Attachment A – Admissions Policy for Deconcentration

INTRODUCTION: In an ongoing effort for the Housing Authority to meet or exceed the laws and regulations regarding its public housing programs, the following Deconcentration Policy has been developed in order to comply with the Quality Housing and Work Responsibility Act of 1998, Section 513.

INCOME MIX TARGETING: To meet the requirements of the Act and subsequent HUD regulations, at least 40 percent of families admitted in any fiscal year to public housing by the Housing Authority must have incomes that do not exceed 30% of the area median.

PROHIBITION OF CONCENTRATION OF LOW -INCOME FAMILIES: The Housing Authority will not, in meeting its deconcentration goals, violate the admissions requirements set forth by the QHWR Act of 1998 (see preceding paragraph). The Housing Authority will review the income and occupancy characteristics of the housing projects and the buildings of each project annually to ensure that a low -income concentration does not occur or, that steps are taken to reduce any concentration of poverty already in existence.

DECONCENTRATION: The Housing Authority will make every effort to deconcentrate families of certain income characteristics within the Authority developments. To achieve this, the Housing Authority will, if needed, offer incentives for eligible families having higher incomes to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in projects predominantly occupied by eligible families having higher incomes. Incentives offered by the Housing Authority will allow for the eligible family to have the sole discretion in determining whether to accept the incentive and the Housing Authority will not take any adverse action toward any eligible family for choosing not to accept these incentives. The skipping of a family on the waiting list to reach another family to implement this Deconcentration Policy shall not be considered an adverse action. As such, the Housing Authority will continue to accept applications and place the individuals on a waiting list.

Selection will be made based on a combination of application date and time, and an income target mix. A family may be “skipped over” to offer a vacancy to the first qualifying family with a targeted income. This Authority will define a “higher -income family” as one earning more than the calculated average for that development, and a “lower -income family” as one earning less than the calculated average.

The Housing Authority will track the income mix within each project as an effort to avoid a concentration of higher or lower income families in any one building or development. From the tables below, there is a concentration of Very -Low income families in the CPHA development.

The HUD FY 99 Income Limits and Fair Market Rent Data show the thirty, fifty and eighty percent of the Median Income per number in a household areas follows:

#Person	30% of Extremely Low (\$)	50% Very Low (\$)	80% Low (\$)
1	12,600	20,950	33,450
2	14,400	23,950	38,250
3	16,150	26,950	43,000
4	17,950	29,950	47,800
5	19,400	32,350	51,600
6	20,850	34,750	55,450
7	22,300	37,150	59,250
8	23,700	39,550	63,100

On 1/9/2000, the Authority had 260 of its 267 public housing units filled as follows:

% of median	#families	%
0-30	69	26.5
31-50	120	46.2
51-80	71	27.3

Project(Units)	<30% of Median		<50% of Median		<80% of Median		Total Units and Vacancies	
	#	%	#	%	#	%	#Units	#Vacant
GA232-003	69	26.5	189	72.7	260	100	267	7
Waiting List	10	31.3	20	62.5	32	100	NA	NA

On 1/9/2000, the Authority had 32 families on its waiting list. Of the total, 10 (31%) had incomes under 30% of the median, 10 (or 31%) had incomes above 30% but below 50% of the median, and 12 (38%) had incomes above 50% but less than 80% of the median income. At **\$59,900**, the Area Median Income is very high when compared to the average income in the development.

College View Hills

	GA232-003 (Families-267 Units)
AverageIncome	\$8,334

Analysis of College View Hills shows that over **72%** of its families earn less than 50% of the Area Median Income (AMI); **62.5%** for the waiting list. Obviously there is a concentration of poverty in this development. It will be necessary for the PHA to employ "skipping" to meet deconcentration and income mixing requirements. Therefore, an applicant with an income of less than \$8,334 will be skipped over for an applicant with an income higher than \$8,334 until such time as deconcentration is accomplished, or it becomes necessary to **maintain** the overriding goal of admissions set by the QHWA of 1998. That is, at least forty (40) percent of all new leases will be to families that earn an amount equal to or less than thirty (30) percent of median income, according to family size (see table above). It will not be necessary to employ other incentives at this time, however the CPHA will periodically review these procedures and calculations to determine if any changes are required.

With over 91% of our Section 8 tenant families earning less than 30% of the AMI, we have exceeded the admission requirements established by the 1998 Act and will continue to do so. Because of this, some fungibility or exception to the public housing targeting requirement exist, but will not be implemented by this Authority at this time.

BRIEF STATEMENT OF PROGRESS IN MEETING THE 5 -YEAR PLAN MISSION AND GOALS

MISSION

Our mission is to promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination. During the past year, we conducted a number of activities in order to help carry out our mission. The following is a brief narrative of four efforts.

We joined the Georgia Development Consortium, a non-profit housing development organization. Although the organization is in its developmental stage, designated staff members have attended monthly meetings and actively participated in the decision making process. The organization is an asset to the Authority. It will allow the pooling of resources, for small PHA's, with the objective of developing more affordable housing in Ocilla and Irwin counties.

To promote economic opportunity, we have implemented the ROSS Grant. We have not received the results desired. Although four residents enrolled in the small business ownership program, only one resident has opened her Family Child Care Home.

To promote a living environment free from discrimination, we inform staff members, applicants and residents of our policy concerning nondiscrimination.

GOALS

Our first goal was to reduce our 40% vacancy rate to less than five percent. As of December 31, 2001, we had six vacant units. This represents less than five percent vacancy rate. Our goal was accomplished.

To improve the quality of our housing, we implemented several marketing concepts. This included erecting a billboard and advertising using print and electronic media. These acts helped us achieve our goal.

To improve community quality of life and economic vitality, we offered one -income families a 30% exclusion of all income above \$15,000.00. This has allowed the Authority to mix higher and lower income families living in the same development.

To promote the quality of life, we have developed a partnership with the local police department to provide criminal history checks and to serve criminal trespass letters. We are in the process of installing security windows, window screens, doors and door screens. To further improve this area, we are in the process of drawing plans to install more security lighting.

To promote self-sufficiency of families and individuals, we have developed a partnership with Irwin County Department of Family & Children Services and South Georgia Workforce Investment (GoodWORKS). In addition, we provided residents with transportation to and from institutions of higher learning.

In order to ensure equal opportunity in housing for all Americans, we reviewed our policy and make sure it is implemented properly.

Attachment I – Required Definitions

Definition of Substantial Deviation and Significant Amendment or Modification

The following actions are defined as substantial deviation or significant amendment or modification:

GOALS

- Additions or deletions of Strategic Goals

PROGRAMS

- Any change with regard to demolition or disposition, designation of housing, homeownership programs or conversion activities

CAPITAL BUDGET

- Additions of non-emergency work items (items not included in the current Annual Statement of Five Year Action Plan) or change in use of replacement reserve funds

POLICIES

- Change to rent or admissions policies or organization of the waiting list

An exception to the above definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements since such changes are not considered significant amendments by HUD.
