## **Housing Authority of the City of Deerfield Beach, Florida Deconcentration and Income Mixing in Public Housing Policy**

Pursuant to and in conformity with Section 513 of the Quality Housing and Work Responsibility Act of 1998, which amends Section 16 of the Housing Act of 1937. These policy changes shall reflect the requirements for HUD's deconcentration provisions.

The Deerfield Beach Housing Authority (hereinafter referred to as (DBHA) has two (2) public housing developments. Our Family development (hereinafter referred to as Stanley Terrace Apartments) consist of two (2) and three (3) bedroom units and our elderly/ disable development (hereinafter referred to as the Palms of Deerfield) consist of efficiency (0) and one (1) bedroom units. The DBHA waiting lists is site based because each development housing needs are different and are consistent with all civil rights and fair housing laws.

The median income for DBHA's housing development is ten thousand, two hundred and sixty-three dollars (\$10,263). According to the U.S. 1990 census data the median income for residents in the housing authority's census tract is twenty-two thousand dollars (\$22,000) and twenty-seven thousand dollars (\$27,000) annually citywide. This indicates that there is a significant disparity of income among our public housing residents and the surrounding community. The DBHA reserve it's right to skip over families on the waiting list based on income. Such skipping shall be uniformly applied, whenever necessary and will effectively meet the statues requirements. No exact quotas will be used in order to secure deconcentration levels. **However, the DBHA acknowledges its legal responsibility under Section 16 of the USHA with respect to income targeting, which directs that for each fiscal year at least 40% of families admitted to public housing by the DBHA must have incomes that do not exceed 30% of the area median. Other admissions must be at or below 80% of the area median.** To the extend the DBHA exceeds the income target in the tenant based program (Section 8) by up to 10% of the program size, the DBHA may admit that many fewer than 40% (but no less than 30%) of new public housing families at or below the area median.

As an additional policy to achieve the goals of deconcentration and income mixing the DBHA adopts a ceiling rent in accordance with QHWRA subsection 519 9d) for both of its public housing projects. For the Palms of Deerfield the ceiling rent for efficiency (0) is \$325 and one (1) bedroom is \$425. For Stanley Terrace Apartments the ceiling rent for two (2) bedroom is \$525per month and 4625per month for three (3) bedrooms.

In addition to the above rent incentives and skipping of families on the public Housing waiting lists, the policy of a working preference is retained and the addition of appropriate affirmative marketing efforts shall be made to further the goal of deconcentration.

The foregoing changes have been approved while taking into account while taking into account current tenant populations and housing authority resources. In implementation of these changes the DBHA acknowledges its duty to ensure compliance with all applicable non-discrimination requirements,

**Subject: Deerfield Housing Authority (DHA) (New) Designated Housing Plan  
Requesting that the Palms of Deerfield be designated as Elderly Only  
Families.**

- (1) In support of the Plan, how many Section 8 Housing Choice vouchers does the DBHA intend to apply for, or has applied for the non-designated persons who are on the waiting list and who currently reside in the designated units?**

The Deerfield Beach Housing Authority will apply for fifty-two (52) Housing Choice voucher for the non-designated persons who currently reside at the Palms and/or presently on our waiting list.

- (2) Please clarify, in yours Plan you indicate the Palms of Deerfield has experienced a reduction in elderly applicants, but the Plan proposed designation of this project for elderly only families. Please expand and provide more specific details justifying the DBHA need for the designation of the Palms of Deerfield for elderly only families.**

Over the years the DBHA has experienced a reduction in the number of elderly applicants because of our mixed used designation. There still is a tremendous need for low income housing for the elderly in Deerfield; however, many of our residents and applicants have made it clear that they do not feel safe at the Palms because of the young people who live and visit the young disabled at the Palms. A clear indication of the resident's insecurity is evident in our resident survey (enclosed). The Palms of Deerfield has a secure key system and the only way a person can gain entry is with a secure key or a resident must buzz a visitor in via the phone system. However, many of our residents at the Palms continue to feel unsafe.

The social needs of the disable and the elderly are in conflict. The disable residents at the Palms vary in age from 26 to 51 years of age. Although they are disable the lifestyle of many of our young disable are in line with any other young adult of the same age. Many still have lots of company, love to play their music loud, come in and out of their units late at night, giving our elderly residents a sense of paranoid and discomfort that they maybe involved with illegal activities or/and increase in the number of strange visitors having access to the building. The lifestyle variations are a nightmare for management because we are being viewed by the residents as being emotionless to needs of our resident. The elderly feel like no one is listening to their needs and the disable believe that they are constantly being harassed by being called into the office to answer to many times unfounded complaints. There have many complaints of exploitation, and disturbances.

The Deerfield Beach Housing Authority could just as easily apply to designate the facility as disable only; however, management and residents agreed that it would be easier for the disable to relocate and many of our young disable have expressed interest in the Section 8 program. The Deerfield Beach Housing Authority believe that once we receive the designation, we will be successful in marketing the Palms as an elderly only facility.

It is apparent to both management and the residents that the mixed use designation is not appropriate placement for the elderly and/or the disable.

- (3) Describe for the development proposed for designation as housing for elderly Only families the design and services will meet the needs of the intended residents. What facility design and special environmental amenities are available for the elderly?**

The Palms was design for residents who may need walking assistance. Every Hallway is equipped with grab rails for those who may need some assistance walking. Many of the units are equipped with lower kitchen cabinets, light switches, grab rails in the bathrooms and no tub, but shower bench for those who may be restricted to the wheelchair. The building is equipped with wheelchair ramps.

- (4) Provide the resident services and amenities available at the site for the elderly and the non-designated residents. The supportive services to be provided to the designated project, and at the site.**

The Palm is equipped with elevators, a community room, kitchen, terraces for each unit, laundry facility, roof terrace for gathering, and a shuffle board court. The Residents raise money for the resident council by playing Bingo weekly in the community center. The residents designed and implemented a passive park in the front of the building in an effort to have a place that they could utilize to wait for transportation. The North East Focal Point senior center provides our elderly

residents with free transportation to and from doctor's appointments and shopping. The DBHA has been awarded \$10,000 dollars through a vitamin settlement here in the state of Florida to purchase a greenhouse for our elderly residents, so they can begin to nurture and grow there on fruits and vegetables. The elderly residents can avail themselves to the Northeast Focal Point Senior Center that is located right across the street from the Palms. The Northeast Focal Point Senior Center has a tremendous amount of programs and services available to our elderly residents. The Northeast Focal Point also has a thrift store that many of our residents enjoy.

- (5) Explain how your agency has established that the designation is necessary to achieve the housing Goals of the Consolidated Plan; and no other resources are available. The information your Agency submitted in the Designated housing Plan did not establish that designation of the proposed development is necessary to achieve the housing goals for the jurisdiction under the Comprehensive Housing Affordability Strategy (CHAS).**

The City of Deerfield Beach has issued the housing needs of the disable as a low priority in the City of Deerfield Beach at this time and there adequate countywide facilities and services available (attached). The City has issued the housing needs of the elderly as a medium priority especially for those households that have very low incomes and those who incomes are between 51 and 80%. Most of the housing available in Deerfield are single family homes and/or duplexes and could easily make accessible for the disable.

The Deerfield Beach Housing Authority received a 15% set aside for the disable last year through our Fair Share allocation and we partnered with the Center for Independent Living to provide us with referrals for this set aside. The disable residents referred received Section 8 housing Choice vouchers and were able to locate and lease up suitable units.

- (6) Provide the number of units available for the non-designated populations.**

The Housing Authorities in Broward County has created a partnership with the exception of the Hollywood Housing Authority that allow participants in our Section 8 Housing Choice Voucher program to avail themselves to all of the housing stock in Broward County. The City of Deerfield has several duplexes and single family homes available for rent that could easily be adjusted to accommodate the disable.

- (7) Is the waiting list open for non-designated residents? How is this wait list Administered?**

We continue to accept applications for the non-designated population until we receive the designation. The waiting list at the Palms is open and we are accepting application and until we receive the designation we will continue to

accept applications for the elderly and the disable. Currently we administer this waiting list based on the point system. Applicants receive one point if they live or work in the City of Deerfield, one point if they are elderly or disable, and then date and time of application is considered.

**(8) Provide the success rates for the displaced group at the site.**

The Deerfield Beach Housing Authority has had previous residents to leave our public housing program to go to our Section 8 program and many have had Tremendous success locating a place and we have also had some residents who Have received a Section 8 voucher and have not been as successful. The Deerfield Beach Housing Authority has not had many disable residents on our Section 8 waiting list; however, if the set aside we've had with the Center for Independent Living is an indicator I believe that we have experienced a 80% Success rate. **I would like to restate that no resident will be forced or Pressured to move; all residents ages 51 and younger will be given the Opportunity to receive a Section 8 housing Choice voucher.**

**(9) Provide the success rates for displaced group(s) in finding units at Alternative of the site.**

The Deerfield Beach Housing Authority has experienced an 80% lease up rate Based on our experience with the disable referrals from the Center for Independent Living. We had 12 out of the 15 referrals to lease up a unit within 60 to 90 days that the Section 8 housing choice voucher permits. This number is in line with our lease up rate from non-disable participants. We average an approximate 72 to 79% lease-up rate from most briefings.

**(10) Provide the amenities and services available for the displaced at the site.**

Currently we do not have any special services and amenities available for the Displaced at the site that is not also available to the elderly. Most of the Programs available are available through the North East Focal Center, that Require our participants to be elderly. However, there are many church groups In the area that give holiday meals, and picnics to all of our residents. Most Of the young disable do not participant in the current activities at the Palms like Bingo and gardening.

**(11) Please provide a description of relocation resources for voluntary relocates In the plan.**

If the Deerfield Beach Housing Authority is unsuccessful with getting our Local social services and churches to assist with relocation, then DBHA is Willing to utilize some of its Section 8 administrative fees for relocation.

**(12) Please provide a list of the sources for relocates in the Plan.**

The Deerfield Beach Housing Authority will utilize the following agencies  
For relocation assistance: Broward Human Services, Center for Independent Living, Cathedral Church of God and apply to the Florida Department of children and families Emergency Financial Assistance for Housing (EFAFH) program.

**(13) Please justify the local reputation (whether good or bad) of all applicable Properties(s) proposed for designation and those proposed for non-designated groups.**

The Deerfield Beach Housing Authority has a good reputation as it relates to owning and operating our public housing and all other programs in the community. The residents at the Palms however, feel like there needs are going unheard because the Housing Authority has not been in a position to address their concerns. The Palms as it currently exist is a mixed use facility and we can not turn away or deny house anyone who meets our eligibility criteria.

**(14) Does DBHA have any Community groups, advocates or individuals who Object to the designation? please explain.**

The Deerfield Beach Housing Authority has not received any objectives from any residents, groups or advocates in response to our desire to have Palms designated as elderly only. The DBHA has made its plan available for review for 30 days and have not received any negative oral or written response. The Deerfield Beach Housing Authority met with residents and the incomparability is something that residents have been echoing to management for quite some time and the opportunity has arrived for us to address this issue with this year SuperNofa.
