CRITERIA FOR SUBSTANTIAL AMENDMENTS OR MODIFICATIONS SIGNIFICANT DEVIATIONS FROM THE 5 YEAR PLAN

The Code of Federal Regulations (CFR) at 24 CFR Part 903 Section 7, Public Housing Agency Plans: Final Rule issued on October 21, 1999 is very specific with respect to the information a PHA must provide in its Agency Plan. Part 903 Section 7 (r) (2) states that a PHA must identify the basic criteria the PHA will use for determining.

- A substantial deviation from its Five -Year Plan and
- A significant amendment or modification to its Five -Year Plan and Annual Plan

Notice PIH99 -51 states that PHA's must define the terms "Substantial Deviation and "Significant Amendment or Modification" by stating the basic criteria for such definitions in an annual plan that has met full public process and Resident Advisory Board review.

HUD considers the following actions to be Significant Amendments or Modifications:

- Change to rent or admissions policies or organization of the waiting list;
- Addition of non -emergency work items (items not included in the current Annual Statement of Five -Year Action Plan) or change in use of replacement reserve funds under the Capital Fund;
- Addition of new activities not included in the current PHDEP Plan; and
- Any change with regard to demolition or disposition designation, homeownership programs or conversion activities.

Any substantial deviation from the Mission Statement and/or Goals and Objectives presented in the Five -Year Plan that cause changes in the Services provided to residents or significant changes to the Agency's financial situation will be documented in subsequent Agency Plans.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by HUD.

The meeting opened with Louis Aragona, Executive Director, introducing himself, Janie Kitzmiller, Chair of CHA's Board of Commissioners and staff members present including John Hurst, Ron McVaney, Margaret Hurst, Jill Swain and Joni Cooper.

Mr. Aragona began with a brief overview for the purpose of this meeting discussing HUD's requirement of a 5 -Year Plan, procedures, goals and objectives. Each year CHA submits an Annual Plan with input from its residents, which was the main purpose for this meeting. During this meeting, last year's proposed activities would be discussed.

There is now a waiting list for housing at this time. Mr. Aragona advised residents to encourage their friends, family members, and acquaintances that are in need to apply for housing at this time. Anyone may call or visit the Clarksburg Housing Authority for more information.

The Clarksburg Housing Authority will use its financial resources to support the housing "needs" of its residents and participants at this time. Mr. Aragona stated CHA would try to accommodate residents' "Wants" at a later time.

Mason House resident Ms. Teresa Simonette asked, "Who's going to wash the outside of the apartment windows at Mason House this year?" Margaret Hurst advised Ms. Simonette that only the inside of the windows were required to be cleaned for inspections. Ms Simonette stated no one could see "out" the windows because there were so dirty. It was advised that this matter would be discussed with staff members and someone would be in contact with Ms. Simonette.

Ron McVaney, Manager of Maintenance, discussed upcoming projects and proposed projects from each of the three housing complexes. Mr. McVaney advised the need for some projects to "roll over" from year to year. These projects, as described in the PHA Plan include:

1. Mason House
 - A. Apartment Refurbishment
 - B. Sprinkler System.
 - C. Carpet and Tile Replacement
 - D. Appliance Replacement
 - E. Landscaping
 - F. Apartment Remodeling
 - G. New Entrance Doors
 - H. New Laundry facilities
 - I. Outside Retaining Wall.

Elevator refurbishment is proposed for 2003.

2. Laurel Lanes
 - A. Bathroom remodeling (upgrade). Mrs. Cheryl Wiseman, resident of Laurel Lanes, asked for details. Mr. McVaney advised this would include the replacement of the medicine cabinets and toilets.
 - B. The addition of these security cameras.
 - C. Sidewalk, drain and patio additions

- D. Boiler and water heater replacement
- E. Laundry room improvements. When questioned about this project, Mr. McVaney advised this entailed "dropping the ceiling."
- F. Termite protection.
- G. New parking spaces
- H. The addition of awnings and window shutters. Mrs. Wiseman asked the status of this last project as this was mentioned last year and has yet to see this project began. Mr. McVaney advised the shutter project would begin soon. The bid proposal received for the awning attachment was extremely high and above the projected amount. Revisions were needed before implementing this project.

Expected projects for 2003 include:

- A. Sandblasting
- B. Landscaping
- C. Paving the parking areas
- D. New deck and railing for the handicapped apartments
- E. New Dumpster pads.

When asked for comments from any Laurel Lanes resident, Mrs. Wiseman in apt. 22 advised she had a strange odor permeating from the drain in her laundry room. This same odor could be smelt in her mother's apartment, #223. Could this possibly be sewer gas? Mr. McVaney advised that staff members would look into it but that there should be no odor as she uses that drain a lot.

Mr. Aragona advised that communication between Housing Authority staff members and residents is an important key here. There are usually valid reasons for delays in procedures, whether with maintenance of the administration. When there is a lack of communication, there is confusion for the resident. Residents are encouraged to call the Housing Authority office at any time and this will provide residents with a sense of security.

Ms. Betty McKelvey advised that the paint from the railing leading to her apartment was chipping and could be dangerous to use. Mr. McVaney advised this would be addressed and Mr. Aragona reiterated the importance of communication.

Mrs. Wiseman questioned the issue of exhaust fans in the kitchen area as this issue was mentioned at last year's meeting. Mr. McVaney stated that this project had been examined and it was found that it was not "feasible" due to structure problems. However, CHA will continue to look into other alternatives.

Ms. McKelvey was wondering why her smoke alarm was closer to her bedroom than the kitchen as other apartments. Mr. John Hurst advised that all smoke alarms are placed according to the State code. He stated that her smoke alarm was placed in its current position because her apartment was a one-floor apartment.

3. Koupal Towers

The major proposed project for this site includes the enclosure of the balconies with screens. The time frame for this project, as with all projects, depends on the bids receives. Other projects included:

CHA

- A. Appliance replacement and boiler replacement.
- B. Landscaping
- C. Common area refurbishment
- D. Entrance door replacement
- E. Elevator refurbishment (more like the one the hospital uses)
- F. Parking lot improvements
- G. Use of pastel color red paint instead of just "string of pearls" for walls.

Mr. McVane stated that the sprinklers system project has been put on the back burner until approximately 2007.

Director Aragona restated that delays are inevitable but that sometimes -bidding procedure make for more delays.

Ms. Simonette again questioned the subject of the Mason House windows. Mrs. Hurst advised that last year the man that washed the outside windows received bad checks. She knew of a Koupal Towers' resident whose son may do it but for cash only. Again, Mrs. Hurst advised that residents are responsible for the inside only of the windows.

Ms. Simonette questioned the replacement of the medicine cabinets and bathroom sinks. Why had this project not started? She also noted that the apartments, which is occupied, above her had been refurbished with a new shower unit. As she has recently had knee surgery, she is in need of the new shower unit. Mr. McVane advised that new shower units are placed in unoccupied apartments first and then those apartments with residents receive a unit. Mrs. Hurst stated the resident above Ms. Simonette was willing to use a relative's bathroom until his was completed. Ms. Simonette stated she was willing to do the same.

Ms. Simonette stated that "their resident commissioner" had stated "this and that" about issues to be addressed by CHA.

Mr. Aragona advised that Mr. (Anthony) Clutter is an important part of CHA's Board of Commissioners but that he is only one of five. He is not a part of the day-to-day operations of the Housing Authority and therefore, is not up on the daily issues addressed by the housing authority. He advised the Resident Advisory Board to bear in mind that the truth usually lies somewhere in the middle.

Ms. Simonette advised that the Resident Advisory Board has heard the same story year after year with no results (to certain projects.) Mr. Aragona stated what had been proposed which was that CHA would begin the installation of the medicine cabinets and sinks this year. Mr. Aragona stated that CHA staff members and its' Board of Commissioners are sensitive to the needs of the residents and called for patience from the residents. He also stated that he would speak to Mr. Clutter (who was not present.)

A Mason House resident advised that public housing residents in Marion and Monongalia counties had their carpets cleaned once a year by their prospective housing authorities. Could this happen in Harrison County? Mr. Aragona informed her that the issue would be examined.

Koupal Towers residents questioned the removal of one of the trees right outside the entrance door and why there were no speed bumps. Mr. McVane advised that the tree removal issue would be looked into. As for speed bumps, it was a matter of safety as speed bumps could cause older resident drivers to quickly jerk their vehicles if driving too fast. Laurel Lanes residents also questioned speed bumps, as the safety of the children is an issue.

Koupal Towers' resident, Janet Swiger, advised that one of the heat/air conditioning units in the community rooms was not working. Mr. McVane and Mr. Hurst advised that the units were too powerful, too large for the breakers. Continued use of both units would "blow the breakers." Upgrading the systems was a possibility and would be analyzed. Maintenance staff members stressed for residents to call in "work orders".

A Mason House resident mentioned the alleged abuse of the washing machines. There was concern about older washing machines in need of repair. Mr. McVane advised that this be handled by an outside agency whose telephone number was printed on the outside of the machines. Residents could call this outside agency for further assistance. Ms. Simonette advised that residents wash all hours of the day and night and do not observe the rules on the posted signs. It was also stated that people are loitering the lobby at Mason House when they are not waiting for a ride. Also, drinks were spilt in the lobby area at Mason House and on the elevator. Ms. Simonette advised she has cleaned spilt messes several times.

Mr. McVane advised that entrance doors would be replaced at Koupal Towers. He also advised that the apartment doors at Mason House as well as stile in the common areas is proposed to be replaced in 2003. A Koupal Towers resident asked if broken glass could be swept from the Dumpster pads on days when trash is removed. Mr. McVane is advised this should be done already.

Mr. Aragona advised that he has an "Open Door Policy" and encouraged all residents to pick up the telephone and call. He stated he would visit each site as soon as possible. He apologized for not doing so sooner and stated there were bigger issues that needed to be immediately addressed.

Janet Swiger extended an invitation to Mr. Aragona to attend the Koupal Towers monthly Tenant Association meeting on Wednesday, March 13 at 6:00 p.m. Mr. Aragona apologized and stated he would not be able to attend this time due to a prior commitment.

When questioned by several residents, Mrs. Hurst stated that annual spring inspections would be late April/early May.

In closing, Mr. Aragona stated, "CHA could not do everything on their lists this year and requested residents to please be patient. He reminded everyone to "not go by what you hear." We will make every effort to address your needs and wants accordingly. Thank you for attending."

5 YEAR PLAN PROGRESS REPORT

The mission of the Clarksburg Housing Authority remains the same; to promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

Goal 1: To reduce public housing vacancies.

We have a vacancy problem due to a glut of available housing in our area. We are actively promoting our units through television ads (public service announcements) newspaper ads, flyer distributed throughout the area to business, churches, and various agencies.

Goal 2: Renovate or modernize public housing units.

This is an ongoing project. Each year we do major remodeling on a number of vacant efficiency units. We also are doing major remodeling on our family units, in order to compete with the private sector.

Goal 3: Provide voucher mobility counseling;

This is a part of our ongoing program.

Goal 4: Conduct outreach effort to potential voucher landlords.

This is a part of our ongoing program.

Goal 5: Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments;

We have been doing outreach to working families by distributing flyers throughout the area advertising our units and listing the amenities and programs offered to our public housing residents.

Goal 6: Implement public housing security improvements;

We provide security foot patrol throughout our family development. This is funded through PHDEP. We also are in the process of installing security cameras strategically throughout the development.

Goal 7: Increase the number and percentage of employed persons in assisted families.

Same answer as in reply to goal 4.

Goal 8: Provide supportive services to improve housing assistance, recipient's employability.

We provide a myriad of supportive services through our programs.

Goal 9: Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion, national origin, sex, familial status, and disability.
