[24 CFR Part 903.5]

**A. Mission**

State the PHA's mission for serving the needs of low-income, very low income, and extremely low-income families in the PHA's jurisdiction. (select one of the choices below)

- The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.
  
- The PHA's mission is: "Serve the special housing needs of Montrose County"

**B. Goals**

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, **PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS.** (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

**HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.**

- PHA Goal: Expand the supply of assisted housing  
Objectives:
  - Apply for additional rental vouchers: *Additional 48 vouchers during the next 5 years in order to match the 13% growth in area populations since 1996. We typically rent as many as HUD makes available.*
  - Reduce public housing vacancies:
  - Leverage private or other public funds to create additional housing opportunities:
  - Acquire or build units or developments
  - Other (list below)
  
- PHA Goal: Improve the quality of assisted housing  
Objectives:
  - Improve public housing management: (PHAS score)
  - Improve voucher management: (SEMAP score) (*Never been scored*)
  - Increase customer satisfaction:

*Increase the number of annual contacts with customers from two annually to three*

- Concentrate on efforts to improve specific management functions:  
(list; e.g., public housing finance; voucher unit inspections)
- Renovate or modernize public housing units:
- Demolish or dispose of obsolete public housing:
- Provide replacement public housing:
- Provide replacement vouchers:
- Other: (list below)

PHA Goal: Increase assisted housing choices

Objectives:

- Provide voucher mobility counseling: *(We do this already)*
- Conduct outreach efforts to potential voucher landlords
- Increase voucher payment standards
- Implement voucher homeownership program: *This is a new goal for us since it has just recently been introduced by HUD. However, we are getting a lot of inquiries about home ownership versus home rental and are working with the local CHDO that has the "Road" program already in place.*
- Implement public housing or other homeownership programs:
- Implement public housing site-based waiting lists:
- Convert public housing to vouchers:
- Other: (list below)

**HUD Strategic Goal: Improve community quality of life and economic vitality**

PHA Goal: Provide an improved living environment

Objectives:

- Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments:  
*We have implemented a plan whereby low income housing is scattered throughout the community rather than concentrated in a single area and we are reducing poverty by better utilization of federal tax dollars by incorporating the use of our 72-bed dormitory for use as a homeless shelter.*
- Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments:
- Implement public housing security improvements:

- Designate developments or buildings for particular resident groups (elderly, persons with disabilities)
- Other: (list below) Improve the efficiency for handling homelessness in Montrose County and at our 72-bed Dormitory

**HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals**

- PHA Goal: Promote self-sufficiency and asset development of assisted households  
Objectives:
  - Increase the number and percentage of employed persons in assisted families: *Currently our caseload is 25, and we hope to increase that over the next 5 years to approximately 40.*
  - Provide or attract supportive services to improve assistance recipients' employability: *We work with the department of Social Services in doing job training and preparing students for the workplace.*
  - Provide or attract supportive services to increase independence for the elderly or families with disabilities.
  - Other: (list below)

**HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans**

- PHA Goal: Ensure equal opportunity and affirmatively further fair housing  
Objectives:
  - Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability: *We have never had ethnic problems at our housing authority and we have enacted policies prohibiting such activity. We have also done a lot of cross-cultural hiring which minimizes future problems.*
  - Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disability:
  - Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required:
  - Other: (list below)

**Other PHA Goals and Objectives: (list below)**

- Administering Section 8 Only**

**ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

*Our 2002 Plan is similar to the plan we submitted in 2001. Although growth has actually stabilized on the Western Slope of Colorado, the need for affordable housing has not. There is increased pressure from the economy due to the events of September 11<sup>th</sup> and that economic activity has put additional pressure on families struggling to find decent employment and still meet the regulatory requirements associated with welfare-to-work legislation. Rents are still very high in our area and it causes more and more individuals to fall into the low and very low income brackets.*

*Our FSS program lagged somewhat in 2001 and so we contracted to have outside program assistance from the Training Advantage. They have a good track record in the State of Colorado and we plan to continue to use them throughout the year 2002 for case management. This is a departure from the way we had been operating the FSS Program with in-house staff.*

*We met all our capital requirements in 2001 with the construction of the Child Quest Kitchen / Lunchroom Project. This project was badly needed and was well received by Governor Bill Owens in October at the open house. We have altered our plan to construct the 8-unit apartment building in Montrose – a plan we had been working on with the City of Montrose. Instead we are now preparing to enter an agreement with the City of Montrose to purchase the Barbara Court Apartments in Montrose, a 24-unit affordable housing project. The City has consented that this would be a better*

*use of the \$500,000 grant they received for developing affordable housing. We hope to close on that contract by April 2002.*

## **1. Statement of Housing Needs**

[24 CFR Part 903.7 9 (a)]

*The needs in Montrose County for affordable housing are expected to continue to grow at a rate equal to or greater than the growth in population in 2001. There are signs of a slowdown in the economy both nationally and locally, especially with the events that took place at the World Trade Center in New York. Natural gas prices have stabilized and are expected to remain fairly static for the year 2002 but we will likely conduct a utility fee study to determine whether or not we need to adjust the utility allowance in 2002. The fear of housing authorities is that with the already high rents, high utility costs will push families over the economic edge financially.*

*Still, our most obvious need for low-income housing comes from single parents and elderly. They make up the majority of our waiting lists. Montrose County has recently*

formed a Montrose County Housing Task Force whose primary responsibility for the year 2001 was to identify all significant countywide housing needs. They did a great job and accomplished their goal. They were successful in talking both the county and the city of Montrose into a joint agreement to finance the matching funds required to conduct a housing needs study. The results will be used to guide the housing authority, the CHDO, and both government entities in allocating housing financial resources in the most productive manner in the future.

Section 8 Housing Choice Vouchers are the backbone of our operations and that program as designed, has had the most lasting benefit to low-income families throughout the housing authority's history. We hope to work to increase the number of units available. We also need to continue to provide emergency assistance for homelessness and support programs that help individuals move toward permanent self-sufficiency. Every year we have faced increased demand for ESG (Emergency Shelter Grant) funds and it is getting more difficult to provide the matching funds that the State of Colorado requires.

**A. Housing Needs of Families in the Jurisdiction/s Served by the PHA**

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

**C. Goal for Addressing Needs**

Provide a brief description of the PHA's Goal for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this Goal.

*Our goal for addressing the needs of families in our jurisdiction will continue being met largely through our administration of the HUD Section 8 Rental Assistance*

*Program. Our goals for 2002 will include formulating a revised plan based on the outcome of the needs assessment study that will begin early in the year. Another 2002 goal is to acquire the 24-unit Barbara Court Apartment Complex, remodel the units as necessary, and add two handicap accessible units. That project will ensure long-term stability for 24 families for many years to come.*

*Our goal for the FSS Program is to increase the number of people currently enrolled in FSS and work closely with the Training Advantage to maximize the benefit to enrollees. We believe that, administered properly, the FSS program can be the most effective tool in helping area families help themselves.*

*Computers are needed. Some of the members are attending classes and need a computer for homework; some would like to start a small business; some have no computer skills and need to learn these skills in order to compete successfully for jobs. The Training Advantage has advertised for computers and the response has been very good. They now have five computers in their office and seven more promised (by the City of Montrose).*

*Members would like to know how to go about buying a home when their escrow accumulates to the point that this is feasible. They also want to know about Habitat for Humanity homes. TTA has arranged for a rep from Habitat for Humanity to speak at a meeting and will work with local realtors to get the information the members may need.*

*Many members are already involved in operating a small business and others are interested in going this route. This can be viable, but is not easy. TTA is working with the Easter Seals RESEED project, with Voc-Rehab, and with Small Business Solutions on this. We could certainly use more help with this issue.*

*Transportation is a big problem for some members who have no car and, in some cases, no driver's license. Available jobs are often limited by this problem. The members have asked about the possibility of some sort of public transit.*

*A couple of members have mentioned that they are unhappy with the accessibility of their escrow funds. Apparently they have requested the funds in writing but feel it has taken too long to obtain them (for car repairs, etc.)*

3. In what manner did the PHA address those comments? (select all that apply)

Considered comments, but determined that no changes to the PHA Plan were necessary.

The PHA changed portions of the PHA Plan in response to comments  
List changes below:
