ii. Executive Summary

[24CFRP art903.79(r)]

At PHA option, provide a brief overview of the information in the Annual Plan

This Section is left blank since it is optional.

1. Summary of Policy or Program Changes for the Upcoming Year

In this section, briefly describe changes in policies or programs discussed in last year's PHA Plan that are not covered in other sections of this Update.

We have made numerous changes to our policies and/or programs based on changes in statutes and/or HUD regulations that have occurred in the past year. HUD mandated all of these.

- **Implementation of Community Service Requirements:**

The Department of Veteran Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 2002, at Section 432, provides that: "None of the funds made available by this Act may be used to implement or enforce the requirement relating to community service, except with respect to any resident of a public housing project funded with any amount provided under section 24 of the United States Housing Act of 1937, as amended, or any predecessor program for the revitalization of severely distressed public housing (HOPEVI).

Under this provision, Housing Authorities are precluded from implementing or enforcing community service requirements using FY 2002 funds. HUD further permits Housing Authorities to immediately suspend enforcement of the requirements.

The Housing Authority of the City of Hinesville has suspended enforcement of the 8-hour community service requirement. The Housing Authority will not enforce this provision of four Admissions and Continued Occupancy Policies as long as Congress provides for the option to not enforce it. In taking this action, we still want to encourage our public housing residents to both participate in their community and enhance their self-sufficiency skills in a truly voluntary manner.

All affected residents have been notified of the suspension of the requirements.

In addition, we have made the following discretionary changes.

- Increased late fees from \$10 to \$25
- Increased Security Deposit from \$100 to \$200

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The following information is taken from the State of Georgia Consolidated Plan Executive Summary and Annual Action Plan .

Executive Summary

The Consolidated Plan Executive Summary reports that the housing and community development needs of Georgians are:

- Regardless of tenure, income or household size, the most common problem affecting all households is cost burden. One in every four households pay at least 30% of their income for housing. Approximately 39% of these cost burdened households and 10% of all households are severely cost burdened, devoting at least 50% of their income on housing costs.
- 41% of all renters, compared to 22% of all homeowners, have at least one housing problem.
- 40% of all Georgia households are of low or moderate income. Housing problems affect 75% of all extremely low income households.
- 64% of all elderly households are of low or moderate income, with the largest concentration in the extremely low income range. 30% of all small family households are of low or moderate income. Cost burden is the most significant problem affecting both the elderly and small family households. 42% of all large family households are of low or moderate income. Overcrowding is the most significant concern of this household type.
- Insufficient income is the single largest barrier to affordable housing.
- Estimates based on the age of housing indicate that 1.1 million housing units in Georgia may contain lead-based paint. Some 127,000 low and moderate income households are at high risk of exposure to lead-based paint hazards such as chipping or peeling paint and dust.

The Housing and Community Development Strategic Plan

Over five years the State anticipates providing assistance to put over 55,000 extremely low, low and moderate income households in affordable housing free of overcrowded, structurally substandard conditions, with supportive services where appropriate for populations with special need.

The Consolidated Plan divides the State's priorities into two categories based on function:

- (1) priorities to directly benefit low and moderate income households and
- (2) priorities to improve the production capacity of Georgia's affordable housing providers.

Direct Benefit Priorities:

- to increase the number of Georgia's low and moderate income households who have obtained affordable, rental housing free of overcrowded and structurally substandard conditions.
- To increase the number of Georgia's low and moderate income households who have achieved and are maintaining home ownership free of overcrowded and structurally substandard conditions.

Strategic Plan Five -Year Objectives

- The Strategic Plan estimates, based on resources expected to be available over a five year period, that the State will provide the following benefits for low and moderate income Georgians:
 - Rehabilitate or construct 5,505 affordable rental units
 - Provide rental assistance for 44,700 households
 - Assist 6,750 households to achieve or maintain home ownership in housing free of overcrowded and structurally substandard conditions.
 - Assist an average of 190 organizations annually to provide housing and supportive services to the homeless.
 - Assist an average of 39 organizations annually to provide housing and supportive services to Georgia's Special Need populations.

Public Housing Authorities

The Consolidated Plan Executive Summary provides the following comments relating to Public Housing Authorities in Georgia.

Public Housing Authorities implement a large portion of Georgia's housing assistance effort. Local governments have created 202 PHAs, providing public housing. Seventeen PHAs offer Section 8 rental subsidies. PHAs utilize funds from public housing rent receipts, federal subsidies from HUD, and proceeds from bond issues for some development costs. Over 108,000 residents live in the 55,834 units of local public housing available across Georgia.

No public housing authorities are operated by the State. Therefore, the State has not developed a plan to encourage public housing residents to become more involved in the public housing management or to become owners of their units. However, the State encourages individual PHAs to develop such a plan within their residents. The State also continues to encourage within its programs the transition of public housing residents into private housing living situations.

Action Plan

The following activities are extracted from the State of Georgia Annual Action Plan.

Part VI. Action Plan.

Activities planned to meet the State's housing priorities and objectives include:

- ❑ Rehabilitate or construct affordable rental housing for 1,003 low or moderate income households.
- ❑ Assist 1,498 low or moderate income households achieve or maintain homeownership.
- ❑ Provide 1,000 low or moderate income households with rental assistance.
- ❑ Make 290 funding awards to organizations that provide housing and supportive services necessary for the homeless to break the cycle of homelessness.
- Make 357 funding awards to organizations that provide the housing and supportive services necessary for special need households to achieve decent, safe and sanitary living conditions.

Among the Federal resources available to Georgia (Part VI, Section C) include Section 8 Rental Certificates and Vouchers to address affordable housing needs; HOPEI (Public Housing Homeownership) to address homeownership needs; and for Public Housing, the Comprehensive Grant Program and Public Housing Development funds.

Part VI, Section I. Georgia's Activities to meet the State's Housing Priorities and Objectives

This section outlines activities by priority and objective. While the activities, priorities and objectives do not directly relate to the public housing program, these activities do include the Section 8 program. Again while none of the activities tap public housing funds, the activities do

parallel the goals and objectives of the Hinesville Housing Authority. The Priorities and Objectives are listed as follows:

Priority: to increase the number of Georgia's low and moderate income households who have obtained affordable, rental housing which is free of overcrowded and structurally substandard conditions.

Objective#1: Rehabilitate or construct affordable, rental housing units for 280 extremely low, 431 low, and 290 moderate income households.

Objective#2: Provide 4,950 extremely low, and 1,100 low income households with rental assistance.

(This objective refers specifically to the Section 8 Rental Assistance Program which is administered by the Georgia Department of Community Affairs.)

Priority: To increase the number of Georgia's low and moderate income households who have achieved and are maintaining homeownership in housing free of overcrowded and structurally substandard conditions.

Objective#3: Assist 30 extremely low, 345 low, and 1,124 moderate income households to achieve or maintain homeownership in housing free of overcrowded and structurally substandard conditions.

Priority: To increase the access of Georgia's homeless to a continuum of housing and supportive services which address their housing, economic, health and social needs:

Objective#4: Make 290 funding awards to provide shelter/bed nights, transitional housing units, and supportive services necessary for the homeless to break the cycle of homelessness.

Priority: To increase the access of Georgia's Special Need population to a continuum of housing and supportive services which address their housing, economic health and social needs.

Objective#5: Make 358 funding awards to organizations or households that assist 1,000 Special Need households with the housing and supportive services necessary to achieve decent, safe and sanitary living conditions.

(This objective includes as an activity the implementation of Georgia's Section 8 Rental Assistance Program and it refers specifically to the Georgia Department of Community Affairs continuing to administer the program in Georgia's 149 counties.)

In summary, the Georgia State Consolidated Plans strategies are consistent with and support the goals and objectives of the Housing Authority of the City of Hinesville

C. Criteria for Substantial Deviation and Significant Amendments

1. Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

A substantial deviation from the 5-year Plan occurs when the Board of Commissioners decides that it wants to change the mission statement, goals or objectives of the 5-year plan.

B. Significant Amendment or Modification to the Annual Plan:

Significant amendments or modifications to the Annual Plan are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the plans of the agency and which require formal approval of the Board of Commissioners.
