C. Strategy for Addressing Needs

The Housing Authority for the City of Morrilton recognizing the need for additional housing to support family needs is networking with the Department of Human Services and Local Citizens to acquire land and develop homes through our Home Construction Course. **The housing needs of the low, very low, and extremely low-income families on our waiting list consist of two main issues. Affordability and Supply. Our units are affordable and rent is based on income. Our waiting list is long, due to a shortage in available rental housing.**

The Morrilton Housing Authority is committed to providing quality, affordable housing, that is decent and safe, to eligible families in this community. We strive to make the best use of all available resources so that our residents may live in an environment that is clean, well maintained and attractive. Our goal is to manage our public housing units in a manner that is consistent with good, financially sound property management practices, by taking advantage of available community and government resources, we intend to provide our residents with as many opportunities for economic self-sufficiency as we can identify. We endeavor to instill pride and a desire for an enhanced quality of life for our residents and their families. We are committed to serving our residents and this entire community in a manner that demonstrates professional courtesy, respect and caring.

To avoid concentrations of economically and socially deprived families in any one or all of the HA’s public housing developments.

To lawfully deny the admission of applicants, or the continued occupancy of residents, whose habits and practices reasonably may be expected to adversely affect the health, safety, comfort or welfare of other residents or the physical environment of the neighborhood, or create a danger to PHA employees.

To attempt to house a tenant body in each development that is composed of families with a broad range of incomes and rent-paying abilities that are representative of the range of incomes of low-income families in the PHA’s jurisdiction.

To provide opportunities for upward mobility or families who desire to achieve self-sufficiency.

To facilitate the judicious management of the PHA inventory, and the efficient management of the PHA staff.

To ensure compliance with Title VI of the Civil Rights Act of 1964 and all other applicable Federal laws and regulations so that the admissions and continued occupancy are conducted without regard to race, color, religion, creed, sex, national origin, handicap or familial status.

The family will be required to pay the increased amount until the arrears are paid in full.

If the family goes into default on the repayment agreement for back rent incurred during a minimum rent period, the PHA will reevaluate the family's ability to pay the increased rent amount and:

Minutes
Morrilton Housing Authority
Resident Advisory Board
June 22, 2001

Meeting was held at the Morrilton Housing Authority Office at 9:00 a.m. The following members were present: Executive Director Richard Upton, Morrilton Housing Authority Inspector Danny Ward, Resident Advisory Board Coordinator Tina Smith, Residents Barbara Lane, Sheila Ward, Billy White, and Thomas Jones.

Executive Director Richard Upton called the meeting to order.

ITEMS COVERED:

The purpose of the board was discussed with the residents so that they can understand the meaning of the job that they have volunteered to do. The Resident Advisory Board (RAB) was composed to help the Housing Authority decide what the best interests of the residents are. The Morrilton Housing Authority needs the comments from this board and anyone that they can do outreach to.

The RAB voted to elect the Senior Advisor. Barbara Lane volunteered and it was then voted to elect Barbara Lane to the position of Senior Advisor. The vote was unanimous.

Mr. Richard Upton explained with the Board what he hoped to accomplish in the next five years. Mr. Upton also explained the Morrilton Housing Authority Five Year Plan with all members and told them it was in the Board Room anytime they wanted to go over the Plan in its entirety. After that discussion Mr. Upton asked for any comments that the residents might have.

The Board then opened up discussion on Central Heat and Air being installed in all units. All members agreed that they thought that would be a wonderful idea. Barbara Lane made a comment on the elderly and disabled units needing dryer connection in their apartments. She said that it is hard for some residents to hang up their clothes on a clothesline. Mr. Upton said that was in the Five Year Plan and he has looked at several different ways to install dryers for the units in Bridewell Manor.

Other ideas from the residents were:

1. Installing playground equipment for the youth.
2. Providing a more effective means of parking for residents
3. Police officers needing to walk around all areas including Bridewell Manor. The elderly feel like they are being left out because they do not get patrolled. All the residents on the board feel it would be a great benefit if we had a full time patrol officer of some kind.
4. Security gate or security office to monitor the people coming and going onto the Morrilton Housing Authority grounds.
5. Fencing off the area around parking areas so that residents will stop driving up to their apartments and parking there over night.

Mr. Upton discussed with the residents that we will try to address all problems as they arise, but it won't always be possible for us to fix the problems. We have to first continue to meet the HUD Quality Standards in all apartments, and then we can add the niceties of life.

The Resident Advisory Board discussed how often they would like to meet. The RAB decided to meet every Friday at 9:00 a.m. Mr. Upton told the board they can bring resident that wanted to come to the meeting with them. Everyone was invited. Miss Lane will start attending the Morrilton Housing Authority staff meetings on Friday's at 8:00 a.m.

Mr. Upton asked all RAB members to write comments if there was something that they would like to be looked at. With no more business to discuss, Executive Director Richard Upton moved to adjourn. Meeting was adjourned.

Comments from Resident Advisory Board

Sheila Ward

Trash Cans- Fly Spray & Lime for smell

Carts- To push groceries to apartment

Ramps- Cleaned-Sweep and brush leaves ect. Picked up.

Billy White

More security

Parking on Bentley-assigned Parking by apartment numbers

Open up parking on the left of 209 A and 209 B Bentley for additional parking spaces

Thomas Jones

Extend the length of time from 60 days to look for an apartment.

Change the amount of payment to Landlords. Most Landlords want more money than MHA pays a month.

Decrease the amount a tenant has to pay from 30% of income. Most single parents are not able to get ahead if they have to pay 1/3 of income in rent, 1/3 in utilities, 1/3 in groceries. A single parent can not get ahead or do extra stuff with their kids.

Policing in the area

Ceiling fan box in ceiling made more sturdy

Dryer connection in apartment

Clean Gutters

Replace patios and wash the wall of bee waste

Playground equipment-Back over in lower area of Bridewell Manor. Both elderly and youth would enjoy that.

Maybe put in a baseball field

The kids need something to stay out of trouble.

ATTACHMANT B

EMPLOYMENT SERVICES

NEED

There is a need for a Career Center/Job Bank in Conway County that will be accessible to and supportive of individuals seeking employment, training, and as a resource for employers.

Currently housing inventory includes 3 principle programs for the City of Morrilton. The Housing Authority manages 206 family/elderly units under the Public Housing Sector. 45 elderly/disabled apartments, subsidized under Farmers Home Program & Section 8, has 104 certificates available for applicants of Conway County to receive housing assistance. Emergency Housing is non-existent.

NEED DOCUMENTATION

There is a need to provide pre-employment training and work maturity skills. In recent survey of the TEA clients, 91% stated they had no advance training for employment, 9% had poor basic educational skills, 25% had neither a High School Diploma nor a (GED), and 21% claim to have a learning disability.

The City of Morrilton has a requirement for temporary emergency housing, which will facilitate our efforts to properly house individuals and families while in the transitional phase of re-establishing their futures. The city of Morrilton has a need for apprenticeship programs which could assist in the welfare-to-work (W-T-W) job training of potential employees, while providing decent housing for individuals and families in the transitional phase of re-establishing their futures.

GOAL

Establish a Center that will provide resources and equipment for employability skills training that will meet the needs of employees/employers.

Acquire 2 Public Housing units and establish them as Emergency Housing. These units would accommodate W-T-W, allow applicants to reside closer to jobs and more suitable housing through one of the three available housing programs already in place. A training program can be developed through the Housing Authority which would allow us to train clients in home construction, remodeling techniques and maintenance fields.

PROGRAM NARRATIVE

The goal of the Career Center in Conway County will be to provide a program that will meet the needs of employees/employers. The Center in Conway County is a “touch point” in the organization design of West Central Arkansas Planning Development District (WCAPDD) whose base of operation for this area is Russellville, Arkansas.

Personnel from JTPA staff and volunteers will man the center. It will be available to the clientele and employers. Time for training activities and other activities will be dependent on the basis of the needs of the client and availability of existing resources to meet the needs. A schedule of activities will be developed at periodic intervals and publicized through the media, announcement in specific locations, and through memos to employers.

The JTPA office and other educational professional institutions will provide materials, including software. Service providers and foundations will provide human and capital resources that will be utilized in the operational aspects of the program. Other resources will include the Morrilton Chamber of Commerce and Conway County Industrial Development Commission. The entities will play a prominent role in developing a working relationship between the employees and the employer with the Center acting as a liaison.

the success of the program will be built on the training, availability of permanent employment, and access to a range of employment opportunities. These items will be prime priorities in the establishment and operation of the center for existing and future clientele.

The Center will utilize the expertise and skills of several existing resources. Those that have indicated commitment are JTPA, Adult Education., Petit Jean College, Families First, Employment Security Division, Manpower, Counseling Associates, Community Service, Inc., Morrilton Housing Authority, Dept. of Health., South Conway County School District and the Ministerial Alliance. Other entities will be recruited to further enhance the viability of the Center.

The Housing Authority has an active interest working with the local TEA Coalition in both establishing and maintaining safe, decent housing and to provide assistance in helping applicants establish good sound work ethics coupled with experience which can be valuable to potential employers. In order to provide adequate housing and assistance to applicants, our intention is to provide two public housing units fully furnished and to maintain utilities year round for transitional housing. Transit housing is only a footstep in the direction needed to secure housing either through Housing Assistance programs or to a self-sustaining posture.

This emergency housing using public housing is a temporary solution; however, a necessary step needed to provide time to establish temporary housing units built by potential candidates learning a trade through the Housing Authority and the TEA Coalition.

In addition to transitional housing, the Conway County Housing Authority in cooperation with Arkansas Construction Education Foundation would like to implement a training program with a multi-faceted training approach:

- D) Provide additional housing units to low income and very low income housing through a work training program where a multi-trade environment exists.
- 2) Train applicants in construction techniques while building homes for low income and very low income families to rent through housing assistance programs.

EMPLOYMENT SERVICES

TRAINING OBJECTIVES

- a) Basic Carpentry
- b) Cabinet Building and Installation
- c) Roofing
- d) Soffit, fascia and gutter installation
- e) Finish Carpentry
- f) Siding installation
- g) Rudimentary plumbing and fixture placement
- h) Rudimentary electrical
- i) Flooring
- j) Landscaping and equipment operation
- k) Safety concepts in construction and related fields

Program Sustainability:

This concept and training package has the capability to pay for itself after initial development costs are met.

Home construction revenue will be placed back into the program ensuring future funding for continued training, salaries, materials and new home inventory. Assistance from the Department of Human Services,

JTPA, and the TEA coalition are paramount and a must to help defray employment and construction cost.

A minimum of six months training per applicant is required.

This narrative describes the basic components required for a successful attempt to:

1. Increase availability of low-income housing
2. Start training program for welfare-to-work recipients in home construction and the many different disciplines associated with home construction
3. Allow our program to become self-sufficient

It is our calculation that the residuals proceeds from rental, sale or the use of low-income housing programs (ie: Section 8 certificate voucher programs) will enable us to continue building and training welfare-to-work recipients for many years without

additional funding. The total amount required for a self-sustaining environment .
