## Attachments

Use this section to provide any additional attachments referenced in the Plans.

### **Attachment A: Deconcentration Policy**

The object of the deconcentration rule for Section 8 Tenant-Based Assistance is to admit no less than 75% of new admissions to the program to families that have income at or below 30% of the area median income. Agency staff will track the status of all new admissions monthly by utilizing income reports generated by the computer system. The goal will be tracked monthly and if the goal is not being met, families will be skipped on the waiting list to admit a family that has income that is at or below 30% of the area median income. This practice will continue until the desired goal is met and maintained.

### **Attachment B: Progress of meeting 5-Year Plan**

Aggressive marketing and Voucher conversion has created new opportunities for families to seek suitable housing outside traditional low-income minority concentration areas.

Conversion to vouchers has increased the number of new owners to the program since families can pay more to live in the unit of their choice.

Owners are continuing to upgrade current housing stock. Some upgrades are well above minimum standards in order to participate in the program. Also, many of the units used within the program are less than five years old.

In order to attain self-sufficiency, qualified families are encouraged to secure low interest, first time home owner loans through HUD and Habitat for Humanity. Three families are now homeowners because of encouragement and support for the HA and hard work of the families part.

**Attachment C: Definition of “Substantial Deviation” and “Significant Amendment or Modification”**

**A. Substantial Deviation from the 5 -year Plan:**

Any substantial deviation from the Mission Statement or Goals and Objectives presented in the Five Year Plan that causes changes in the services provided to residents or significant changes to the agency’s financial situation will be documented in subsequent Agency Plans. An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements; such changes will be considered significant amendments by HUD.

**B. Significant Amendment or Modification to the Annual Plan:**

“Significant Amendment” to the PHA Plan is defined as any amendment which will change in any material way the major goals as approved in the 5 -Year Plan. Specifically, any change in the stated objectives of each PHA Goal, including changes in the scope or expressed quality, where applicable will be considered a significant amendment. The inclusion of an additional objective related to a stated goal is also considered a significant amendment.
