ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Our 2003 Plan is similar to the plan we submitted in 2001. Although growth has actually stabilized on the Western Slope of Colorado, the need for affordable housing has not. There is increased pressure from the economy due to the events of September 11th and that economic activity has put additional pressure on families struggling to find decent employment and still meet the regulatory requirements associated with welfare-to-work legislation. Rents are still very high in our area and it causes more and more individuals to fall into the low and very low-income brackets.

We are very happy with the progress made in outsourcing the caseworkload of the Family Self-Sufficiency Program to the Training Advantage. They have been very helpful in expanding the services and quality of service being offered to participants. They have made numerous recommendations which are included at the end of this section and we hope to be able to work with them toward improvements for families that want to become self-sufficient.

We met all our capital requirements in 2001 with the construction of the Child Quest Kitchen / Lunchroom Project which was extended into the year 2002 with expansion of the playground. This project was badly needed and was well received by Governor Bill Owens in October at the open house. Childcare on the western slope is vital to families that are trying to get back on their feet and into the work place. Despite the fact that most childcare centers are subsidized, the Child Quest Learning Center in Olathe, licensed for 115 children, is now in its 7th year and averages 70-80 children a

day. The success of that program comes from a dedicated staff that continually applies for and is awarded grants from the private sector. Instead we are now preparing to enter an agreement with the City of Montrose to purchase the Barbara Court By the year 2003, we hope to have closed on and obtained the 44 more units in Montrose The City Of Montrose has consented to grant up to \$490,000 for the purchase of the Barbara Court Apartments and Rural Development is working with us to assume the loan on the Park Avenue Apartments.

A housing needs assessment, which is due to be completed by Economic & Planning Systems (EPS) in mid November2002, will allow the Board to make productive decisions toward affordable housing for the next 5-10 years. The Housing Authority, together with the assistance of West Central Housing Development Organization, was instrumental in bringing the two government agencies together to jointly fund the study.

1. Statement of Housing Needs

[24 CFR Part 903.79 (a)]

The needs in Montrose County for affordable housing are expected to continue to grow at a rate equal to or greater than the growth in population in 2002. There are signs of a slowdown in the economy both nationally and locally, especially with the events that took place at the World Trade Center in New York on September 11th. We anticipate a growing need for affordable housing, especially as the wage gap widens due to high rents and low incomes in Montrose County. Natural gas prices have stabilized and are expected to remain fairly static for the year 2003 but we may conduct a utility fee study to determine whether or not we need to adjust the utility allowance in 2003. The fear of housing authorities is that with the already high rents, high utility costs will push families over the economic edge financially.

Our most obvious need for low-income housing comes from single parents and elderly since they make up the majority of our waiting lists. We anticipate that the housing needs assessment which is currently underway, funded jointly by the City of Montrose and Montrose County, will support that finding. The results will be used to guide the housing authority, the CHDO, as well as the City and County of Montrose in allocating housing financial resources in the most productive manner in the future.

Section 8 Housing Choice Vouchers are the backbone of our operations and that program as designed, has had the most lasting benefit to low-income families throughout the Housing Authority's history. We hope to work to increase the number of units available with the addition of 44 more units under consideration in the fall of 2002. There is a need to continue to provide emergency assistance for homelessness and support programs that help individuals move toward permanent self-sufficiency. However, for the first time in 4 years, we were not able to keep up with the 100% matching requirement of the Colorado state-sponsored emergency shelter grant. This is going to provide a hardship for applicants seeking this form of help.

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

C. Goal for Addressing Needs

Provide a brief description of the PHA's Goal for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this Goal.

Our goal for addressing the needs of families in our jurisdiction will continue being met largely through our administration of the HUD Section 8 Rental Assistance Program. Our goals for 2003 will include formulating a revised plan based on the outcome of the needs assessment study that will be completed in November, 2002. Another 2003 goal is to acquire the 24-unit Barbara Court Apartment Complex, remodel the units as necessary, and add two handicap accessible units. That project will ensure long-term stability for 24 families for many years to come. We are also currently under contract to acquire the 20-unit Park Avenue Apartments, a low-income housing project funded through the U.S. Department of Agriculture - Rural Development. The addition of these two projects helps us go a long way in meeting major goals of maintaining and preserving a supply of safe, decent, affordable housing.

Our goal for the FSS Program is to increase the number of people currently enrolled in FSS and work closely with the Training Advantage to maximize the benefit to enrollees. We believe that, administered properly, the FSS program can be the most effective tool in helping area families help themselves.

(1) Strategies

Annual Plan Input – 2003 – Attachment “A” Resident Advisory Board Comments

September 5, 2002

Tim Heavers
Montrose County Housing Authority
222 Hap Court
Olathe, CO 81425

Dear Tim:

I talked with members of my Advisory Committee and have the following input to pass on to you:

Good Aspects of the Family Self-Sufficiency Program are:

- 1) The escrow incentive is a very positive thing, offering a reward for trying as opposed to usual punitive procedures implemented by other programs.
- 2) The group meetings have been interesting, informative, and helpful.
- 3) Members appreciate the encouragement and support, advice and counsel offered by the case manager.
- 4) Members appreciate help received in dealing with other agencies.
- 5) Members are glad to have help with organizing a plan and appreciate referrals.

Some aspects the Resident Advisory Board identified as needing revision and changes are:

- 1) Escrow (esp. state-base) needs to be more readily accessible.
- 2) It would be nice if HUD could help with things like gasoline, uniforms, etc.
- 3) There is a severe shortage of jobs in this area that are not "dead-end" and offer the possibility of upward mobility. What is HUD doing to address this problem?
- 4) The FSS program needs to recognize the value of a member starting his or her own business as opposed to simply getting a low-pay service job.
- 5) Some members object to the testing process (career and aptitude) and feel it was a waste of time.

Some pressing needs that seriously affect the chances of a member becoming free of welfare:

- 1) Lack of medical coverage for 90 per cent of our members. Once they are off TANF and into low-pay jobs they have no Medicaid, cannot afford health insurance on their own, and are not offered insurance by their employers.

- 2) Day Care is very expensive. If a member earns more \$\$\$ than the established limit they are "penalized" by child care costs that, in many cases, make pay increases detrimental.
- 3) Transportation is a problem as our community increases in size. If a member has no car and must walk to Day Care and the work site it adds a lot of time, stress and fatigue to their day. That limits the job search to a reasonable radius, thus lessening her options causing them to stay *On theSystem* as long as possible.
- 4) The "Workfare" programs need more positive incentive programs like HUD/FSS.

To sum up, it seems the members are pleased with the FSS program but are asking for help with big issues that make it attractive to try to retain some forms of welfare. I'm not sure how much can be done about much of this but it does warrant our attention.

Sincerely,

Joyce Chenevert HUD/FSS Case Manager

The Montrose County Housing Authority is exempt since we have no public housing and are a Section 8 Contractor only. However, our Board approves of the concept of the RAB and has appointed the FSS Applicants to act as the Resident Advisory Board. The Resident Advisory Board appoints a spokesperson to periodically report to our board and make recommendations. This process has worked effectively for the Housing Authority.
