**Brief Statement of Progress in Meeting 5 – Year Plan Mission and Goals:**

The Department of Social Services has increased its efforts to make decent, safe and affordable housing more available by applying for and receiving new Section 8 vouchers. The most recent awards of 75 Mainstream vouchers for Persons with Disabilities and 200 housing choice vouchers under the Rental Assistance For Non-Elderly Persons with Disabilities Related to Certain Types of Section 8 Project-Based Developments and Section 202, 221 (d)(3) and 236 Developments, will be applied towards increasing the state’s ability to provide more housing opportunities to the disabled.

DSS has entered into a Memorandum of Understanding with several state agencies in support a statewide initiative to increase service-supported, affordable housing for people affected by mental illness or chemical dependency who are facing homelessness. DSS will devote 200 vouchers to project-based programs developed as part of this initiative.

A rent study was done for towns surrounding several large cities that enabled the department to increase payment standards for the State Rental Assistance Programs. An expanded study has been started which will collect data from every city and town in the state for analysis.

The Department’s new housing subsidy contractor has successfully leased the 1,489 Welfare to Work vouchers, and is actively recruiting them to participate in the Family Self Sufficiency Program. DSS has begun work on contracts with three mobility counseling agencies to provide services to our clients throughout the state.

DSS has signed contracts with three Mobility Counseling Agencies to assist the department in its deconcentration efforts. The agencies are located in the state’s three largest cities and work with the voucher holders to move from areas of high minority/poverty concentration.

**Attachment to PHA Plan for Fiscal Year 2002**

PHA Name: State of Connecticut Department of Social Services

PHA Number: CT901

PHA Fiscal Year Beginning: 7/02

**Section 8 Project-Based Assistance Program**

The PHA has established a Project-based assistance (PBA) program, using 200 of the PHA's existing 3,388 units of tenant-based, non-special purpose Section 8 Housing Choice Vouchers (HCVs) or a combination of non-special purpose HCVs and vouchers awarded under Section 8 Rental Assistance for Non-Elderly Persons with Disabilities Related to Certain Types of Developments and Sections 202, 221(c)(3) and 236 Developments. This initial offering of PBA subsidies is designed to advance the production of service-supported permanent housing through the Supportive Housing Pilots Initiative. The Pilots Initiative is a State-sponsored, interagency effort of five agencies (CT Department of Social Services, the CT Department of Mental Health and Addiction Services, the CT Department of Economic and Community Development, the Connecticut Housing Finance Authority, and the Office of Policy and Management), working in collaboration with the Corporation for Supportive Housing, philanthropy, and the nonprofit community. The purpose of the Pilots Initiative is the creation of service-supported, affordable housing opportunities for people affected by mental illness or chemical dependency who are homeless or at risk of homelessness, and for other persons with low incomes. The program is aimed at achieving reductions in homelessness, improved health outcomes, and stronger communities.

The PBA program attaches the rent subsidy to a specific development or certain apartments in a development. If the tenant moves out, the subsidy stays with the apartment. However, if the tenant moves after having lived in the apartment in good standing for at least 12 months, the PHA will issue the family a tenant-based voucher to use elsewhere.

The goals of the PHA's PBA program are consistent with and will further the goals of the PHA's Agency Plan. The goals include:

- expanding the supply of decent, safe and affordable housing throughout the state;
- increasing assisted housing choices for people in need of service-supported housing;
- promoting the self-sufficiency of assisted households, including families at or below 30% of AMI, families that are homeless or at risk of homelessness, and families with disabilities;

- integrating housing and supportive services such as case management, employment services, and social supports to help families achieve stability and self-reliance and to expand the economic opportunities of assisted families;
- leveraging private and other public funds for the creation of additional housing opportunities; and
- coordinating PHA efforts with those of other public, semi-public and nonprofit agencies with compatible missions.

The PBA program enables the expansion of affordable supportive housing options, which are in extremely short supply in all regions of the state, including urban, suburban and rural communities. The goals of the PBA program are consistent with the State of Connecticut Consolidated Plan, which calls for increasing the number of permanent supportive housing opportunities available to homeless households, particularly those with special needs. The PBA program complements the PHA's larger Section 8 tenant-based assistance program, which provides affordability for existing apartment units not linked to supportive services.

The PBA vouchers will be available to newly developed supportive housing programs within the state of Connecticut, receiving capital financing from the Connecticut Housing Finance Authority (CHFA) and service funding from the Department of Mental Health and Addiction Services (DMHAS) through the Supportive Housing Pilots Initiative. The PHA will use these vouchers to complement those that local project sponsors may be able to obtain through HUD's Continuum of Care homeless assistance programs. In many areas of Connecticut, Continuum of Care rental assistance for new projects is in short supply due to intense competition for funding for renewals and inadequate funding to meet local needs.

The PHA has not identified specific census tracts where PBA should be located to allow it to respond to future development opportunities and to allow a reasonable choice of buildings or projects to be provided PBA vouchers when the PHA solicits applications. The PHA will seek to site PBA where it is most needed to meet the service needs of vulnerable families and to have the greatest impact on reducing homelessness in the state.

The projects to receive PBA will be selected through a request for proposals (RFP), issued in conjunction with the Connecticut Housing Finance Authority (CHFA), under the Supportive Housing Pilots Initiative. CHFA will be soliciting applications for construction and permanent financing of new supportive housing projects that will serve families with extremely and very low incomes and families with disabilities, including families who are homeless or at risk of homelessness. . The State's intent is to provide a integrated, timely, and efficient review process for the provision of capital financing and PBA under the Pilots Initiative through the use of consistent underwriting criteria and a single application process. For this reason, the PHA will rely on CHFA for intake of RFP submissions and for the review and approval of applications for all factors relating to housing finance and development. The PHA will rely on DMHAS for approval of project service plans. The RFP will be issued by the PHA and CHFA prior to July 1, 2002.

In addition to the RFP, the PHA will also advertise in accordance with HUD PBA regulations. The PHA will advertise the availability of its 200 PBA units through the CHFA/DSS RFP in selected newspapers of general circulation. The advertisement will be published once a week for three consecutive weeks; will specify the application deadline (the PHA anticipates accepting applications on a continuous basis until all PBA subsidy units are committed); will state that only applications submitted in response to the RFP will be considered; and will direct interested parties to the Department of Social Services and to CHFA (and its web site) for a copy of the RFP, which will include the selection criteria.

The PHA will use the following criteria for approving applications under the PBA program:

1. Documented need for the proposed type of supportive housing in the proposed geographic area.
2. Proposed housing requires a capital investment indicated by a capital needs assessment or analysis to be necessary to provide housing appropriate to the needs of the supportive housing program and sufficient to ensure the long term physical and financial viability of the property for its planned use.
3. Proposed development integrates the housing with tenant support and self-sufficiency services (such as case management; job readiness, placement, training or retention supports; training in independent living skills; and social rehabilitation, peer mentoring or peer supports) that are designed to meet the needs of the projected tenancy. The applicant must demonstrate a cash commitment of service funding from DMHAS that will be managed by a financially sound, competent service provider.
4. Relationship of the proposed development to public transportation, community services, shopping and recreation.
5. Compatibility of the proposed development with the surrounding neighborhood in size, scale and configuration.
6. Experience of the applicant in developing and managing affordable housing and experience of the service provider in providing support services of the type proposed.
7. Demonstrated ability and capacity of the applicant to proceed expeditiously with the proposed development.
8. Extent to which the project has been developed as the result of a cooperative agreement or arrangement among public, semi-public or nonprofit agencies or organizations. The PBA vouchers in this offering are intended to work in

tandem with service funding conditionally awarded by DMHAS in May 2000 through its Pilots Request for Qualifications (RFQ). For this reason, organizations that were selected through the DMHAS RFQ to receive the service funding (and their development partners) have priority access to the PBA vouchers available through the RFP, provided the organization has not already entered into a contract with DMHAS for the services that they propose to link to the newly developed housing, and provided the project is otherwise eligible for capital financing through CHFA under the Pilots Initiative.

9. Financial feasibility of the project and likelihood for capital financing.
10. Extent to which the project contributes to the geographic distribution of affordable housing throughout the state.
11. Extent to which the project leverages State, private and other federal funds.
12. Extent to which the project provides for units that are handicap accessible.

PBA is limited to 25% of the units in multi-family buildings (5+units). However, projects may receive PBA in excess of 25% of total project units in developments specifically for elderly and/or disabled residents and in supportive housing developments where the assisted units will be occupied by Section 8-eligible families that have access to the support services available through the supportive housing program.

### **REQUEST FOR PROPOSALS**

### **STATE OF CONNECTICUT DEPARTMENT OF SOCIAL SERVICES SECTION 8 PROJECT-BASED RENTAL ASSISTANCE PROGRAM**

The State of Connecticut Department of Social Services (PHA) announces the availability of its Section 8 Project-Based Rental Assistance Program. The PHA wishes to improve the existing rental housing stock and increase the supply of affordable, service-supported rental housing available to very low income households. Proposals will be accepted from owners, developers or other ownership teams who agree to rehabilitate or construct dwelling units for occupancy by tenants eligible for Section 8 rental assistance.

This initial offering of PBA subsidies is designed to advance the production of service-supported permanent housing through the Supportive Housing Pilots Initiative. The purpose of the Pilots Initiative is the creation of service-supported, affordable housing opportunities for people affected by mental illness or chemical dependency who are homeless or at risk of homelessness, and for other persons with low incomes. The PBA vouchers will be available to newly developed supportive housing programs within the state of Connecticut receiving capital financing from the Connecticut Housing Finance Authority (CHFA) and service funding from the Department of Mental Health and Addiction Services (DMHAS) through the Supportive Housing Pilots Initiative. Organizations that have been selected by DMHAS to receive the Pilots service funding (and their development partners) have priority access to the PBA vouchers available through the RFP, provided the organization has not already entered into a contract with DMHAS for the services that they propose to link to the newly developed housing, and provided the project is otherwise eligible for capital financing through CHFA under the Pilots Initiative

Upon acceptance and approval of the proposal and completion of the construction or rehabilitation, the PHA will provide rental assistance to eligible Section 8 applicants who agree to live in the rehabilitated or newly built units. Financing for the construction or rehabilitation of the dwelling units must be arranged independently, as such funds are not available through the PHA. The property must be located in the state of Connecticut.

PHA goals for the program include expanding the supply of decent, safe and affordable housing throughout the state; increasing assisted housing choices for people in need of service-supported housing; promoting the self-sufficiency of assisted households, including people at or below 30% of area median income, people who are homeless or at risk of homelessness, and people with disabilities; integrating housing and supportive services such as case management, employment services, and social supports to help assisted households achieve stability and self-reliance; and promoting the coordination and leveraging of resources.

The PHA, through this RFP, does not promise to accept any proposals and specifically reserves the right to reject any or all proposals, to waive any formal proposal requirements, to investigate the qualification and experience of any proposer, to reject provisions in any proposal, or to obtain new proposals. Proposals that do not meet basic program requirements or which are not sufficiently detailed or in acceptable form may be returned for completion or rejected by the PHA.

You can obtain a cop of the RFP by contacting {contact person} at {phone number} or via e-mail at {email address}. Submissions will be accepted on a continuous basis until Program subsidies are fully committed.
