SECTION XIII

OWNERSHIP OF PETS IN PUBLIC HOUSING

INTRODUCTION

This Section explains the Housing Authority of the County of Santa Barbara's policies on the keeping of pets and any criteria or standards pertaining to the policy. The rules are adopted in relationship to this Agency's intent to provide a decent, safe and sanitary living environment for all tenants, to protecting and preserving the physical condition of the property, and the financial interest of the Housing Authority of the County of Santa Barbara.

All applicants for public housing units will be advised of the existence of this Pet Policy at the time of their initial application for assistance and a copy of the Pet Policy will be publicly posted in each Housing Authority office for the applicant's review. This Pet Policy shall be explained to new tenants and included as an addendum to their lease agreement; a copy will be provided to the tenant.

EXCLUSION FOR ANIMALS THAT ASSIST PERSONS WITH DISABILITIES

This policy does not apply to animals that reside on the premises and are used to assist persons with disabilities, also defined as "service animals". This exclusion also includes such animals that visit the premises. The exclusion for animals that reside on the premises must be requested and will be granted under the following guidelines:

The tenant or prospective tenant certifies in writing that the tenant or a member of the tenant's household is a person with a disability; the animal requested for exclusion has been trained to assist persons with that specific disability; and the animal actually assists the person with a disability.

A. MANAGEMENT APPROVAL OF PETS

1. Registration of Pets :

Residents must submit a written request in advance for temporary permission to keep a pet on the premises. The temporarily approved pet must then be registered with the Housing Authority within 30 days.

Pet Registration includes :

- a. Current license for the pet in compliance with local ordinances and requirements.
- b. Certificate signed by a licensed veterinarian or State/local authority that the pet has received all inoculations required by State or local law, and that the pet has no communicable disease(s) and is pest-free.
- c. Dogs and cats must be spayed or neutered.
- d. Execution of a Pet Agreement with the PHA stating that the tenant acknowledges complete responsibility for the care and cleaning of the pet.

Section XIII, con't

- e. Registration must be renewed and will be coordinated with the annual recertification date.
- f. Approval for the keeping of a pet shall not be extended pending the completion of these requirements.

2. Refusal to Register Pets

If the PHA refuses to register a pet, a written notification will be sent to the pet owner stating the reason for denial and shall be served in accordance with HUD Notice requirements. The notice of refusal may be combined with a notice of a pet violation. The PHA will refuse to register a pet if:

- a. The pet is not a common household pet as defined in this policy;
- b. Keeping the pet would violate any House Pet Rules;
- c. The pet owner fails to provide complete pet registration information, or fails to update the registration annually;
- d. The PHA reasonably determines that the pet owner is unable to keep the pet in compliance with the pet rules and other lease obligations. The pet's temperament and behavior may be considered as a factor in determining the pet owner's ability to comply with provisions of the lease.

Any pet that does not qualify to be registered with the Housing Authority must be removed from PHA property in accordance with Sections N., O., and P., of this policy.

A resident who cares for another resident's pet must notify the PHA and agree to abide by all of the pet rules in writing.

SECTION I

RECEIPT OF APPLICATION AND ESTABLISHMENT OF A WAITING LIST**A. Outreach To Encourage Section 8 Program Participation In Areas Without Low -Income Or Minority Concentration**

For the purpose of providing de -concentration o f poverty and income mixing, the Housing Authority will establish annual admissions goals for the Section 8 Program. The admissions goals will conform to HUD guidelines for new admissions and will target extremely -low income families, as defined by HUD. Targeting will include skipping of a family on the waiting list specifically to reach another family with a lower or higher income to meet HUD established admissions goals.

The Authority will regularly review it's jurisdiction to identify areas of poverty and minority concentration in order to provide participant families with information and encouragement in seeking housing opportunities outside highly concentrated areas. Participant families will be provided maps that show various areas and information about facilities and services such as schools, transportation, and supportive and social services.

Assistance provided to participant families will include:

- Provide families with a search record form to gather and record information
- Direct contact with landlords
- Counseling with families
- Meeting with neighborhood groups to promote understanding
- Formal or informal discussions with landlord groups
- Formal or informal discussions with social service agencies
- Meet with rental referral companies or agencies
- Meet with fair housing groups or agencies
- Provide families with listing of landlords who have available units
- Provide families with information concerning portability

B. Receipt Of Applications : Applications for all Section 8 Programs will be taken at any Housing Authority Office handling the Section 8 Program. Applications will be accepted from families apparently eligible for any or all programs.

C. Processing Of Applications : The application constitutes the basic record of each family applying for assistance. Each application shall reflect the date and time received, preference status claimed, estimated family income, race, gender, ethnicity, and size of dwelling required. The application, together with all other materials relating to the family's eligibility and preference rating, etc., will be maintained in an active file for eligible applicants. Each family will be required to sign and date the application form attesting to its accuracy.

SECTION I

Page 2

The PHA will deny admission to an applicant if any member of the family is a person who was evicted from federally assisted housing in the last five (5) years because of drug -related criminal activity from housing assisted under a 1937 Housing Act Program. An applicant may also be denied assistance based upon the drug -related criminal activity or violent criminal activity by family members (refer to the 24 CFR 982.551 and 982.552).

- D. Families Determined To Be Ineligible**: If an applicant family is determined to be ineligible on the basis of income, family composition, or for any other reason, the applicant shall be notified promptly by letter of the determination; the notice shall contain a brief statement of the reasons for the decision. The applicant shall be informed in the letter of his/her right to an informal review to be requested within 10 days from the date of the letter, to make a reply or explanation, as he/she may wish. If, after the informal review, the applicant is still determined to be ineligible, the applicant shall be notified in writing.

The Housing Authority will retain inactive files for a period of three (3) years. These files will contain copies of the application and all related correspondence, and will be maintained separately from the active files.

- E. Formally Closed Waiting Lists**: If there is insufficient funding to admit all eligible applicants to participation in the PHA's Section 8 Program, the PHA may at any time suspend the acceptance or processing of new applications, or the addition of new listings to the waiting list. Any such suspension shall be publicly announced by the PHA through publication in a newspaper of general circulation as well as through minority media and other suitable means.

Notwithstanding the fact that the PHA may not be accepting additional applications for participation because of the length of the waiting list, the PHA may not refuse to place an applicant on the waiting list if the applicant is otherwise eligible for participation and claims that he or she qualifies for a Local Preference, unless the PHA determines, on the basis of the number of applicants who are already on the waiting list and who claim a Local Preference, and the anticipated number of Certificates/Vouchers to be issued, that:

1. There is an adequate pool of applicants on the waiting list who are likely to qualify for a Local Preference; and,
2. It is unlikely that, on the basis of the PHA's system for applying the Local Preferences that the applicant claims, and the Preferences claimed by applicants on the waiting list, the applicant would qualify for assistance before other applicants on the waiting list.

F. Placement Of Applicants On The Waiting List :

1. Separate centralized waiting lists will be maintained for Section 8 Project -Based Assistance and Section 8 Tenant -Based Assistance. Waiting lists will contain the applicant name, applicant I.D. code, the date and time of application, Local Preferences for which they are eligible, racial/ethnic designation of the head of household, and the appropriate size unit. Waiting list positions will be determined by date and time of application and Preferences qualified for.

The family at the top of the waiting list will be assisted before all others on the waiting list; this family will be admitted when sufficient funds are available. The PHA will not skip the top family to admit an applicant who qualifies for a smaller unit size. Skipping of a family on the waiting list will only be allowed to specifically reach another family with a lower or higher income for purposes of Deconcentration and Income -Mixing.

The waiting list format will contain sufficient information for proper selection by the PHA of families who are next eligible for an allocation, according to its Equal Opportunity Housing Plan (refer to Section VII, Selection of Families for Issuance of Certificates or Vouchers). It should be noted, that if a family's eligibility has been determined immediately, all income has been verified, and the appropriate size allocation is available for which no other family has been waiting, the PHA may immediately schedule a briefing.

All other families will have at least a temporary wait while income and other factors are being verified, as well as waiting for their name to be reached if other applicants are ahead of them on the waiting list. If verification occurred more than 60 days prior to selection, the information should be reverified prior to briefing and issuing of a Certificate or Voucher.

2. The waiting list for all programs will be purged on a regular basis in order to maintain an accurate record of the number of families actually wanting assistance. An application will be **cancelled** when:
 - a. An applicant's request is in writing;
 - b. The Housing Authority is unable to contact the applicant at the address shown on their application;
 - c. The applicant fails to respond to Housing Authority requests for information;
 - d. The applicant fails to provide requested verification; or,
 - e. The applicant fails to attend a briefing to obtain a certificate or voucher. If the applicant notifies the Authority of extenuating circumstances which prevented attendance, the applicant may be reinstated on the waiting list. Families may be reinstated on the waiting list in the same numerical sequence they previously occupied if such a decision is reached during an Informal Review (refer to Hearing Procedures for Applicants).

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

Our Drug Elimination Program has identified an overall need for educational enrichment programs which target basic skills development to promote academic success and increase self-esteem and self-worth. Resident comments, resident surveys, and local school data stress the need to help youth obtain basic reading skills as a precursor to improved school performance. To support our Drug Elimination Action Plan we have identified and collaborated with local community agencies such as the Department of Recreation & Parks, The Boys & Girls Club, The Department of Social Services, and the Santa Maria Boxing Club to bring on-site recreational, cultural, and educational activities which will provide an avenue for resident families to move forward in their goals of self-sufficiency. We will monitor these programs by collection and evaluation of data through monthly attendance reports identifying program barriers and program successes, parent questionnaires to measure changes in youth behavior, language dependability, semi-annual meetings with local teachers to discuss work performance, school attendance and behavior, and by evaluating management reports to analyze reduction in property crime, vandalism, graffiti and gang presence and activity.

Housing Authority of the County of Santa Barbara
FY 2003 Annual Plan Update
5-Year Plan
PHA Fiscal Years 2000 - 2004
Progress Statements

The progress statements added to the goals and objectives in the 5 -Year Plan constitutes a progress report.

PHA Goal : Expand the supply of assisted housing.

Objective: Increase housing choices for families and individuals.

Progress Statement:

The PHA received an incremental allocation of 675 tenant -based Section 8 vouchers from HUD in FY 2001 and has requested an additional 629 vouchers in FY 2002.

The PHA has acquired land and submitted an application to the California Tax Credit Allocation Committee (TCAC) for funding of the prospective development of 35 units of family housing in Lompoc; some funding for this project has already been awarded by the Federal Home Loan Bank through its affordable housing program, and gap funding for this development has been reserved by both the City of Lompoc and the County of Santa Barbara.

The PHA is also finalizing the purchase of land in Santa Maria on which it intends to develop 30 units of family housing with funding from a TCAC application in 2003.

The PHA is working with a for-profit developer in Solvang to construct and manage 31 "affordable" rental housing units designed for seniors and persons with disabilities.

The PHA is working with a for-profit developer in Los Alamitos to provide 26 -32 housing units that will be sold to "farmworker" households, most of whom will be low income. A Joe Serna Jr. Farmworker Housing Grant for this project has been approved through the State of California's Housing and Community Development Department.

To increase housing choices that are suitable for persons with disabilities, the PHA has actively developed working relationships with persons and organizations that provide support services and advocacy. A specific example is the partnership that has grown between the PHA and two local organizations serving persons with developmental disabilities, CHANCE and Tri -County Regional Center. Our first project together will be a home, designed by George Braddock (an noteworthy developer of homes for the developmentally disabled), which is proposed to be built on a portion of an underdeveloped public housing site in Goleta. This home is fully integrated into the

community, yet provides the proper environment for persons with developmental disabilities. This is to be the first of many such projects completed with the help of these and other community partners.

The PHA continues to honor an agreement with the Santa Barbara County Department of Alcohol, Drug and Mental Health Services to provide housing assistance received under a special Section 8 allocation in coordination with their Homeless Mentally Ill Criminal Offenders Crime Program. The program targets housing assistance and support services to twenty-five persons with serious and persistent mental health illness. The goal is to reduce homelessness, hospitalizations, jail sentences, and improve the overall quality of life for participants.

PHA Goal: Improve the quality of assisted housing.

Objective: Maintain safe, decent, sanitary units and improve quality of life for residents living in public housing developments.

Progress Statement:

The PHA is successfully implementing a Capital Improvement Plan which includes agency-wide and project-specific management and physical improvements.

The PHA is in the process of preparing a request for proposals from qualified energy service companies to perform a HUD approved energy performance contract whereby certain energy savings improvements will be made to the public housing units, the cost of which will be funded by HUD "freezing" PHA utility subsidies for 12 years at consumption levels that existed before the implementation of the energy improvements.

PHA Goal: Increase assisted housing choices.

Objective: Balance service delivery in all housing market areas

Progress Statement:

The PHA will continue to actively explore opportunities for the acquisition and/or development of affordable housing in all its jurisdictions and supervisory districts.

The PHA continues to receive HUD approval for exception rents in the Section 8 tenant based program for use in south Santa Barbara County.

PHA Goal: Provide an improved living environment.

Objective: Maintain safe, decent, sanitary units and improve quality of life for residents living in public housing developments.

Progress Statement:

Public housing management areas have been equipped with computer access for the exclusive use of their resident council members. Additionally, a comprehensive computer technology education center is provided for residents living in the Evans Park Homes public housing development located in Santa Maria, California. The Evans Park Community Center also includes a community police sub-station, monthly health clinic services, and supervised afterschool recreation programs.

The PHA continues to successfully implement a Drug Elimination Program.

PHA Goal: Promote self-sufficiency and asset development of families and individuals.

Objective: Create additional economic independence opportunities for families and individuals.

Progress Statement:

The PHA executed a Memorandum of Agreement with Santa Barbara County Department of Social Services to coordinate targeting of services and resources to agency programs that support economic self-sufficiency of low-income families receiving welfare assistance and living in public housing or receiving Section 8 rental assistance.

The PHA continues to administer the Mortgage Credit Certificate Program for Santa Barbara County, utilizing private activity bond allocation granted by the California Debt Limit Allocation Committee. This Internal Revenue Service program helps people qualify for a mortgage loan by allowing eligible first-time homebuyer to reduce their federal income tax liability through a tax credit.

The PHA is committed to developing and implementing a Section 8 homeownership program option as described in Attachment Q.

PHA Goal: Ensure equal opportunity and affirmatively further fair housing.

Objective: Promote equal housing opportunities.

Progress Statement:

The PHA regularly meets with community property owners and management agents to provide them with information and encourage their participation in the Section 8 program. Comprehensive housing counseling services are available to tenants and landlords. The counseling includes responsibilities for compliance with affirmative fair housing policies. The PHA provides ongoing educational training with staff to ensure their compliance with affirmative fair housing policies also.

Other PHA Goal and Objective: Deter and eliminate program fraud.

Progress Statement:

The PHA remains committed to assuring that the proper level of benefits are received by all participating families, and that housing resources reach only income -eligible families so that program integrity can be maintained. The PHA takes all steps necessary to prevent fraud, waste, and mismanagement so that program resources are utilized judiciously. Methods and practices include, but are not limited to, written materials designed to promote understanding of program rules; program briefing sessions prior to issuance of assistance; tenant counseling sessions; and posting of instructive signs in management offices and community centers.

DISCRETIONARY MINIMUM RENT HARDSHIP EXEMPTION POLICY

The Quality Housing and Work Responsibility Act of 1998 provides that a Family can request an exemption to the Minimum Rent due to the following circumstances:

1. The family has lost eligibility for or is awaiting an eligibility determination for a Federal, State, or local assistance program;
2. The family would be evicted as a result of the imposition of the minimum rent requirement;
3. The income of the family has decreased because of changed circumstances, including loss of employment; and
4. A death in the family has occurred.

If a family requests a hardship exemption, the minimum rent requirement is immediately suspended. The minimum rent is suspended until a determination is made whether:

1. There is a hardship covered by the Act; and
2. The hardship is temporary or long-term.

If the PHA determines that there is no hardship covered by the Act, minimum rent is imposed (including back-payment for minimum rent from the time of suspension).

If the PHA determines that the hardship is temporary, the minimum rent is also imposed (including back-payment for minimum rent from the time of suspension), but the family cannot be evicted for non-payment during the 90-day period commencing on the date the family's request for exemption of minimum rent in excess of the tenant rent otherwise payable. A reasonable re-payment agreement must be offered for any such rent not paid during that period. If the family thereafter demonstrates that the financial hardship is of long-term duration, the PHA shall retroactively exempt the family from the minimum rent requirement. Families are eligible to apply through the grievance process for determination made of exemption status.

SECTION IV

TENANT SELECTION AND ASSIGNMENT PLAN (TSAP)

In keeping with the geographical nature of the County and consistent with Title VI of the Civil Rights Act of 1964, the Housing Authority of the County of Santa Barbara will divide Santa Barbara into three areas, each with its own waiting list for the Low -Income Public Housing Program. This Tenant Selection and Assignment Plan (TSAP) outlines the procedures by which applicants will receive one offer of housing instead of three.

1. OFFER OF HOUSING

An applicant may decline an offer of housing if good cause is cited. In such cases where good cause is determined, another unit may be offered. Pursuant to HUD's Public Housing Occupancy Handbook, good cause may be:

- a. The unit is not of the proper size and type and the applicant would be able to reside there only temporarily.
- b. The unit contains lead -based paint and accepting the offer could result in subjecting the applicant's children under seven years of age to lead -based paint poisoning.
- c. The applicant is unable to move at the time of the offer and presents clear evidence which substantiates this to the Authority's satisfaction. Examples:
 - i.) A doctor verifies that the applicant has just undergone major surgery and needs a period to recuperate;
 - ii.) A court verifies that the applicant is serving on a jury which has been sequestered.
- d. Accepting the offer would result in undue hardship to the applicant not related to consideration of race, color, national origin, or language, such as making employment or daycare facilities inaccessible and the applicant presents clear evidence which substantiates this to the Authority's satisfaction.

2. SUB-AREAS OF SANTA BARBARA COUNTY

Santa Barbara County will consist of three localities. Applicants have the right to enroll on any and all lists, but they will be placed on the bottom of all lists if they refuse an offer without good cause. The three localities, size, and type of housing units available in each area office address areas as follows:

AREA 1: GOLETA (cities/communities include Carpinteria, Summerland, Montecito, Santa Barbara, Goleta, Isla Vista, UCSB, and Gaviota)

Area Office: 5575 Armitos Avenue, Goleta

Area Office: 917 West Ocean Avenue, Lompoc

Size, Number, and Type of Housing Units:

1Bdrm.	64 Units	(elderly)
1Bdrm.	12 Units	(family)
2Bdrm.	4 Units	(elderly)
2Bdrm.	56 Units	(family)

Total Number of Units in Area 3:		232

3. METHOD OF ADMINISTERING THE APPLICATION PROCESS AND THE WAITING LIST

Pursuant to the CFRs and HUD Handbooks, eligible applicants will be assigned dwelling units in accordance with the Public Housing Occupancy Policy of the Housing Authority of the County of Santa Barbara.

a. Assignment of Accessible Units

The PHA will ensure that information regarding the availability of accessible units reaches eligible individuals with handicaps, the following additional procedures will be followed:

1. Eligible individuals with handicaps will be informed of the availability of accessible units and appropriate steps will be taken to tenant those units with eligible individuals whose disabilities require the accessibility features of the units. When an accessible unit becomes vacant, the PHA, before offering such a unit to a non-handicapped applicant, will offer that unit in the following order:
 - a. FIRST, to a PHA tenant family currently occupying a unit in the same project as the vacant accessible unit, or occupying a unit in a comparable project under the Authority's control, that has a family member with a handicap requiring the accessibility features of the vacant unit and that currently occupies a unit not having those features.
 - b. SECOND, to an eligible qualified applicant family on the PHA's waiting list that has a family member with a handicap requiring the accessibility features of the vacant unit.
 - c. THIRD, to an eligible qualified person or family having a handicap requiring the accessibility features of the vacant unit who applies as the result of notification by the PHA to a community organization serving the handicapped that an accessible unit is available.
 - d. FOURTH, to an applicant not having handicaps requiring the accessibility features of the unit. When offering the unit to an applicant not requiring the accessibility features, The PHA will require the applicant to agree to move to a non-accessible unit, when available, at such time when a qualified person who needs the accessibility features applies. The PHA will incorporate this provision into the leases of all occupants of accessible units.

4. Families who are determined to be eligible for housing assistance, will be selected from an area waiting list based upon the date and time of initial application and any Local Preferences claimed.

The order of admission from the waiting list will be based upon family size and on the unit size for which the family qualifies, in addition to their position on the waiting list.

- A. Selection among Local Preference Holders will be made in the following order:

- FIRST** **County Residents** . County Residency status will be given to an applicant who resides and receives their mail in Santa Barbara County, or who works in or who has been notified that they have been hired to work in Santa Barbara County. No preference will be given based upon an applicant's residency in any part of the area served by the PHA.
- SECOND** **Working Families** . Working Family status will be given to an applicant whose head or co-head of household is employed (greater weight will not be given to an applicant based upon the amount of employment income); or, the head and spouse, or sole member, are age 62 or older, or receiving social security disability or supplemental security income disability benefits, or any other payments based upon an individual's disability; or, graduates of, as well as active participants in, educational and training programs that are designed to prepare individuals for a specific market career.
- THIRD** **Veterans**. Veteran status will be given to applicants who have been enlisted or who are currently serving in active duty in the United States Armed Forces for a minimum of six (6) continuous months, and if separated from military service, received an Honorable Discharge.

Applicants are eligible for any combination of Local Preferences. The more Preferences held by an applicant, the higher their placement on the waiting list(s).

- B. Applicants who qualify for any of the identified Local Preferences, and who are Displaced by a Disaster and/or by Government Action, will be assisted ahead of other eligible applicants on the waiting list.

NOTE: All Local and Ranking Preferences will be verified by PHA staff based upon criteria and certifications predetermined by the PHA.

5. PUBLIC HOUSING DECONCENTRATION OF POVERTY AND INCOME TARGETING PLAN

It is the Housing Authority's policy that each applicant shall have the option of being assigned an appropriate place on the waiting list for any of the three sub-area localities within the Authority's jurisdiction, Santa Barbara County, as follows:

- GOLETA
- LOMPOC
- SANTAMARIA

Applicants will be listed in sequence based upon date and time the application is received, the size and type of unit they require, and factors of preference or priority. In filling an actual or expected vacancy, the Authority will offer the dwelling unit to applicants in the appropriate sequence until it is accepted. Each applicant will be provided full disclosure of any and all options available to them with respect to the selection of specific developments in a sub-area.

The Authority will establish annual admissions goals for the purpose of deconcentration of poverty and income-mixing in public housing developments. The goals will conform to HUD guidelines for new admissions and will target eligible higher income families to occupy dwelling units in developments predominantly occupied by eligible very low-income families and vice-versa.

A. Implementation Of Deconcentration Of Poverty And Income Targeting Plan

Successful implementation of this plan will provide an outcome in which higher income tenants will move into lower income public housing developments and lower income tenants will move into higher income developments. The Authority will regularly analyze its public housing unit inventory, tenant incomes, and available census tract income data to (1) determine and compare the relative tenant incomes of each development and the incomes of census tracts in which the developments are located, and (2) consider what policies, measures or incentives are necessary to bring higher income families into lower income developments (or, if appropriate to achieve the deconcentration of poverty, into developments in lower-income census tracts) and lower-income families into higher-income developments (or, if appropriate to achieve the deconcentration of poverty, into developments in higher income census tracts).

B. Deconcentration Of Poverty And Income Targeting Guidelines

For the purposes of providing deconcentration of poverty and income targeting Admittance procedures will include the following:

- (1) The authority will publicize and disseminate information to make known the availability of housing units and housing related services for very low income families on a regular basis. When the Authority's waiting list is open, the Authority will publicize the availability and nature of housing assistance for very low-income families in a newspaper of general circulation, minority media, and by other suitable means.

To reach persons who cannot read the newspapers, the Authority will distribute fact sheets to the broadcast media, and initiate personal contacts with members of the news media and community service personnel. The Authority will also utilize public service announcements. The Authority will communicate the status of housing availability to other service providers in the community. The Authority will advise them of housing eligibility factors and guidelines in order that they can make proper referrals for families whose seek housing.

- (2) Working Family Preference status will be given to an applicant whose head or co-head of household is employed (greater weight will not be given to an applicant based upon the amount of employment income); or, the head and spouse, or sole member, are age 62 or older, or receiving social security disability or supplemental security income disability benefits, or any other payments based upon an individual's permanent disability; or, graduates of, as well as active participants in, educational and training programs that are designed to prepare individuals for a specific market career.
- (3) Skipping of applicants on a waiting list specifically to reach another applicant with a lower or higher income will be uniformly applied by the Authority. Such skipping will be consistent with the requirement for deconcentration of identified poverty areas and/or income-mixing.
- (4) The Authority recognizes the value of an ongoing partnership between its staff and public housing residents for the development and implementation of a resident initiatives agenda to create self-sufficiency opportunities and maintain viable, safe, and drug-free public housing developments. The Authority's Board has, therefore, adopted policies and implemented procedures to support and encourage activities in the areas of anti-drug strategy and security; resident participation; homeownership opportunities; and economic development. These supportive services and amenities enhance the Authority's efforts to achieve the goals of deconcentration and income mixing in its public housing developments.

6. POSTING THE TSAP

The PHA will post a description of the TSAP in a conspicuous place in each of its application locations. A copy will be maintained on file for public inspection.

7. RECORDS MAINTENANCE

The PHA will maintain records to document the actions taken in implementing the multiple waiting lists. These records must include:

- a. The location and size (number of bedrooms) of each unit offered;
- b. The name, family size, race/ethnicity, and preference/priority weighting of all applicants receiving offers;
- c. The date of acceptance or rejection of the offer;
- d. The reasons for rejection of any offer, and the determination made by the Authority whether the rejection was made for good cause.

8. OUTREACH EFFORTS

The Housing Authority of the County of Santa Barbara will make additional efforts to have a cross-section of all communities. Outreach will be through community organizations and newspapers. Statistical reports will be reviewed on a regular basis to target outreach to specific groups where representation is weakest in the sub-areas and the overall county.

An Outreach Program will be maintained to ensure that public notices and other information about the availability and nature of housing assistance through the Authority reach qualified individuals with handicaps, and organizations serving such individuals. The Outreach will include, but not be limited to:

- The advertisement of the availability of accessible units in local newspapers;
- Regular notices to organizations serving handicapped individuals;
- Public posting of information about the availability of accessible units in all area Housing Management Offices; *and,*
- Individual counseling will be provided to assist applicants being placed in suitable, accessible units.

**STATEMENTREGARDINGINTENTTOUTILIZE
SECTION8PROJECT -BASEDASSISTANCE**

For the purpose of providing the opportunity, the Housing Authority of the County of Santa Barbara will utilize Section 8 Project -Based Assistance, when appropriate. Project -basing of Section 8 units for existing and/or new construction will be used in circumstances where it is determined that tenant based assistance for the same amount of units is not appropriate and/or the best use of the assistance. This action is also consistent with the Housing Authority's Annual Plan strategies to address the shortage of affordable housing for all eligible populations and to increase the number of affordable housing units.

It is anticipated that the Housing Authority will commit the allowable twenty percent (20%) of the baseline number of units in the voucher program to project based assistance, currently a projected maximum of 679 units or less. Project based units will generally be located in selected census tracts within Santa Barbara County identified to have poverty rates of less than twenty percent (20%).

The supply of available units in Santa Barbara County for tenant -based assistance is very limited and project -basing in certain strategic areas is needed to assure the availability of affordable units for a period of years.

The notification will advise families that their community service obligation will begin upon the effective date of their first annual reexamination on or after January 01, 2001. It will also advise them that failure to comply with the community service requirement will result in ineligibility for continued occupancy at the time of any subsequent annual reexamination.

SECTION XVI, cont'd

4. VOLUNTEER OPPORTUNITIES

Community service includes performing work or duties in the public benefit that serve to improve the quality of life and/or enhance resident self-sufficiency, and/or increase the self-responsibility of the resident within the community.

These programs may include programs for job training, work placement, basic skills training, education, English-language proficiency, workfare, financial or household management, apprenticeship, and any program necessary to ready a participant to work.

The PHA will coordinate with social service agencies, local schools, and other community agencies to identify volunteer community service options.

5. THE PROCESS

At the first annual reexamination on or after January 01, 2001, and each annual reexamination thereafter, the PHA will:

- A. Provide a Community Service Certification Form to each family member(s) required to perform Community Service. The family member(s) is required to submit a completed Community Service Certification Form to the Community Service Coordinator each month. If any applicable family member does not accept the terms of the Agreement, does not fulfill their obligation to participate in an economic self-sufficiency program, or falls behind in their obligation under the Agreement to perform community service, the PHA shall take action to terminate the lease.

8. PROHIBITION AGAINST REPLACEMENT OF AGENCY EMPLOYEES

In implementing the service requirement, the PHA may not substitute community service or self-sufficiency activities performed by residents for work ordinarily performed by its employees.

A. Unit Inspection and Housing Quality Standards

1. Units assisted with project -based voucher assistance must meet or exceed housing quality standards (HQS) established by HUD. Units will be inspected before the term of assistance and annually during the term of assistance.

A. Rent Limits

However, the initial and adjusted rent to owner must be reasonable in relation to rents charged in the private market for comparable unassisted units.

NOTE: A "Qualified Census Tract" is an area where at least half of the households have incomes below 60 percent (60%) of the area median income or where the poverty rate is at least 25 percent (25%).

Section XXIV, con't

A. Tenant Selection

3. The Housing Authority will refer families to project -based housing units from the project-based waiting list in accordance with the regular tenant -based applicant selection policies. If an applicant does not rent a unit with project -based assistance, or the owner turns an applicant down for admission to a project based unit, the applicant will not be removed from the Housing Authority's tenant -based assistance waiting list for that reason and will maintain its position on the list as though no offer of housing had been made.

A. Housing Assistance Payment Contract Term

1. A Housing Assistance Payment Contract (HAP) between the Housing Authority and an Owner of existing project -based housing may have duration of up to 10 years, as determined by the Housing Authority, subject to the future availability of sufficient appropriated funds under the Housing Authority's consolidated ACC with HUD. A. Family Choice to Move With Continued Assistance

1. The Housing Authority will provide an assisted family with tenant -based voucher assistance when the assisted family moves from housing at any time after the family has occupied the dwelling unit with project -based voucher assistance for 12 months. A. Vacant Units

1. The Housing Authority may enter into a HAP contract that agrees to provide vacancy payments up to 60 days after a unit becomes vacant, in an amount not to exceed the rent to owner as provided by the HAP contract on the day the family vacated.

Section XXIV, con't

The Housing Authority will only make such payments for a vacant unit if:

- a. the vacancy was not the owner's fault; and,
- b. The Housing authority and owner take action to minimize the likelihood and length of any vacancy.

A. Reduction of Contract Units After Vacancy

1. If no eligible family rents a vacant unit within 120 days (commencing on the first day of the month when the vacancy occurs), the Housing Authority may terminate its commitment to make any additional housing assistance payments for the unit for the balance of the HAP contract term.

[24CFR982.625]

The PHA will offer a Homeownership option through the Section 8 Housing Choice Voucher Program to participating families who:

- Are currently enrolled in the Family Self-Sufficiency (FSS) Program; *and*,
- Who are in compliance with their FSS Contract.
- A family of which a family member is a person with disabilities, and use of the homeownership option is needed as a reasonable accommodation so that the program is readily accessible to and usable by such person.

A. Eligibility Requirements [24CFR982.627]

The FSS participant family must meet all of the requirements listed below before the commencement of homeownership assistance.

1. The family must be eligible for and admitted to the Housing Choice Voucher program.
2. The family must qualify as a first-time homeowner.
3. The family must meet the Federal minimum income requirement.
(The family must have a gross annual income equal to the Federal minimum wage multiplied by 2000, based on the income of adult family members who will own the home. Unless the family is elderly or disabled, income from welfare assistance will not be counted toward this requirement.)
4. The family must meet the Federal minimum employment requirement.
(At least one adult family member who will own the home must be currently employed full time and must have been continuously employed for one year prior to homeownership assistance. HUD regulations define "full time employment" as not less than an average of 30 hours per week.)
NOTE: The Federal minimum employment requirement does not apply to elderly or disabled families.
5. The family has had no family-caused violations of HUD's Housing Quality standards within the last year.
6. Any family member who has previously defaulted on a mortgage obtained through the homeownership option is barred from receiving future homeownership assistance.
7. The family does not owe money to the PHA.

8. The family has not committed any serious or repeated violations of a PHA -assisted lease within the past year.
9. Except for cooperative members who have acquired cooperative membership shares prior to commencement of home ownership assistance, no family member has a present ownership interest in a residence at the commencement of home ownership assistance for the purchase of any home.

B. Homeownership Counseling Requirements [24CFR982.630]

When the family has been determined eligible, they must attend and complete homeownership counseling sessions. These counseling sessions will be conducted by a PHA Housing Counselor or contracted counseling services, and be consistent with HUD approved housing counseling criteria.

The unit must meet HUD's "Eligible Housing" requirements. The unit may not be any of the following:

1. A public housing or Indian housing unit;

3. A nursing home, board and care home, or facility providing continual psychiatric, medical or nursing services;

SECTIONXXV

Page3

D. InspectionandContract [24CFR982.631]

The unit must meet Housing Quality Standards. The unit must also be inspected by an independent professional inspector selected and paid for by the family.

The independent inspection must cover major building systems and components. The inspector must be qualified to identify physical defects and report on property conditions, including major building systems and components.

These systems and components include, but are not limited to:

- Foundation and structure;
- Housing interior and exterior;
- Roofing;
- Plumbing, electrical and heating systems.

The independent inspector must not be a PHA employee or contractor. The PHA will not require that the family use an independent inspector selected by the PHA. Copies of the independent inspection report will be provided to the family and the PHA. Based upon the information in the report, the family and the PHA will determine whether any pre-purchase repairs are necessary. The PHA may disapprove the unit for homeownership assistance because of information in the report.

The family must enter into a contract of sale with the seller of the unit. A copy of the contract must be provided to the PHA. The contract of sale must specify the price and terms of sale, and provide that the purchaser will arrange for a pre-purchase independent inspection of the home. The contract must also:

- Provide that the purchaser is not obligated to buy the unit unless the inspection is satisfactory;
- Provide that the purchaser is not obligated to pay for necessary repairs; and,
- Contain the seller's certification that he or she has not been debarred, suspended or subject to a limited denial of participation.

E. Financing[24CFR982.632]

The family is responsible for securing financing. The PHA must approve the proposed financing and may disapprove if the PHA determines that the debt is unaffordable.

SECTIONXXV

Page4

F. Continued Assistance [24CFR982.633]

Homeownership assistance may only be paid while the family is residing in the home. If the family moves out of the home, the PHA may not continue homeownership assistance after the month when the family moves out. The family or lender is not required to refund homeownership assistance for the month when the family moves out. Before commencement of the homeownership assistance, the family must execute a statement in which the family agrees to comply with all family obligations under the homeownership option.

G. Family Obligations

The family must comply with the following obligations:

- The family must attend and complete ongoing homeownership and housing counseling .
- The family must comply with the terms of the mortgage securing debt incurred to purchase the home (or any refinancing of such debt).
- The family may not convey or transfer ownership of the home, except for purposes of financing, refinancing, or pending settlement of the estate of a deceased family member. Use and occupancy of the home are subject to CFR 982.551(h) and (i).
- The family must supply information to the PHA or HUD as specified in CFR 982.551(b). The family must further supply any information required by the PHA or HUD concerning mortgage financing or refinancing, sale or transfer of any interest in the home, or homeownership expenses.
- The family must notify the PHA before moving out of the home.
- The family must notify the PHA if the family defaults on the mortgage used to purchase the home.
- No family member may have any ownership interest in any other residential property during the time the family receives homeownership assistance.
- The home must pass an annual Housing Quality Standards inspection .

G. Maximum Term of Homeownership Assistance [24CFR982.634]

Except in the case of a family that qualifies as an elderly or disabled family, the maximum term of homeownership assistance is:

- 15 years, if the initial mortgage term is 20 years or longer; or,
- 10 years in all other cases.

The elderly exception only applies if the family qualified as elderly at the start of homeownership assistance. The disabled exception applies if, at any time during receipt of homeownership assistance, the family qualifies as disabled.

if the family ceases to qualify as elderly or disabled during the course of homeownership assistance, the maximum term becomes applicable from the date assistance commenced. However, such a family must be afforded at least 6 months of homeownership assistance after the maximum term becomes applicable.

If the family receives homeownership assistance for different homes, or from different PHAs, the total is subject to the maximum term limitations.

H. Homeownership Assistance Payments and Expenses [24CFR982.635]

The monthly homeownership assistance payment is the *lower of* :

- The voucher payment standard *minus* the total tenant payment; *or*,
- The monthly homeownership expenses *minus* the total tenant payment.

In determining the amount of the homeownership assistance payment, the PHA will use the same payment standard schedule, payment standard amounts, and subsidy standards as those used for the Housing Choice Voucher program.

The PHA will pay the homeownership assistance payment to the family or the lender, at the discretion of the PHA.

Some homeownership expenses are allowances or standards determined by the PHA in accordance with HUD regulations. These allowances are used in determining expenses for all homeownership families and are not based on the condition of the home.

Homeownership expenses include:

- Principal and interest on mortgaged debt.
- Mortgage insurance premium.
- Taxes and insurance.
- The PHA utility allowance used for the voucher program.
- The PHA allowance for routine maintenance costs .
- The PHA allowance for major repairs and replacements.
- Principal and interest on debt for improvements.
- If the home is a condominium, expenses also include operating expenses or maintenance fees assessed by the homeowner association.

I. Portability [24CFR982.636,982.353(b)and(c),982.552,982.553]

The family may exercise portability based upon the PHA's policy on portability *and* if the receiving PHA is administering a HCV homeownership program and is accepting new homeownership families.

The receiving PHA may absorb the family into its voucher program or bill the initial PHA. The receiving PHA arranges for housing counseling and the receiving PHA's homeownership policies apply.

J. Moving With Continued Assistance [24CFR982.637]

A family receiving homeownership assistance may move with continued tenant -based assistance, voucher rental assistance, or with voucher homeownership assistance. Continued tenant -based assistance for a new unit cannot begin so long as any family member holds title to the prior home.

K. Denial or Termination of Assistance [24CFR982.638]

Termination of homeownership assistance is based upon the PHA's policies for the Housing Choice Voucher program and the following guidelines specific to the homeownership program:

- The family is dispossessed from the home due to a judgment or order of foreclosure.
- The family violates any of the following family obligations:
 - Transfer or conveyance of ownership of the home;
 - Providing requested information to the PHA or HUD; or,
 - Notifying the PHA before moving out of the home.

The PHA may permit such a family to move with continued voucher rental assistance. However, rental assistance will be denied if the family defaulted on an FHA insured mortgage, and the family fails to demonstrate that the family conveyed title to the home as required by HUD, and the family moved within the period required by HUD.

L. Recapture of Homeownership Assistance [24CFR982.640]

The PHA will comply with CFR 982.640 in recapturing a percentage of the homeownership assistance provided to the family upon sale or refinancing of the home.

Upon purchase of the home, the family shall execute documentation securing the PHA's right to recapture home ownership assistance.

DENIALOR TERMINATION OF ASSISTANCE

[24CFR5.902,5.902,5.903,5.905,982.4,982.54,982.552,982.553]

The PHA may deny or terminate assistance for a family because of the family's action or failure to act. The PHA will provide families with a written description of the family obligations under the program, the grounds under which the PHA can deny or terminate assistance, and the PHA's informal hearing procedures

Note: Definitions pertaining to Denial or Termination of Assistance are found in item C. of this Section)

A. **GROUND FOR DENIAL/TERMINATION** [24CFR982.54,982.552,982.553]

1. Form of Denial/Termination

- a) Denial of assistance for an **applicant** may include any or all of the following:
- Denial for placement on the PHA waiting list
 - Denying or withdrawing a voucher
 - Refusing to enter into a HAP contractor approved tenancy
 - Refusing to process or provide assistance under portability procedures
- b) Termination of assistance for a **participant** may include any or all of the following:
- Refusing to enter into a HAP contractor approved tenancy
 - Terminating housing assistance payments under an outstanding HAP contract
 - Refusing to process or provide assistance under portability procedures

NOTE: If denial or termination is based upon behavior resulting from a disability, the PHA will delay the denial or termination in order to determine if there is an accommodation that would negate the behavior resulting from the disability.

2. Mandatory Denial and Termination

[24CFR982.54(d),982.552(b),982.553(a),982.553(b)]

The PHA must terminate assistance for participants or deny assistance to applicants for any of the reasons listed below.

- The participant family is under contract and 180 days have elapsed since the PHA's last housing assistance payment was made.

Section III
Page 2

- The applicant or participant is convicted of manufacturing or producing methamphetamine on the premises of federally assisted housing.
- The PHA determines that any member of an applicant or participant household is currently engaging in illegal use of a drug.
- The PHA has reasonable cause to believe that any member of an applicant or participant household's illegal drug use or a pattern of illegal drug use may threaten the health, safety, or right to peaceful enjoyment of the premises by other residents.
- The PHA determines that any member of the household is subject to a lifetime registration requirement under a state Sex Offender Registration Program.
- The family has been evicted from housing assisted under the program for serious violation of the lease.
- Any member of the family fails to sign and submit consent forms for obtaining information in accordance with HUD requirements.
- When required under HUD regulations to establish citizenship or eligible immigration status.

3. Grounds for Denial or Termination of Assistance

[24CFR982.552(c)]

The PHA will deny program assistance for an applicant, or terminate program assistance for a participant, for the following:

- If any family member has violated the family obligations (under 24 CFR 982.551) listed below:
 - To not engage in any drug -related criminal activity;
 - To not engage in any violent criminal activity;
 - To allow the PHA to inspect the unit at least annually and at other times with reasonable notice;
 - To notify the PHA before vacating a unit; or,
 - To use the unit solely for residence by the family and as the family's principal place of residence and not to assign the lease or transfer the unit.
- The family breaches an agreement with a PHA to pay amounts owed to a PHA, or amounts paid to an owner by a PHA. The PHA at its discretion may offer the family the opportunity to enter into a repayment agreement; the PHA will prescribe the terms of the agreement.

Section III
Page 3

- If any member of the family and/or other "covered persons" engages in, or has engaged in drug or alcohol abuse that interferes with the health, safety or peaceful enjoyment of other residents.
- Any family member has committed fraud in connection with any federal housing assistance program.

B. SCREENING AND TERMINATION FOR DRUG ABUSE AND OTHER CRIMINAL ACTIVITY

All screening and termination of assistance procedures shall be administered fairly to avoid violation of rights to privacy or discrimination on the basis of race, color, national origin, religion, familial status, disability, sex, or other legally protected groups.

1. Screening of Applicants

In an effort to prevent future drug -related and other criminal activity, as well as other patterns of behavior that may pose a threat to the health, safety or right to peaceful enjoyment of the premises by other residents, and as required by HUD, the PHA will screen applicants as thoroughly and fairly as possible for drug -related and violent criminal behavior.

Such screening will apply to any member of the household who is 18 years of age or older.

2. Standard for Violation

The PHA will deny participation in the program to applicants and terminate assistance to participants in cases where the PHA determines there is reasonable cause to believe that a household member is using an illegal drug or if the person abuses alcohol in a way that may interfere with the health, safety or right to peaceful enjoyment of the premises by other residents, including cases where the PHA determines that there is a pattern of illegal use of a drug or a pattern of alcohol abuse.

"Engaged in or engaging in" violent criminal activity means any act within the past year by an applicant, participant, or any household member which involved criminal activity that has as one of its elements the use, attempted use, or threatened use of physical force substantial enough to cause, or be reasonably likely to cause, serious bodily injury or property damage, which resulted in the conviction of the applicant, participant, or household member.

3. Drug-Related and Violent Criminal Activity

- a) Ineligibility for Admission if Evicted for Drug -Related Activity.

Persons evicted from federally assisted housing because of drug -related criminal activity are ineligible for admission to the Section 8 program for a three (3) year period beginning on the date of such eviction.

(SECTION 8)
Section III
Page 4

(Rev. 07/02)

The PHA may waive this ineligibility provision if:

- The evicted household member who engaged in drug -related criminal activity has successfully completed a supervised drug rehabilitation program approved by the PHA; or,
- The circumstances leading to the eviction no longer exist. For example, the household member involved in the drug -related and/or violent criminal activity is no longer in the household due to death or incarceration.

1. Denial of Assistance for Sex Offenders

The PHA will deny admission and/or terminate assistance if any member of the household is subject to a lifetime registration requirement under a state Sex Offender Registration Program. In screening applicants, the PHA will perform criminal history background checks to determine whether any household member is subject to a lifetime sex offender registration requirement.

2. Termination of Assistance for Participants

Termination of Assistance for Drug -related and/or Violent Criminal Activity.

Under the family obligations listed at 24 CFR 982.551, the members of the household must not engage in drug -related criminal activity or violent criminal activity or other criminal activity that threatens the health, safety or right to peaceful enjoyment of other residents and persons residing in the immediate vicinity of the premises. HUD regulations (24 CFR 982.553(b)) require the PHA to establish standards for termination of assistance when this family obligation is violated. The Housing Authority of the County of Santa Barbara has established the following standards for termination of assistance for the family when a household member and/or other "covered persons" has violated the family obligation to refrain from participating in drug -related or violent criminal activity.

Assistance will be terminated for participants who have been:

- Evicted from a unit assisted under any Federally assisted housing program for drug-related or violent criminal activity during participation in the program, and within the last three (3) years prior to the date of the notice to terminate assistance.
- The PHA may waive this provision and permit the family to continue receiving assistance provided the circumstances leading to the eviction no longer exist (for example: the household member involved in the drug -related and/or violent criminal activity is no longer in the household due to death or incarceration).

Section III
Page 5

6. Terminating Assistance for Alcohol Abuse by Household Members

Under the family obligations listed at 24 CFR 982.551, the members of the household must not abuse alcohol in a way that threatens the health, safety or right to peaceful enjoyment of other residents and persons residing in the immediate vicinity of the premises. Assistance will be terminated due to violation of a family obligation if the PHA determines that a member of the household has demonstrated a pattern of alcohol abuse that threatens the health, safety or right to peaceful enjoyment of other residents and persons residing in the immediate vicinity of the premises.

7. Notice of Termination of Assistance

- a) In any case where the PHA decides to terminate assistance to the family, the PHA must give the family written notice which states:
 - The reason(s) for the proposed termination;
 - The effective date of the proposed termination;
 - The family's right, if they disagree, to request an Informal Hearing to be held before termination of assistance.
 - The date by which a request for an Informal Hearing must be received by the PHA.
- b) If the PHA proposes to terminate assistance for criminal activity as shown by a criminal record, the PHA will provide the subject of the record and the tenant with a copy of the criminal record.
- c) The PHA will simultaneously provide written notice of the contract termination to the owners so that it will coincide with the Termination of Assistance. The Notice to the owner will not include any details regarding the reason for termination of assistance.

8. Required Evidence

The PHA will pursue fact-finding efforts as needed to obtain credible evidence. The PHA may terminate assistance for criminal activity by a household member under this section if the PHA has determined that the household member has engaged in the criminal activity, regardless of whether the household member has been arrested or convicted for such activity.

9. Confidentiality of Criminal Records

The PHA will ensure that any criminal record received is maintained confidentially, not misused or improperly disseminated, and destroyed once the purpose for which it was requested is accomplished.

(SECTION 8)

10. Reinstatement to Waiting List

Applicants determined to be ineligible may become eligible and be reinstated on the Section 8 waiting list with their original date and time of application and preferences eligible for.

11. Conflict of Interest

C. DEFINITIONS

Covered person , for purposes of 24 CFR Part 982 and this chapter, means a tenant, any member of the tenant's household, a guest or another person under the tenant's control.

Credible evidence may be obtained from police and/or court records. Testimony from neighbors, when combined with other factual evidence can be considered credible evidence. Other credible evidence includes documentation of drug raids or arrest warrants.

Drug means a controlled substance as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802).

Drug-related criminal activity means the illegal manufacture, sale, distribution, or use of a drug, or the possession of a drug with intent to manufacture, sell, distribute or use the drug.

Guest, for purposes of this chapter and 24 CFR part 5, subpart A and 24 CFR Part 982, means a person temporarily staying in the unit with the consent of a tenant or other member of the household who has express or implied authority to so consent on behalf of the tenant. The requirements of part 982 apply to a guest as so defined.

Household, for the purposes of 24 CFR Part 982 and this chapter, means the family and PHA -approved live-in aide.

Other person under the tenant's control , for the purposes of the definition of covered person and for 24 CFR Parts 5 and 982 and for this chapter, means that the person, although not staying as a guest (as defined in this chapter) in the unit, is, or was at the time of the activity in question, on the premises because of an invitation from the tenant or other member of the household who has express or implied authority to so consent on behalf of the tenant. Absent evidence to the contrary, a person temporarily and infrequently on the premises solely for legitimate commercial purposes is not under the tenant's control.

Preponderance of evidence is defined as evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; that is, evidence which as a whole shows that the fact sought to be proved is more probable than not. The intent is not to prove criminal liability, but to establish that the act(s) occurred. Preponderance of evidence may not be determined by the number of witnesses, but by the greater weight of all evidence.

Violent criminal activity means any criminal activity that has as one of its elements the use, attempted use, or threatened use of physical force substantial enough to cause, or be reasonably likely to cause, serious bodily injury or property damage.
