[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

**Executive Summary**

**Overview**

*Since the passage of the National Housing Act in 1934, no legislation has impacted the administrative functions of HUD and Public Housing Agencies (PHAs) more than the **Quality Housing and Work Responsibility Act of 1998 (1998 Act) October 21, 1998**. The 1998 Act, attached to FFY-1999 Appropriations Bill, dramatically and permanently amends the laws governing the administration of the public housing and Section 8 programs.*

The focus of the 2020 Management Reform Plan is to prepare HUD to move into the 21<sup>st</sup> Century as a modernized and revitalized Department with restored public trust and adequate performance-based systems for its programs, operations and employees. Likewise, through the implementation of the 1998 Act, PHAs are required to assess management and operational practices and develop a plan that will ensure that the PHAs meet established goals and objectives. The Agency Plan combines the Five-Year Plan and the Annual Plan.

*Purpose and Structure of the Agency Plan*

The purpose of the Agency Plan is to empower and equip the PHA to exercise optimum flexibility in meeting local housing needs within the community while also meeting its own needs. The Agency Plan contains a FY-2002– FY2006 Five-Year Plan that includes the Authority's mission and long-range goals and objectives. The FY2002 Annual Plan addresses the Authority's immediate operations, current policies, program participants, programs and services, and the PHA's strategy for handling operational concerns, resident concerns and needs, and programs and services for the upcoming fiscal year. The Agency Plan outlines the PHA's efforts in meeting the needs of the low, very-low and extremely low-income population in its community and effectively serves as a management, operational and accountability tool for the PHA.

Preliminary planning sessions were conducted with the Authority's residents, Resident Advisory Board, community leaders and organizations, and State and local authorities during the development of the Agency Plan to ensure that the needs of the residents and community are addressed in the Agency Plan. The Agency Plan is consistent with the Consolidated Plan CHAS.

## **ANNUAL PLAN CONTENTS**

The Authority will use this Agency Plan as a tool for accomplishing its mission of becoming a leader in the industry.

The following is a summary of its contents:

- Ø The Plan provides a comprehensive assessment of the housing needs within the community. At this time, it appears that the Authority is meeting the low-income housing needs, however, we will monitor the need through annual updates of this Plan.
- Ø The Plan includes a summary of the Authority's planned financial resources and planned uses of those funds. This presented in table form for electronic submission to HUD.
- Ø All admissions and continued occupancy policies as well as rent determination policies and procedures have been reviewed and updated in accordance with the QHWRA of 1998 and subsequent rules. The Authority's Admissions and Continued Occupancy Policy is included in the Plan and contains detailed descriptions of all Public Housing Policies.
- Ø The Operations and Management section of the Plan provides a brief description of the Authority's organizational structure, programs under management and includes all administrative and maintenance policies.
- Ø The Authority's Grievance Policy and Procedure is included in the Plan.
- Ø The Authority's Capitol Fund Annual Statement and Five-Year Action Plan is provided. The Authority has no plans at this time to apply for a HOPE VI revitalization grant

- Ø The Housing Authority is not currently considering any demolition, development of replacement units, designation of their current housing stock as elderly or disabled, conversion of units or participation in a homeownership program.
- > . The Authority does not have a formal cooperation agreement with their local welfare office; however, there is daily communication between agencies. All policies and procedures relative to Welfare Benefit Reduction are included in the ACOP.
  - > the Pet Policy and Procedure is included in the Plan.
- > The Authority does not currently have any asset management plans, however, all other documentation and certifications are included as required by the QHWRA.

#### Deconcentration Policy

##### I. \_\_\_\_\_

The Quality Housing and Work Responsibility Act of 1998 (QHRWA) requires that the Authority adopt policies and procedures governing the deconcentration of very low-income families and income mixing as required by section 10(a)(3)(B) of the 1937 Housing Act. To implement this requirement, the Authority will compare the relative incomes of each development occupied predominantly by families with children. A development with more than 50% of its occupants being families with children shall be considered to fall under this policy.

The goal of this policy is to create mixed-income communities and lessen the concentration of very low-income families within the Authority's public housing developments through admissions practices designed to bring higher income tenants into lower income developments and lower income tenants into higher income developments.

The Deconcentration Policy is intended to work in conjunction with the Authority's annual income targeting requirements that require that 40% of all new admissions to public housing developments during a fiscal year must be residents whose household income, at the time of admission, is equal to or lower than 30% of the Area Median Income. This income targeting requirement is separate from the Deconcentration Policy, which is comparative in nature.

##### II. DEFINITIONS

The following definitions are provided in order to clearly define the affected developments and families under this Deconcentration Policy.

PHA-Wide Average Household Income: The average annual household income of all residents of all developments with more than 50% of its occupants being families with children.

Development Average Household Income: The average annual household income of all residents of a specific development with more than 50% of its occupants being families with children.

Higher Income Development: A development where the Development Average Household Income is greater than 120% of the PHA-Wide Average Household Income.

Lower Income Development: A development where the Development Average Household Income is less than 80% of the PHA-Wide Average Household Income.

Higher Income Family: A family whose annual household income is greater than 120% of the PHA-Wide Average Household Income.

Lower Income Family: A family whose annual household income is less than 80% of the PHA-Wide Average Household Income.

### III. TESTING

*In order to achieve and maintain deconcentration, the Authority will calculate the PHA-Wide Average Household Income for all developments with 50% or more of its occupants being families with children on at least an annual basis. At the same time, the Authority will calculate the Development Average Household Income for each development with 50% or more of its occupants being families with children. The results shall be documented as follows:*

- A. If the Development Average Household Income for a particular development is greater than 120% of the PHA-Wide Average Household Income, then that development shall be identified as a High-Income Development.
- B. If the Development Average Household Income for a particular development is less than 80% of the PHA-Wide Average Household Income, then that development shall be identified as a Low-Income Development.

*Testing can be run more frequently to determine the effectiveness of various initiatives employed to achieve deconcentration.*

### II. CORRECTIVE ACTION

Once a development has been identified as a High-Income Development or a Low-Income Development, the Authority will define and communicate specific procedures to be employed with the goal of achieving deconcentration. It is the goal of the Authority to generally increase the level of income for residents of public housing, create more stratified developments, and obtain agency self-sufficiency; therefore, the Deconcentration Policy shall not be employed to be counterproductive to that goal. In addition, the policy will, under no circumstances, be employed through steering or in any way reducing the choice in residence of the individual family.

*In order to correct a concentrated development, the Authority will, to the greatest extent possible, provide incentives to promote a Lower-Income Family to select a Higher-Income Development and to promote a Higher-Income Family to select a Lower-Income Development.*

Procedures to be employed in the development of a corrective action plan may include:

- A. Incentives to select particular developments.
- B. Payment Plans for deposits.
- C. Flexibility in move-in dates.

Since it is impossible to design a policy that will address every scenario, the Authority will, upon the identification of a need to deconcentrate, develop a specific Action Plan that will be included in the Annual Plan update.

#### **A. Statement of Progress for 5-Year Plan**

One of the main goals of the Housing Authority's Five-Year Agency Plan is to improve roadways, sidewalks and supply community recreation services to all residents. The Stuart Housing Authority has been working with City officials on these objectives. The Housing Authority is also working on an ongoing process to complete goals one, three and four as stated in the FY 2001 Five-Year Agency Plan.

The Vice-Mayor is Gene C. Rifkin.

## **C. Membership of the Resident Advisory Board**

## **D. “Substantial Deviation” and “Significant Amendment or Modification”**

*The Code of Federal Regulations (CFR) at 24 CFR Part 903 Section 7, Public Housing Agency Plans; Final Rule issued on October 21, 1999 is very specific with respect to the information a PHA must provide in its Agency Plan. Part 903 Section 7(2) states that a PHA must identify the basic criteria the PHA will use for determining:*

- a substantial deviation from its Five-Year Plan; and
- a significant amendment or modification to its Five-Year Plan and Annual Plan.

Notice PIH 99-51 states that PHAs must define the terms “Substantial Deviation and “Significant Amendment or Modification” by stating the basic criteria for such definitions in an annual plan that as met full public process and Resident Advisory Board review.

HUD considers the following actions to be Significant Amendments or Modifications:

- Changes to rent or admissions policies or organization of the waiting list;
- Additions of non-emergency work items (items not included in the current Annual Statement or Five-Year Action Plan) or change in use of replacement reserve funds under the Capital Fund;
- Additions of new activities not included in the current PHDEP Plan; and
- Any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

Any substantial deviation from the Mission Statement and/or Goals and Objectives presented in the Five-Year Plan that cause changes in the services provided to residents or significant changes to the Agency’s financial situation will be documented in subsequent Agency Plans.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by HUD.
