13. PHA Safety and Crime Prevention Measures

[24 CFR Part 903.79(m)]

Exemptions from Component 13: High performing and small PHAs not participating in PHDEP and Section 8 Only PHAs may skip to component 15. High performing and small PHAs that are participating in PHDEP and are submitting a PHDEP Plan with this PHA Plan may skip to sub-component D.

Admissions Policy for Deconcentration

Clay County HRA has no admissions policy for deconcentration. The reason for this is that 100% of our public housing units are scattered site duplex houses. These houses are located in a number of neighborhoods in different communities. We believe that this arrangement is already "deconcentrated" to the point where it would be a meaningless exercise to create a "deconcentration policy". n3

We have done our "Equal Opportunity" section of our Section 8 Program Administrative Plan to allow for greater choice by program participants in locating suitable rentals outside of areas of low income and minority concentration. The "Equal Opportunity" section is attached.

2002 Capital Fund

Clay County HRA expects to continue to receive Capital Fund allocations from the Treasury for its Scattered Site Housing Program. We will use these funds to supplement our Operating (1406) account.

Community Service Requirement

Clay County HRA has 24 families living in three different communities in the Scattered Site Public Housing Program. Because of the small size and scattered nature of the rental units, we are claiming an exemption from this requirement. We have 100% of our tenants already working or holding an exemption from the TANF agency because of the age of their children. We do not feel that it would be cost effective to establish a community service program unless there is a need for one.

Pet Policy

Clay County HRA has established a Pet Policy for our Scattered Site tenants. It has been in effect since 1999. It is included in our Admissions & Continued Occupancy Policy and is available for review in our offices. Each new tenant receives a copy of the policy (it is included in their "Tenant Handbook") when they sign their lease.

Progress Towards Five Year Goals

During 2001, Clay County HRA has increased the number of Section 8 Rental Vouchers available to low-income families by applying for and receiving 25 additional vouchers as of October 1, 2001.

Clay County HRA and the local TANF Agency have signed a Cooperative Agreement that confirms the fact that the two agencies will work together to assist client families work toward self-sufficiency and reduced public assistance.

During 2001 CCHRA entered into an agreement with the Cities of Dilworth and Glyndon, the local Community Action Agency and the Dilworth-Glyndon-Felton School District to purchase the single-family home that the school's Construction Skills Class build each year. The home will be relocated to a lot provided by either Dilworth or Glyndon. A low-income family with children, who meets the criteria and qualifies for a Minnesota Housing Finance Agency "First Time Home Buyer" will be assisted in purchasing the home.

During 2001, Clay County HRA initiated the development of an "assisted living" service at its 221(d)(3) elderly and disabled housing projects in Dilworth. A "provider" of these services has been selected and arrangements made with County Social Services to contract with the provider for payments for those persons who qualify for financial aid under the Elderly Waiver, Alternative Care or CADIP programs through the Minnesota Department of Human Services. The assisted living service will begin operation in early 2002 and will provide 24 hour, 7 day per week assisted living service to the project's low-income residents.

Resident/Client Member of the Clay County HRA Board

The current Resident/Client Member of the HRA Board is Ms. Karen Vlam of Moorhead, Minnesota. Ms. Vlam is a Section 8 Rent Assistance Client.

Membership on the Resident Advisory Committee

The current Resident Advisory Committee member is also Ms. Karen Vlam of Moorhead, Minnesota. Ms. Vlam is a Section 8 Rent Assistance client. She has served on the committee as of September 2001.

Required Initial Assessment, 24 CFR Part 972

Voluntary Conversion of Developments from Public Housing Stock

The Clay County Housing & Redevelopment Authority has completed the required initial assessment of its two scattered site public housing developments (MN46P164 -001 and MN46P164 -002). For the purposes of this review, we will consider the two projects as one single project. The required assessment is to determine the suitability of converting the above public housing development to Section 8 tenant-based funding using the three criteria specified by CFR Part 972(b)(1), (2), and (3). The development includes twenty-one 3-bedroom and three 4-bedroom scattered site duplex rentals located in three communities within Clay County, Minnesota. These rentals are located in the communities of Dilworth (8 units), Hawley (12 units) and Ulen (4 units).

As part of our initial assessment, we have concluded that CFR Part 972.200(a)(1), (2) and (3) do not apply to this public housing project. The project is not subject to required conversion, not scheduled for demolition or disposition, disapproved by HUD, and has not been awarded a HOPE VI revitalization grant.

CFR 972.200[c] has three conditions that must be met for voluntary conversion. These conditions are that the conversion of a public housing development may be appropriate if the PHA concludes that conversion will:

972.200[c][1] "not be more expensive to continue to operate the development (or portion of it) as public housing"; We have reviewed the project operations as a public housing project, considering the implications of converting the development to tenant-based assistance. Our conclusions show that the conversion to Section 8 tenant-based assistance would provide the development with a greater revenue stream than that generated by the normal public housing revenues generated from tenant rent and the HUD Capital Fund operating subsidy. Our revenues under public housing are approximately \$110,000 per year while under Section 8 tenant-based funding, the project would generate approximately \$190,000 per year in

revenues. It would appear that conversion would cost the federal Treasury more money but would stabilize the project's income stream. The cost to the HRA would be less in that we would not have to subsidize the projects as we have done in the past. The wording of 972.200[c][1] is confusing about who should benefit from determining the expense of conversion, the federal Treasury or the PHA? Conversion would reduce the expense to the PHA as we have subsidized this development in the past prior to the infusion of Capital Fund operating subsidy.

972.200[c][2] "principally benefit the residents of the public housing development to be converted and the community"; In looking at benefits the tenants may derive from the conversion, it is our feeling they would enjoy a development that is better maintained under the Section 8 tenant-based funding. This is the result of the greater revenue generating capacity of approximately \$80,000 per year as opposed to public housing revenue.

972.200[c][3] "not adversely affect the availability of affordable housing in the community". We do not feel that conversion to Section 8 tenant-based funding would adversely affect the availability of affordable housing in the community. Availability would remain essentially the same. It is our intent to make the project available only to families who are eligible for Section 8 assistance.

Our assessment concludes that voluntary conversion of both MN46P164-001 and MN46P164-002 to Section 8 tenant-based assistance is something we would like to consider although it is not necessary for us to convert at this time. The conversion may be more expensive to the Treasury but it would stabilize the revenue generating ability of the projects so that buildings and equipment could be maintained or replaced in the future.

Excerpt from Clay County HRA Section 8 Administrative Plan, "Equal Opportunity", section 1.6.F.

F. The Clay County Housing Authority will particularly encourage owners of suitable units located outside of low-income or minority concentration to attend. We will continue to provide family choice through portability and allowing families to find suitable and eligible housing in the private market not only in Clay County but through our cooperative agreements with Fargo, ND and Cass County, ND. We will assist applicants and participants with housing and neighborhood choices by maintaining a list of available rental properties and by informing applicants about other housing programs we offer for which they qualify. CCHRA will continue to encourage landlords/owners with units outside areas of low-income or minority concentration to participate in the Section 8 Program through the following actions:

1. Conducting landlord/owner workshops when needed.
2. Responding to requests for presentations at various meetings and conferences of property owners and managers.

3. Conducting target mailing to landlord/owners; and
4. Mailing informational packet to participating landlords/owners as requested.
