Attachment A

Deconcentration Analysis

The Housing Authority will strive to create mixed-income communities and lessen the concentration of very-low income families within the Housing Authority's public housing developments through admissions policies designed to bring in higher income tenants into lower income developments and lower income tenants into higher income developments. This policy shall not be construed to impose or require any specific income or racial quotas for any public housing development owned by the Housing Authority.

The Waycross Housing Authority performed a review of all covered developments to determine if there are any that would be covered by the Deconcentration Rule. The results are as follows:

Development	Average Income	Authority Average Income	Percentage
GA028-001	\$8,536	\$7,916	108%
GA028-002	\$6,902	\$7,916	87%
GA028-003	\$9,065	\$7,916	115%
GA028-004	\$7,676	\$7,916	97%
GA028-006	\$7,289	\$7,916	92%
GA028-007	\$8,029	\$7,916	101%

The Deconcentration Rule states that all covered developments average income should fall between 85% and 115% of the Authority-wide average income. The table above shows that the Waycross Housing Authority is compliant with the Deconcentration Rule in all developments.
