ii. Executive Summary of the Annual PHA Plan

[24CFRPart903.79(r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Annual Plan of the Housing Authority of the City of Greeley (GHA) and Weld County Housing Authority (WCHA) seek to operate as consortia of agencies. The Housing Authority of the City of Greeley (GHA) will act as the lead agency as approved by the GHA Board of Commissioners and the Weld County Commissioners. The consortia of agencies will allow both agencies to address the lack of affordable housing in Greeley and Weld County.

Public Housing increases the availability of low-income apartment units. The Section 8 programs offer rental assistance to income eligible families. Section 8 Vouchers are portable anywhere in the United States, so program participants are not restricted in their choice where to live. This flexibility addresses the issue of deconcentration of poverty.

The increase in housing costs continues to rise faster than the wages within the Greeley/Weld area creating a growing gap between the two, and a growing need for housing assistance. This situation is not expected to improve in the near future, but is expected to continue to grow. The number of households in Greeley/Weld County is estimated to have increased 28.02% since 1990, and elderly households are estimated to have increased 1.87% since 1990.

This plan will be reviewed and modified on an annual basis to meet the needs of Greeley and all of Weld County as the consolidation of the Housing Authority of the City of Greeley and the Weld County Housing Authority moves forward.

Attachment 1: Admissions Policy for Deconcentration

The admission policy is designed to provide deconcentration of poverty and income mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. Varied income levels are represented in all public housing units due to income mixing practices.

Deconcentration is also addressed by the portability of the Section 8 Vouchers. Section 8 participants are encouraged to find affordable housing in any area which suits their needs. Portability is not discouraged, and is available to every participant.

Landlords from all areas are encouraged to participate in the Section 8 Program. Landlords receive information packets, and are encouraged to meet with staff for additional education regarding the program.

Clients are educated through a briefing, followed by individual meetings. During the initial briefing, participants are encouraged to actively search for housing in person and to present themselves in a positive manner as they meet with landlords. The Occupancy Specialist discusses how to approach landlords, the importance of good references, and general good housekeeping practices.

The combination of the established policies, education of clients, and outreach to landlords promotes deconcentration.
