1. Five Year Plan Progress Statement

The Housing Authority of the City of Kingsville has worked to ensure that a positive difference is made in the lives of families. The PHA in the past year has worked hard in order for families to be assisted under the Public Housing and the Section 8 Program. Much progress has been made in reaching assistance to families at 100% lease-up in the Section 8 Program as is indicated by the small waiting list reflected on this plan. Public Housing continues to work hard at reaching families through dedicated efforts by both management and maintenance of the developments. This PHA feels that with Capital Fund grants, public housing developments shall be of greater appeal to Kingsville Residents.

The steps leading to the revitalization of a low income neighborhood in our community continue to be of great importance to this PHA. One, 3 bedroom, brick home has been completed through the collaboration of local partners. The house is located in that same low income area and we continue to work toward attempting to build more homes with agency partners.

Improvement within our administrative practices and the capital fund program continue to be visible. We continue to work with the improvement board which delineates areas where improvement is necessary and we are working to improve those areas. The use of Capital funds to improve both public housing units and the areas which our residents utilize has been of great benefit to both the public housing residents and the community as a whole.

The deconcentration policy continues to be difficult to implement. The policies are established in our office, however, the majority of applicants continue to be extremely low income families. Very few applicants are very low or low income. We have therefore had to deviate from the deconcentration percentages that are required of this PHA.

An aggressive campaign against crime in public housing continues to be implemented and through the community policing effort, success is visible with the number of cases documented and programs implemented.

This PHA continue to ensure equal opportunity in housing as it is critical in the way this PHA functions.

The Resident Association and Community Partners continue to make the Kingsville Housing Authority progressive. The partners include, the Kingsville Resident Association, City of Kingsville Police Department, Coastal Bend College, Alice Co-Op, Community Action of South Texas, and The Kleberg County Extension just to name a few.

2. Pet Ownership Policy Summary

The Kingsville Housing Authority has implemented the pet policy for all residents that reside in public housing. The pet policy is a lengthy document that consists of rules that all pet owners must follow. The following are key points that are included in the pet policy.

All City and State ordinances on pets are adhered to through this policy.

All families residing in public Housing are allowed a maximum of one pet. The pet must be considered a common household pets. All residents must register their pets at the central office location prior to bringing them on to property. No fighter breeds will be allowed on the premises. There is a maximum height and weight established for all pets with the exception or such pets as seeing eye dogs

There is a pet deposit for elderly and disabled and pet fee for all other families residents in public housing. These deposits and fees shall be utilized for items such as any damages by pets to an apartments or outer premises and any extermination that may be necessary due to these pets residing in apartments.

Pets are required to be cared for and families with pets are required to care for pets and pick up after all pets both inside and outside of apartments.

Pet violation procedures have been implemented in which the families are given meetings in the event that there may be some indication that they are violating policy.

If pet ownership policy is not followed, then the pets must be removed and a fine may be imposed or in the event of serious/continuous violations, a termination of pet owners residency may ensue. These rules are set up with one main objective, which is the safety of all families and guests in public housing.

WHEREAS, the Quality Housing and Work Responsibility Act of 1998 states "a public housing agency shall submit with its annual public housing agency plan under section 5A an admission policy designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects and

WHEREAS, the Quality Housing and Work Responsibility Act of 1998; Initial Guidance; Notice Issued February 18, 1999, effective April 1, 1999, requires that a resolution be passed by the housing authority indicating that required amendments have been made to said policy and adopted by the Board of Commissioners,

NOW, THEREFORE BE IT RESOLVED, by the Board of Commissioner of the Housing Authority of the City of Kingsville that the required amendments to the Admissions and Occupancy Policy have been duly adopted and read as follows:

In its assignment of units, the Authority will, to the maximum extent possible, avoid concentration of the most economically and socially deprived families in any one or all of its developments, in an attempt to achieve a broad range of incomes. As required by the Quality Housing and Work Responsibility Act of 1998,

1. At least 40 per cent of the families admitted during the fiscal year must not have incomes over 30 per cent of the median income for the area, as defined by HUD.
2. In order to prevent or correct concentrations of the lowest income families in any one project, the Authority may skip over another family on the waiting list in order to house a family with higher income.

Amendment Dated 2/25/00

The Kingsville Housing Authority has adhered to these federal regulations and will continue to implement policy. However, this PHA finds a great need to house a greater percentage of extremely low income families as reflected through the waiting lists.
