➤ **Executive Summary**

[24CFR Part 903.79(r)]

At PHA option, provide a brief overview of the information in the Annual Plan

This same **Annual Plan** is a continuation of a process that provides a framework for local accountability and an easily identifiable source by which public housing residents, participants in the tenant-based assistance program, and other members of the public may locate basic PHA policies, rules and requirements concerning its operations, programs and services.

The Municipality of Vieques has an established Section 8 Office to administer the Housing Choice voucher Program, as well as other Tenant-based (Section 8) subsidized housing program in order to assist financially disadvantaged families in meeting their housing needs, mainly decent, safe and sanitary housing as well as to their health and well-being. There are two major philosophy components in the tenant-based subsidized housing program:

- To give extremely low-income and low-income families the opportunity of choice and mobility in selecting where they choose to live;
- Maintain the essential elements of a private relationship between the tenant and the landlord on matters other than rent.

Because of this philosophy, the Housing Choice Voucher Program is tenant-based and does not tie the participant to any particular housing unit. This Municipality also administers various tenant-based subsidized housing program geared towards certain sectors of the population in general to afford them the same opportunities as other extremely low-income families within the general population. The programs that are being administered by the Municipality of Vieques are as follows:

Moderate Rehabilitation Program - a program geared to provide assistance to upgrade substandard rental housing and to provide rental subsidies for extremely low-income and low-income eligible families.

The purpose of the **Municipal Program** is to assist the families during financial distress as well as gradually reduce the amount paid by the program in an efficient manner, while at the same time motivating these same families. This is indirect relation to both the major commitments and priorities of the U.S. Department of Housing and Urban Development (HUD). **The Municipality of Vieques is Tenant -based (Section 8) only PHA.**

The Annual Plan of Vieques as presented herein furthers HUD's statutory goal of merging the Certificate and Voucher Program respectively, in accordance with the Quality Housing and Work Responsibility Act of 1998, 24 CFR 903. Section 545, whereby, the Municipality of Vieques has established a unified vision of community actions. This same Plan will permit Vieques a chance to shape the various programs presented herein into effective, viable, and coordinated strategies, involving citizen participation.
