ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Burbank Housing Authority administers the tenant-based Section 8 Program for 1,014 very low income households. There are no public housing units in the City, therefore, many sections of this template do not apply. The annual goal for the 2003/2004 program year is to fully utilize the existing unit allocation to ensure that the Vouchers are used at all times. The Section 8 waiting list needs to be constantly updated with current information in order to contact eligible applicants as soon as possible.

Employment and financial self-reliance will be encouraged through maximum utilization of the Family Self-Sufficiency Program. Section 8 tenants will also be encouraged to live outside of areas with a high concentration of poverty. The financial resources that are available to the Burbank Housing Authority include the federal funds provided under the Annual Contributions Contract and the Administrative Fee Reserve account. These reserve funds are used to supplement the ongoing operation of the Section 8 Program.

The Burbank Housing Authority has a commitment to provide the highest level of service to assist the greatest number of eligible tenants as possible while staying within the available funding. It is the policy of the Burbank Housing Authority to achieve and maintain full lease-up of all housing vouchers.

The Section 8 Program as administered by the Burbank Housing Authority is intended to achieve these major objectives:

- To provide affordable housing that is decent, safe, and sanitary to very low income households.
- To ensure that all units in the Program meet Housing Quality Standards and that tenants pay fair and reasonable rents.
- To promote fair housing and the opportunity for very low income households of all ethnic backgrounds to experience freedom of housing choice.
- To promote a housing program which maintains quality service and integrity which encourages private property owners to rent to very low income households.

1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the “Overall” Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.

*There are 8,745 (22%) households headed by persons 62 years of age or older. A total of 1,761 elderly households experience housing cost burden, or pay more than 30% of their gross income toward housing costs.

**The Census reflects 10,678 disabled persons in Burbank. CHAS data estimates developmentally disabled households in need of supportive housing at 1% of the total population. Those with severe mental illness were estimated at 1% of the adult population over 18 years of age. It can be assumed the needs of disabled households on a fixed income mirror those of the elderly. In addition, a large portion of the housing needs for the disabled are centered on physical accessibility needs. Existing residential units may be modified in most cases to address these needs.

***Hispanics represent 22% of the population and constitute the largest ethnic minority group in the City. Hispanics have the highest need for affordable housing as

shown by the fact that they are the largest minority group with households at very low and low median family incomes and are the largest minority population with any housing problems at 46%.

What sources of information did the PHA use to conduct this analysis? (Check all that apply; all materials must be made available for public inspection.)

- Consolidated Plan of the Jurisdiction - Draft
