### Project-Based Assistance Implementation Plan & Selection Criteria

In FY 2003-04, the Housing Authority will accept applications to assist up to 25 units under the project-based assistance program. No more than 25% of the total units per project can be designated for project-based assistance, unless the project is designated for elderly or disabled residents.

The use of housing choice vouchers for project-based assistance is consistent with the following strategies in the PHA Plan:

1. Maximize the number of affordable units available to the PHA within current resources by ensuring access to affordable housing among families assisted by the PHA and maintain Section 8 lease-up by marketing the program to owners.
2. Increase the number of affordable housing units by pursuing housing resources other than public housing or Section 8 tenant-based assistance.

The City's Consolidated Plan has given high priority to affordable housing opportunities for extremely low and very low-income renter households. The provision of project-based assistance is consistent with the City's Consolidate Plan, because the assistance ensures housing affordability and expands the housing stock.

Project may be new construction, rehabilitation, or existing housing.

In FY 2003-04, applications will be scored according to the following criteria:

- Project has a written policy for admission (10 points)
- Number of units requesting to receive assistance. (26 – 50 units per project = 10 points; 10 - 25 units per project = 5 points; all others = 0 points)
- Proposed rents + Utility Allowance (UA) are 75% less than FMR (20 points)  
Proposed rents + UA are between 76-100% of FMR (15 points)  
Proposed rents + UA are between 101-110% of FMR (10 points)  
Proposed rents + UA are over 110% of FMR (0 points)
- Project is non-profit owned (20 points)
- Project is located in a census tract with less than 10% of population living below poverty. (20 points)  
Project is located in a census tract with a poverty rate between 10-18% (10 points)  
Project is located in a census tract with a poverty rate of 19% or more (0 points)

The highest scoring applicant will be selected. If there is more than one application receiving the highest score, the Housing Authority Commission will make the selection.
