Comments of Resident Advisory Board & Explanation of PHA Response

ATTACHMENT F of the 2002 Annual Plan

1. An emergency generator is needed to power emergency hall and exit lights. On March 14, 2002 the electricity was out for 16 hours and the battery backup lights did not stay on.

PHA Response: An electrician's estimate will be received for separating out circuits that would power emergency lights, the boiler pumps and the boiler ignition switches.

2. Yard lights should be installed on east side of the main parking lot. It is very dark at night if residents come home at that time.

PHA Response: An electrician's estimate was already been received for this capital fund project. The work will likely be completed by fall of 2002.

3. Institute a policy with instructions to each tenant with a drill for fire or tornado emergency every three months.

PHA Response: Fire and Civil Emergency Alarm procedures will be developed and delivered to each tenant. Annual Drills may be coordinated with local emergency officials. Escape routes signs will be created and posted throughout the building.

4. To get more community participation in the building, an aquarium in each lounge area of each floor. Also, new pictures and furniture in lounge area on each floor.

Safety

This portion of the follow-up plan will guide the HRA of Dodge Center in assessing how safe the residents feel in and around the building, and what efforts we are making to provide safe living conditions. Our first action will be to arrange services that allow us to communicate better with our tenants. Resident meetings and one-to-one interviews between HRA staff and tenants will be conducted in regard to the tenants' concerns and perceptions on the issue of safety. Situations that are identified through this communication process will be addressed until the tenants' satisfaction improves.

The HRA of Dodge Center will make an effort to partner with local law enforcement officials. All criminal activity on the project site will be reported to the local police. Tenants will be encouraged to report criminal activity in progress or activity they witnessed to local law enforcement and to the HRA staff as soon as possible.

The HRA of Dodge Center will establish and/or update policies and procedures for tracking crime and crime-related activities.

The HRA of Dodge Center will update and enforce policies that relate to residents' screening processes which deny housing admission to those individuals who do not meet the legal criteria established by HUD or HRA Board Resolution. Criminal background checks will be completed on all applicants of housing assistance using the FBI's National Crime Information Center Interstate Identification Index (NCIC -III). This process will be used in conjunction with local law enforcement resources for conducting criminal background checks.

The HRA of Dodge Center will establish or update policies that define safe behavior for residents and their guests with the correct level of repercussions for violating these policies. Policies will be enforced with certain continuity to avoid inconsistency or discrimination.

The HRA of Dodge Center will assess additional lighting needs and routinely check all lighted public areas to ensure that all lights are operational. Locks and doors will be inspected on a routine basis to ensure that they are all functioning to provide secure entrances. The building was re-keyed in January of 2002, and all keys distributed are registered with the HRA management office.

The HRA of Dodge Center will partner with the resident council or other informal resident groups to assess the need for basic home safety courses, community policing and tenant security training.

Communication

The HRA of Dodge Center recognizes the importance of communication. The HRA Board has made a commitment to hold regular monthly meetings at the project site on a quarterly basis. Time is allotted at the beginning of the meeting to hear and address tenant concerns. The Executive Director will make an effort to attend Resident Council, RAB, or other informal resident group meetings so that tenants may have the opportunity to collaboratively issue statements or perceptions of concern to HRA staff. Communication concerns identified through this process will be addressed until the tenants' satisfaction improves.

The HRA of Dodge Center will assess the training needs of HRA staff, and provide that training in order to enable staff to effectively and politely communicate with residents.

The HRA of Dodge Center will assess the need to update/create written policies and procedures affecting tenants. All residents will receive written copies of established or updated policies and procedures and have the opportunity and receive encouragement to provide input in policy/procedure development.

The HRA of Dodge Center will utilize effective methods of communication with residents, including newsletters, flyers, letters, bulletin boards, etc. All tenant notices will be hand-delivered to each tenant, or mailed to their address. Current notices will be posted on the bulletin board outside of the management office.

The HRA of Dodge Center will assist and encourage residents to be part of the solution, and join or develop committees/organizations that can help improve the housing community.
