Statement of Progress

We, at the Campbell County Department of Housing, continue to strive to provide the best service possible to our clients and landlords. A large turnover in staff over the past two years has prevented us from having our numbers where we would prefer they be, so our main objective has been and continues to be, to increase the number of families/persons we assist. We have spent much time hiring and training staff and during that time managed to keep our numbers at an even level rather than allowing them to drop drastically.

Following a survey by the director of our PHA, the Fiscal Court, our board, conducted a survey of salaries and adjusted salaries for all county employees. This should help alleviate the frequency of turnover in PHA staff members.

We now have an excellent Rent Reasonableness system in place that is working very well for us. We are comfortable now that we are approving rents that are comparable to the amounts being charged in this area for similar units.

Our Payment Standards were again set at 110% of Fair Market Rents. This is necessary in our area due to the market rents in the metropolitan area where we are located. We also received HUD approval to set Payment Standards at 120% of Fair Market Rents in the larger complexes in our area. It was necessary to do so in order for us to continue to do business with these complexes.

We have three landlord meetings planned for this spring and summer in an attempt to interest new landlords. We took 557 families off our Waiting List this past year and will do at least that this year. We are still in the process of building a good working team but the future looks good.
