Component 10 (B) Voluntary Conversion Initial Assessments

- a. How many of the PHA's developments are subject to the Required Initial Assessments?

The Welles Village (CT26-1) family public housing development is covered by the requirement.

- b. How many of the PHA's developments are not subject to the Required Initial Assessments based on exemptions (e.g., elderly and/or disabled developments not general occupancy projects)?

No developments are exempt.

- c. How many Assessments were conducted for the PHA's covered developments?

An assessment of Welles Village was completed. This assessment was completed two ways. One method used basic modernization standards and the other assumed redevelopment to a level that met community and market standards.

- d. Identify PHA developments that may be appropriate for conversion based on the Required Initial Assessments:

| Development Name | Number of Units |
|-------------------------|------------------------|
| Welles Village | 199 |
| | |
| | |
| | |
| | |
| | |
| | |

The Authority intends to refine its initial assessment to better determine the feasibility of conversion. The Authority also intends to track the status of HUD's proposal to convert federal public housing to project-based Section 8 that was included in the Department's budget submission to Congress. The GHA believes that Welles Village may be an excellent candidate for this type of conversion as a means to redevelopment the site and to assure the long term viability and upkeep of the development by making its annual cash flow sufficient to support future modernization needs, which is not true under the public housing statutes.

- a. If the PHA has not completed the Required Initial Assessments, describe the status of these assessments:

C. Reserved for Conversions pursuant to Section 33 of the U.S. Housing Act of 1937
