3. Emergencies

- a. The PHA shall have the right to remove a pet that becomes vicious, displays symptoms of severe illness, or demonstrates other behavior that constitutes an immediate threat to the health and safety of the tenancy as a whole.

5. Nuisance or Threat to Health or Safety

Nothing in the dwelling lease or Pet Policy prohibits the PHA or an appropriate community authority from requiring the removal of any pet from the project, if the pet's conduct or condition is duly determined to constitute, under the provisions of State and/or local laws, a nuisance or a threat to the health or safety of other occupants of the project or of other persons in the community where the project is located.

F. Pet Rule Violation Procedures

1. If the PHA determines on the basis of objective facts, supported by written statements, that a pet owner has violated a rule governing the ownership or keeping of a pet, then the PHA will serve a written Notice by sending the Notice by first class mail, or by serving a copy of the Notice to any adult that accepts the Notice at the unit, or by placing the Notice under the door of the unit.

Progress in Meeting the 5 -Year Plan Mission and Goals

Our Mission is: Topromoteadequateandaffordablehousing,economicopportunityanda suitablelivingenvironmentfreefromdiscrimination. We have been and will continue to support our mission.

The following describe our goals and objectives and our progress:

Goal One : In HUD's Strategic Goal of increasing the availability of decent, safe and affordable housing, we have attempted to expand the supply of assisted housing. Our specific objectives for this goal were to apply for additional vouchers as they become available and to maintain a high occupancy rate. We currently seek any additional vouchers and have maintained a high occupancy rate of 97%.

Goal Two : To improve the quality of assisted housing by improving our housing management and voucher management scores. Our specific objective was to continue to be recognized as a High Performer by HUD. We have done this with a housing score of 96 for PHAS . Our SEMAP score did not increase, but we will strive to improve on that this year. In this particular goal, we also had an objective of improving customer satisfaction by increasing communications with the residents, encouraging resident meetings, and increasing resident programs. The Authority has sent out notices, newsletters, resident surveys and has resident meetings. Also, in addition to a Kid's Club and a Women's Connection Group, we are trying to develop Girl Scouts and Home Extension Programs. We also improved our score on Resident Surveys as part of PHAS (9 of 10 points). Our final objective under this goal is to renovate or modernize Public Housing Units. We continue to do this through the use of our Capital Funds.

Goal Three : Our objective to increase assisted living choices were to provide voucher mobility counseling and conduct outreach efforts to potential voucher landlords. We have been meeting these objectives.

Goal Four : Under HUD's Strategic Goal of improving community quality of life and economic vitality, we have a PHA Goal of providing an improved living environment. Our objective is to implement public housing security improvements. We have done this by providing weekend security patrols with off-duty police officers. We also provide two units of public housing for the police officers. We also have an objective of identifying and assisting families in obtaining needed services. We meet this by obtaining various brochures for the residents.

Goal Five : The Housing Authority of the City of Springdale has a goal of promoting self-sufficiency and asset development of assisted households. Our objective is to provide or attract supportive services to improve the employability of the tenants by partnering with technical schools and employment agencies. We have had Northwest Arkansas Technical School come to

the Authority to conduct meetings and discuss available classes. We also have an objective to provide or attract support services to increase the independence for the elderly or families with disabilities. Our approach was to partner with agencies such as Area Connection and the Elderly Nutrition Program for support services. We are doing this. We also work with Ozark Extension Services.

Goal Six: Our final goal is to ensure equal opportunity in housing for all Americans. We take every effort to ensure that everyone in Public Housing and Section 8 is allowed access to assisted housing, a suitable living environment and accessibility for the disabled regardless of race, color, religion, national origin, sex, familial status and disability.

ATTACHMENT A

DECONCENTRATION OF POVERTY AND INCOME MIXING

The PHA's admission policy is designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects.

Gross annual income is used for income limits at admission and for income-mixing purposes.

Skipping of a family on the waiting lists specifically to reach another family with a lower or higher income is not to be considered an adverse selection to the family. Such skipping will be uniformly applied until the target threshold is met.

The PHA will gather data and analyze, at least biannually, the tenant characteristics of its public housing stock, including information regarding tenant incomes, to assist in the PHA's deconcentration efforts.

The PHA will use the gathered tenant income information in its assessment of its public housing developments to determine the appropriate designation to be assigned to the project for the purpose of assisting the PHA in its deconcentration goals.

If the PHA's annual review of tenant incomes indicates that there has been a significant change in the tenant income characteristics of a particular project, the PHA will evaluate the change to determine whether, based on the PHA methodology of choice, the project needs to be re-designated as a higher or lower income project or whether the PHA has met the deconcentration goals and the project needs no particular designation.

Aggregate Average

The PHA will review the annual resident income of all of its sites and using the incomes of all families in all developments as a baseline, determine the average income of all of its resident families.

The PHA will designate higher income developments those with average income above the aggregate average.

The PHA will designate lower income developments those with average income below the aggregate average.

ATTACHMENT B

Resident Assessment Follow -Up Plan

The only section of the Resident Assessment Follow -Up Plan needing to be addressed is Safety. The Housing Authority provides weekend security patrol with off -duty police officers, and it provides two units of public housing for police officers. The survey results indicate that the resident's perception of bad lighting led to the need to address the safety factor. Development AR104 -2, Phillips Plaza, currently has city lights. More were added recently. Development AR104 -1, Spring Creek Apartments, also has city lighting. This development is landscaped with many large shade trees. It is possible at night that they preclude some of the city lighting from reaching the ground. They do have porch lights. The only other solution may be adding pole mounted lights in dark areas. The Resident Advisory Board will be asked about the perceived bad lighting problem.
