisory Board. Few have taken advantage of this opportunity. A web site has been designed for information dissemination. The Greeley Housing Authority will try a monthly newsletter to residents.

SAFETY

The City of Greeley has experienced a rise in crime and gang activity over the last few years. The Housing Authority is working with the beat officers as well as the Captains, Chief, and Mayor to address crime in and around the city and especially around Public Housing areas.

The Greeley Housing Authority has been aggressive in reporting suspicious activity to the appropriate law enforcement agency. The Housing Authority in cooperation with the Police Department, Drug Task Force, and Gang Task Force has also been aggressive in pursuing evictions for criminal activity.

Safety of resident is being addressed with several pro-active steps. The Housing Authority has received PHDEP funds to assist in this endeavor. The PHDEP grant is being used to install cameras, and start a Community Outreach Policing program outreach center with pro-active programs. The Housing Authority is researching the issue of lighting by requesting from the city government the ability to replace the yellow, low light, sulfur bulbs with white light at various developments. The COP's officers have offered a neighborhood crime watch to the development, but not enough tenant were interested in the program, so it is not able to be pursued until more interest is generated.

NEIGHBORHOOD APPEARANCE

The Greeley Housing Authority has an aggressive graffiti removal program. The City of Greeley also offers an aggressive removal program. Citizens are able to report graffiti to the city hotline for removal within 24 hours of the report. Tenants are able to report to the Housing Authority by phone, or in person, any graffiti. Physical inspections of all developments are done on a regular basis.

Maintenance workers and Resident Managers will make daily rounds on development grounds and pick up any litter or garbage. Management will educate tenants on proper garbage disposal procedures and enlist their assistance in keeping the grounds clean.
