Market Analysis

The St. Francis County Housing Authority target market includes American citizens of lower income and lower social -economic status. The most typical persons for our service are someone who is in the lower income category and who needs assistance to provide affordable housing for him/her family.

Risk

The top business risks that the St. Francis County Authority Housing faces are: lack of funds, low Fair Market Rents and other regulatory changes along with cuts in subsidy. The economic risks affecting our agency are lack of adequate funding to properly carry out the mission of the Housing Authority and having to compete with private industry which is less regulated.

Marketing Plan

The St. Francis County Housing Authority's marketing strategy is to enhance, promote and support the fact that our services can be of benefit to lower income citizens to help them obtain self -sufficiency, improve their quality of life and economic stability.

Conclusion

St. Francis County Housing Authority will provide the most services it can, based upon the limitation in resources and other restraints, which may be applicable. The Housing Authority will work toward increasing the availability of decent, safe and affordable housing, to do everything possible to ensure equal opportunity in housing for all Americans, to promote self -sufficiency and asset development of families and individuals who are residents and/or participants, and to improve the quality of life and economic stability of residents and participants.
