 1. Determination of non-compliance is subject to grievance procedures; and
 2. The resident’s lease will not be renewed unless the resident enters into an agreement to comply with the community service requirement.

The PHA may not renew or extend the resident’s lease upon expiration of the lease term and shall take necessary action to terminate the tenancy of the household, unless the PHA enters into an agreement with the resident, before the expiration of the lease term, to cure any non-compliance by contributing community service or participating in an economic self-sufficiency program for as many additional hours as the resident needs to comply in the aggregate with such requirements over the 12-month term of the lease.

Implementation: Prior to December 1, 2000, the manager reviewed each resident’s file and determined which household members were affected by the community service requirement. Those residents were notified, in writing, that they must meet with the manager to discuss the requirement, and determine a plan of action to be taken, effective January 1, 2001.

Persons submitting applications for admission are informed at their briefing of the requirements.

Provisions of the Community Service Requirement have been temporarily suspended per instructions from DHUD-The PHA will keep these policies in place, but will not continue implementation until instructed to do so by DHUD.

STATEMENT OF PROGRESS IN MEETING THE GOALS AND MISSION OF NORTHWEST REGIONAL HOUSING AUTHORITY

Mission: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

Goals: Increase the availability of decent, safe, and affordable housing; improve community quality of life and economic vitality; promote self-sufficiency and asset development of families and individuals; ensure equal opportunity in housing for all.

Actions: Northwest Regional Housing Authority continues to offer a variety of programs to the seven counties that we serve. We have received the designation of “high performer” on both the SEMAP score for our Housing Choice Voucher Program, and our PHAS score for our Public Housing for the FY ended December 31, 2002. Our staff is kept up-to-date on current issues and regulations by attending DHUD sponsored meetings, as well as meetings with industry groups. Besides our Housing Choice Voucher Program and our Public Housing, the housing authority also manages six apartment complexes. The management of these properties helps us to achieve and overall view of the housing needs in the area, and strive to alleviate housing shortages.

The housing authority did not implement a Project Based Voucher program during 2002, as planned. The Department of Housing and Urban Development was expected to publish new rules and regulations on this program, but they have not been forthcoming. The housing authority intends to pursue this program, upon receipt of these new regulations.

The Family Self-Sufficiency Program continues to assist families in reaching their goals of independence from assistance programs. Participants are involved in job skills training and pursuit of higher education, with many successfully graduating from the program. Many of these families acquire a significant sum in an escrow account while participating in the program, and these funds are used to purchase homes, cars, or pay off debts upon their successful completion. In addition, the Housing Authority, along with a landlord who participates in our Voucher program, annually awards scholarships to Family Self-Sufficiency participants who are pursuing a college education.

Capital Funds have been utilized to improve the quality of the Public Housing, with emphasis given to deficiencies found in PHAS PASS inspections, as well as annual inspections by Housing Authority staff. The Resident Advisory Board has been very active in planning Capital Expenditures for the next five years. Residents seem happier and better satisfied with living conditions, and vacancy rates have dropped since the Capital Fund Program has been utilized. The Housing Authority employs a Resident Initiatives Coordinator who organizes self-sufficiency programs, which are held in the Public Housing Community Room. The coordinator attends the local resource council meetings to gain knowledge of other programs available to our clients.

A big change for the Housing Authority will occur in 2003, as we will begin participation in Homeownership Programs. The Housing Authority plans to utilize up to 25 Housing Choice Vouchers to be used for Homeownership instead of Rental Assistance. Plans are underway to develop partnerships with lending institutions; USDA, Rural Development; Credit Counseling Agencies; Realtors; and other entities to assist with this project. The Housing Authority also has applied for funds from USDA, Rural Development to implement a Self-Help Housing Program, which will complement the Housing Choice Voucher Homeownership Program.

The Housing Authority applied for, and was awarded 31 additional Housing Choice Vouchers under the Fair Share Allocation NOFA during 2002. During 2003, the Housing Authority will apply for additional vouchers, if needed, in order to keep the time spent on the Voucher waiting list to a reasonable amount.

During 2003, Northwest Regional Housing Authority will continue to explore new avenues which would better serve our clients and area; continue to attend training on existing programs in order to better utilize funding; and give high priority to ethics and principles in the operation of the Housing Authority.

ar010b01

Project-Based Vouchers

During 2002, the PHA had planned to implement a Project-Based Voucher program. However, the Department of Housing and Urban Development was expected to publish new rules and regulations for this program during 2002, and these rules have yet to be published. As soon as new regulations are published and finalized, the PHA will continue the original plan to implement.

The PHA would like to utilize the Project-Based Voucher program to encourage landlords to make long-term commitments to assisting low-income families in their units. Many families experience difficulty in finding affordable units to lease. The housing authority is currently assisting a large number of families in Baxter County, and would like to assure a supply of units will be available for the next several years. The housing authority will advertise in the area of Norfolk and Mountain Home (Baxter County) to see if there are any landlords in those areas that are interested in participating in the Project-Based Voucher Program. The housing authority will be seeking a project-based program of approximately 12 units in the Norfolk area and 20 units in the Mountain Home area. We will especially be seeking units designated as "elderly" in Mountain Home, as the area is a retirement community and many of our participants in Mountain Home are elderly.

If the program in Baxter County is successful, the housing authority will seek landlords for participation in other counties in our jurisdiction where families have difficulty finding affordable housing units.
