ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The above constitutes our long-term goals which coincide with HUD objectives. We are fully in support of the Resident Advisory Council even though it has not been smoothly integrated into the decision-making process. There continues to be tension between the felt needs of the senior residents and those younger who cope with physical or mental disabilities.

We commend HUD for implementing the Capital Fund program which provides a basic financial resource for the improvements which are needed in every aging project. We will continue to work at the task of site improvement with additional landscaping and walkways. Hotroofing on 12 buildings will be a priority in the coming year, as will be the replacement of 70 aluminum storm doors. In addition there is a need for cubicle curtains in Studio apartments plus 51 anti-siphon hydrants and 52 shut-off valves. Finally, with staff turnover it is essential that there be an updated computer for the management office.

A Flat Rent determination policy has been in effect since Oct. 1999. It is based on the Fair Market Rent in the Wichita area. At least four families find this policy beneficial, even though residents who accept the Flat Rent are not entitled to the utility allowance.

Our objective is to serve as a significant part of the city's comprehensive effort to improve the quality of life and to maintain the economic vitality of this area.

COMMENTS OF RESIDENT ADVISORY COUNCIL

The RAC felt that it was questionable as to whether fifty bath tile and shower pans should be reglazed in FY 2001. Instead, they feel that there is an immediate need for carports, better landscaping/mowing, and better lighting. The RAC recommended that carports be moved from FY 2005 to FY 2001 and that the \$39,700 line item for tile reglazing be used for carports. Further, they recommended that the \$2,800 for heat lamps in the 12 six-plexes budgeted for FY 2003 go into the 2001 Capital Fund program.

In response, the Board decided to keep the bathroom renovations in the FY 2001 Capital Fund program. Board members were reluctant to provide carports at this time. The landscaping is already included in the proposed budget. Lighting was mentioned in the RAC Minutes, but the Resident Commissioner did not bring it up before the Board. The purchase of heat lamps for the 6-plexes was moved to the FY 2001 Capital Fund program.

3. In what manner did the PHA address those comments? (select all that apply)

BRIEF STATEMENT OF PROGRESS IN MEETING THE 5-YEAR PLAN MISSION AND GOALS

Project # 1 in this public housing development was constructed during the 60s, opening its doors in August of 1970. With over 30 years of usage, the development is clearly showing signs of ‘wear and tear’. In the past the CIAP program was useful in maintaining the property at points of greatest risk. However, the CAPITAL FUND program is a great improvement over the annual competitive bidding process. Staff now has greater certainty about the money available for renovations.

The Board of Commissioners has declared that Wheatland Homes is here “to provide safe, comfortable and affordable housing for lower income individuals and couples in a caring community setting”.

The CAPITAL FUND FY 2000 set aside and spent funds for significant site improvement (\$16,097) including landscaping, tree pruning, walkway repair and construction, and parking lot maintenance. It also provided a modest amount (\$2,636.79) for carpet installation and exterior paint. Residents requested and received \$12,000 for dwelling equipment including ranges, water heaters, and steel storage cabinets. Finally, an item very high on the resident list of needs was a Storm Shelter for which the PHA paid \$27,526.23 plus related A/E fees and costs (\$1,242.98). \$20,000 was also set aside for the PHA's operating budget.

We believe that these expenditures constituted a big step in upgrading our 3-acre plot of public housing. Future improvements scheduled for FY 2001 and following will continue to add to the attractiveness of this community, protected as it is by a beautiful grove of trees.

VOLUNTARY CONVERSION REQUIRED INITIAL ASSESSMENT

The Housing Authority of North Newton, Kansas, has operated a retirement community for low-income elderly and the disabled since August of 1970. It consists of 28 studio, 32 one-bedroom, and 2 two-bedroom units. There are no family units. Four of the units are accessible for wheelchair use. Others have been adapted for the visually and hearing impaired.

Although the Board of Commissioners has entertained the thought of converting some of the studio units to one-bedroom size or larger, there was only modest support for such a move. Because of medical and other services in the Newton Area, we have been able to rent out the units without experiencing significant vacancy. The market demand for public housing is strong.

It is true that there would also be a demand for assisted living arrangements in the area. Still, it is the opinion of Management and the Board of Commissioners that the cost of such a conversion would not be appropriate at the present time.

It is our considered opinion that conversion would adversely affect the availability of affordable housing in the community. This is our initial assessment dated Sept. 4, 2001.
