## **Statement of Progress in Meeting 5-Year Plan Goals**

### **Goal : Expand the supply of assisted housing**

The BCHA will continue its efforts to partner with private or public developers to create additional housing opportunities. We are in the process of acquiring 3 3-bedroom handicapped accessible houses which will be owned and managed by the housing authority with section 8 assistance.

### **Goal : Improve the quality of assisted housing**

We did not meet our goal of achieving a respectable SEMAP score due to the error rate in our MTCS submissions. We have installed error-detecting software which should greatly enhance ability to meet MTCS performance standards.

The BCHA will continue its modernization efforts to the maximum extent that it can with the resources provided through the Capital Fund.

### **Goal : Increase assisted housing choices**

The BCHA will continue its efforts to bring new landlords into the Section 8 Program. In October 2001 we hosted a workshop for new and existing landlords which was well attended. We intend to host similar events in the current year.

The BCHA has increased its voucher payment standard in all areas of Berks County that are within the jurisdiction of the BCHA.

The BCHA is investigating the feasibility of implementing a Section 8 homeownership program.

## PET POLICY – ELDERLY/DISABLED PROJECTS

pa071c01

[24 CFR 5.309]

### INTRODUCTION

The Berks County Housing Authority (PHA) has discretion to decide whether or not to develop policies pertaining to the keeping of pets in public housing units. This Chapter explains the PHA's policies on the keeping of pets and any criteria or standards pertaining to the policy for elderly/disabled projects. The rules adopted are reasonably related to the legitimate interest of this PHA to provide a decent, safe and sanitary living environment for all tenants, to protecting and preserving the physical condition of the property, and the financial interest of the PHA.

The purpose of this policy is to establish the PHA's policy and procedures for ownership of pets in elderly and disabled units and to ensure that no applicant or resident is discriminated against regarding admission or continued occupancy because of ownership of pets. It also establishes reasonable rules governing the keeping of common household pets.

*Nothing in this policy or the dwelling lease limits or impairs the right of persons with disabilities to own animals that are used to assist them.*

### ANIMALS THAT ASSIST PERSONS WITH DISABILITIES

The resident/pet owner will be required to qualify animals (for exclusion from the pet policy) that assist persons with disabilities.

Pet rules will not be applied to animals who assist persons with disabilities. To be excluded from the pet policy, the resident/pet owner must certify:

- That there is a person with disabilities in the household and
- That the animal has been trained to assist with the specified disability.

### A. MANAGEMENT APPROVAL OF PETS

All pets must be approved in advance by the PHA management.

The pet owner must submit and enter into a Pet Agreement with the PHA.

#### Registration of Pets

Pets must be registered with the PHA before they are brought onto the premises. Registration includes certificate signed by a licensed veterinarian or State/local authority that the pet has received all inoculations required by State or local law, and that the pet has no communicable disease(s) and is pest-free.

Dogs and cats must be spayed or neutered.

*Execution of a Pet Agreement with the PHA stating that the tenant acknowledges complete responsibility for the care and cleaning of the pet will be required.*

Registration must be renewed and will be coordinated with the annual recertification date.

Approval for the keeping of a pet shall not be extended pending the completion of these requirements.

## Refusal To Register Pets

The PHA may not refuse to register a pet based on the determination that the pet owner is financially unable to care for the pet. If the PHA refuses to register a pet, a written notification will be sent to the pet owner stating the reason for denial and shall be served in accordance with HUD Notice requirements.

The PHA will refuse to register a pet if:

The pet is not a *common household pet* as defined in this policy;

Keeping the pet would violate any House Pet Rules;

The pet owner fails to provide complete pet registration information, or fails to update the registration annually;

The PHA reasonably determines that the pet owner is unable to keep the pet in compliance with the pet rules and other lease obligations. The pet's temperament and behavior may be considered as a factor in determining the pet owner's ability to comply with provisions of the lease.

The notice of refusal may be combined with a notice of a pet violation.

A resident who cares for another resident's pet must notify the PHA and agree to abide by all of the pet rules in writing.

## B. STANDARDS FOR PETS

If such expenses occur as the result of a move-out inspection, they will be deducted from the Pet Security Deposit. The resident will be billed for any amount which exceeds the Pet Security Deposit.

The Pet Security Deposit will be refunded when the resident moves out or no longer has a pet on the premises, whichever occurs first.

The expense of flea deinfestation shall be the responsibility of the resident.

That the resident/pet owner has seven days from the effective date of the service of notice to correct the violation or make written request for a meeting to discuss the violation;

That the resident pet owner is entitled to be accompanied by another person of his or her choice at the meeting; and

That the resident/pet owner's failure to correct the violation, request a meeting, or appear at a requested meeting may result in initiation of procedures to terminate the pet owner's tenancy.

If the pet owner requests a meeting within the seven day period, the meeting will be scheduled no later than seven calendar days before the effective date of service of the notice, unless the pet owner agrees to a later date in writing.

#### O. NOTICE FOR PET REMOVAL

The pet rule violation is sufficient to begin procedures to terminate tenancy under terms of the lease.

If the death or incapacity of the pet owner threatens the health or safety of the pet, or other factors occur that render the owner unable to care for the pet, the situation will be reported to the Responsible Party designated by the resident/pet owner. Includes pets who are poorly cared for or have been left unattended for over 24 hours.

If the responsible party is unwilling or unable to care for the pet, or if the PHA after reasonable efforts cannot contact the responsible party, the PHA may contact the appropriate State or local agency and request the removal of the pet.

If the pet is removed as a result of any aggressive act on the part of the pet, the pet will not be allowed back on the premises.

R. EMERGENCIES

The PHA will take all necessary steps to insure that pets which become vicious, display symptoms of severe illness, or demonstrate behavior that constitutes an immediate threat to the health or safety of others, are referred to the appropriate State or local entity authorized to remove such animals.

## DECONCENTRATION OF POVERTY AND INCOME-MIXING pa071f01

The PHA's admission policy is designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects.

Gross annual income is used for income limits at admission and for income-mixing purposes.

Skipping of a family on the waiting list specifically to reach another family with a lower or higher income is not to be considered an adverse action to the family. Such skipping will be uniformly applied until the target threshold is met.

The PHA will gather data and analyze, at least biannually, the tenant characteristics of its public housing stock, including information regarding tenant incomes, to assist in the PHA's deconcentration efforts.

The PHA will use the gathered tenant incomes information in its assessment of its public housing developments to determine the appropriate designation to be assigned to the project for the purpose of assisting the PHA in its deconcentration goals.

If the PHA's annual review of tenant incomes indicates that there has been a significant change in the tenant income characteristics of a particular project, the PHA will evaluate the changes to determine whether, based on the PHA methodology of choice, the project needs to be redesignated as a higher or lower income project or whether the PHA has met the deconcentration goals and the project needs no particular designation.

### Deconcentration and Income-Mixing Goals

The PHA's deconcentration and income-mixing goal, in conjunction with the requirement to target at least 40 percent of new admissions to public housing in each fiscal year to "extremely low-income families", will be to admit higher income families to lower income developments, and lower income families to higher income developments.

Deconcentration applies to transfer families as well as applicant families.

If a unit becomes available at a lower income development, and there is no higher income family on the waiting list or no higher income family accepts the offer, then the unit will be offered to the next family regardless of income.

If a unit becomes available at a higher income development, and there is no lower income family on the waiting list or no lower income family accepts the offer, then the unit will be offered to the next family regardless of income.

### Project Designation Methodology

The PHA will determine and compare tenant incomes at the developments listed in this Chapter.

The PHA will determine and compare the tenant incomes at the developments listed in this Chapter and the incomes of census tracts in which the developments are located.

Upon analyzing its findings the PHA will apply the policies, measures and incentives listed in this Chapter to bring higher income families into lower income developments and lower income families into higher income developments.

The PHA's goal is to have eligible families having higher incomes occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and eligible families having lower

incomes occupy dwelling units in projects predominantly occupied by eligible families having higher incomes.

Families having lower incomes include very low- and extremely low-income families.

Skipping of families for deconcentration purposes will be applied uniformly to all families.

When selecting applicant families and assigning transfers for a designated project the PHA will determine whether the selection of the family will contribute to the PHA's deconcentration goals.

The PHA will not select families for a particular project if the selection will have a negative effect on the PHA's deconcentration goals. However, if there are insufficient families on the waiting list or transfer list, under no circumstances will a unit remain vacant longer than necessary.

### Deconcentration Methodology

The PHA shall admit lower income families to higher income buildings (or developments) and admit higher income families to lower income buildings (or developments) using the following steps:

Step 1: The PHA will annually determine the average income of all families residing in all of its general occupancy (family) developments (including families residing in developments approved for demolition or conversion to tenant-based assistance and families residing in public housing units in mixed-finance developments).

Step 2: The PHA will annually determine the average income of all families residing in each general occupancy development.

Step 3: The PHA will annually characterize each general occupancy development as higher income or lower income based on whether the average income in the development is above or below the overall average.

Step 4: The PHA will determine which families on the waiting list have incomes higher than the PHA-wide average and designate these families "higher income families," and which have incomes lower than the PHA-wide average and designate these families "lower income families."

Step 5: When a unit becomes available in a higher income development, the PHA shall skip families on the waiting list if necessary to reach a lower income family to whom it will offer the unit. When a unit becomes available in a lower income development, the PHA shall skip families on the waiting list if necessary to reach a higher income family to whom it will offer the unit.

Skipping shall be applied to both site-based and community-wide waiting lists.

If the waiting list does not contain a family in the income category to whom the unit is to be offered, the PHA shall offer the unit to a family in the other income category.

A family has the sole discretion whether to accept an offer of a unit made under the deconcentration policy.

The PHA shall not take any adverse action toward any eligible family for choosing not to accept an offer of a unit.

The PHA shall uniformly limit the number of offers received by applicants, described in this chapter.

Nothing in the deconcentration policy relieves the PHA of the obligation to meet the income targeting requirements.

## Resident Satisfaction Survey Follow-Up Plan

Fiscal Year Beginning April 1, 2002

The Berks County Housing Authority received less than satisfactory scores in the areas of Communication and Safety at the following developments:

PA 71-1	Safety
PA 71-2	Safety
PA 71-5	Safety and Communication
PA 71-8	Safety
PA 71-9	Safety
PA 71-11	Safety and Communication
PA 712-12	Safety and Communication
PA 71-14	Safety and Communication

In order to address the concerns of our residents the following procedures and/or improvements will be implemented.

**Communication:** The Berks County Housing Authority (BCHA) presently distributes a quarterly newsletter, Housing Pride, which provides general information about BCHA activities. In order to discern the degree of dissatisfaction with our dissemination of information, we will maintain a log of all resident contacts to see that their concerns are being addressed. We will also include a questionnaire with the newsletter, which will help us to identify any weaknesses we have with respect to keeping our residents informed.

**Safety:** The areas of concern for safety about which most residents expressed dissatisfaction were lighting, building safety and awareness of crime prevention programs. We are using our Capital Fund to improve the lighting at 71-1, 71-2, 71-8, and 71-9. These improvements are scheduled to be completed during the current calendar year, 2002. Building safety and crime prevention programs will be addressed together by involving the local police departments in resident meetings and publishing safety tips from the police in our newsletter.

## Certification

The Berks County Housing Authority (hereafter “Housing Authority” or “Authority”), pursuant to 24 CFR §972.200(b), hereby certifies:

1. The Housing Authority has completed the Initial Assessment required by 24 CFR §972.200(b). A copy of the Assessment is annexed hereto.
2. The Initial Assessment is based on a review of each of the Authority’s general occupancy developments as public housing assisted under the Housing Act of 1937, as amended, made by the Authority’s professional staff. Excluded from that review are developments that are:
  - a. subject to required conversation under 24 CFR Part 971;
  - b. the subject of applications for demolition or disposition that have not been disapproved by the U.S. Department of Housing and Urban Development;
  - c. the subject of HOPE VI revitalization grant awards, or
  - d. designated for occupancy by elderly and / disabled families
3. The Housing Authority has considered the implications of converting its general occupancy developments to tenant-based assistance.
4. The Housing Authority has concluded that conversation is inappropriate because removal of its general occupancy developments does not meet the necessary conditions for voluntary conversation described in 24 CFR §972.200(C).
