3. Deviations From and Modifications to the Agency Plan

The Agency Plan is a living document, which shall serve to guide SHA operations and resource management. In the event that circumstances or priorities necessitate actions, which would represent a substantial departure from the goals, objectives, timetables or policies as set forth in the plan, the SHA will invite resident review and input prior to taking actions that would implement such substantial changes.

Development of subsequent Annual Plans shall be vehicle through which updates and minor or routine modifications to the Agency Plan are made. On an annual basis the SHA will review its progress toward the achievement of its goals and objectives as set forth in the Agency Plan. It will also evaluate whether the remaining goals and objectives, and the existing policies and procedures, adequately address the needs of its constituents, stakeholders and the agency. To the extent that those needs are not met by the elements of the existing Agency Plan, the subsequent Annual Plan shall be written to reflect changes to goals, objectives, policies and procedures to address those needs.

In the event that the elements of the subsequent annual plan represent a significant departure from those of the existing Agency Plan, a Significant Amendment or Modification to the Agency Plan will be undertaken. Under these circumstances, a full and participatory planning process will be used to obtain resident and stakeholder input. A draft of the substantially modified Agency Plan will be subject to the public review, comment, and hearing process.

The SHA will honor the current HUD definitions of Substantial Deviation and Significant Amendment.

- changes to rent or admissions policies or organization of the waiting list;
- additions of non-emergency work items (items not included in the current Annual Statement or 5-Year Action Plan) or change in use of replacement reserve funds under the Capital Fund;
- additions of new activities not included in the current PHDEP Plan;
- and any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by the SHA.

Admissions Policy for Deconcentration

SANFORD HOUSING AUTHORITY BOARD OF COMMISSIONERS

RESOLUTION 2001-07

Amendment to the Admissions and Continued Occupancy Policy

WHEREAS the Sanford Housing Authority is committed to providing housing to families with broad range of incomes, and

WHEREAS it is the desire of the SHA to achieve in each general occupancy housing development occupancy that reflects the income characteristics of the overall public housing population residing in general occupancy developments, and

WHEREAS Section 513 of the Quality Housing And Work Responsibility Act allows the SHA to establish and use criteria to achieve this income-mixing goal, and

WHEREAS and SHA policy regarding Deconcentration in Public Housing is a requirement of the Agency's Annual Plan.

BE IT THEREFORE RESOLVED that the Admissions and Continued Occupancy Policy (ACOP) is hereby amended to include the following statement of Policy:

ADMISSIONS POLICY FOR DECONCENTRATION

The SHA shall deconcentrate poverty and achieve income-mixing within its public housing developments by bring higher income tenants into lower projects and lower income tenants into higher income projects.

This policy is to be implemented by taking, on a periodic basis, but in no case not less bi-annually, the following actions:

- Determine and compare the relative tenant incomes of each development with 100 or more general occupancy units to the average income of the public housing participants in all general occupancy developments with 100 or more units;
- Designate the developments with average incomes of less than 83% or more than 113% of the PHA-wide average as subject to Deconcentration actions and incentives;
- Identify the admissions policy measures or incentives, if any, are needed to align the designated development income mix with the income mix of all public housing participants;
- Ensure that such measures and incentive affirmatively further fair housing;
- Make any appropriate changes to the admissions policies;

SHA 2003 Annual PLAN-ATTACHMENT A

- Implement measures and incentives to achieve stated Deconcentration goals; and
- Monitor results and suspend measures and incentives on a site-by site basis when goals are met.

This Deconcentration Policy is authorized under Section 513 of the Quality Housing and Work Responsibility Act of 1998 which amended Section 16 of the 1937 Housing Act to allow a public housing agency to establish and utilize income-mixing criteria for the selection of residents for dwelling units in public housing projects to meet Deconcentration objectives.

The Deconcentration activities and related policies shall be established based on a Deconcentration and income mixing analysis and shall be implemented in a manner that does not impose or require any specific income or racial quotas for any project or projects. Further, the Deconcentration objectives shall be consistent with QHWRA targeting objectives such that the public housing units made available for occupancy in any fiscal year to eligible families, not less than 40% shall be occupied by families whose incomes at the time of commencement of occupancy do not exceed 30% of the area median income.

The Admission Policy for Deconcentration and subsequent Deconcentration activities shall achieve their objectives through incentives and provisions for family choice. The principle of family choice allows the family to have the sole discretion to determine whether to accept the incentive without adverse action on the part of the SHA. Notwithstanding, QHWRA permits the SHA to skip a family on the waiting list to reach another family to implement its Deconcentration policy without that act being considered an adverse action.

In attaining its Deconcentration objectives, SHA will give preference to the following measures and incentives:

1. Measures to increase employment and higher wages of families in lower income developments including Section 3 opportunities, apprentice and self-sufficiency enrollment;
2. Needs assessment, self-sufficiency and job counseling for new admissions;
3. Incentives for families that accept transfers that will further the goals of Deconcentration; and Income-skipping on the waiting list only if the mandatory minimum income targeting goals can be met and income-skipping is essential to the attainment of Deconcentration goals.

E. Requirements of the Program

1. The eight hours per month may be either volunteer work or self-sufficiency program activity or a combination of the two.
2. At least eight hours of activity must be performed each month. An individual may not skip a month and then double up the following month, unless special circumstances warrant special consideration. The SHA will make the determination of whether to allow or disallow a deviation from the schedule.
3. Activities must be performed within the community and not outside the jurisdictional area of the SHA.

F. Family Obligations

At the time of Lease execution or re-examination on or after November 14, 2003, all adult members (18 years or older) of a public housing resident family must:

1. Provide documentation that they are exempt from the Community Service and Self-Sufficiency Requirement.
2. Sign a certification that they have received and read this policy and understand that if they are not exempt, failure to comply with the Community Service and Self-Sufficiency Requirement will result in non-renewal of their Lease.

3. At each annual re-examination, non-exempt family members must present a completed documentation form (to be provided by the Sanford Housing Authority) of activities performed over the previous 12 months. This form will include places for signatures of supervisors, instructors, or counselors certifying to the number of hours contributed.
4. If a family member is found to be non-compliant at re-examination, he/she and the Head of Household must sign an agreement with the SHA to make up the deficient hours over the next 12-month period.

G. Change in Exempt Status

1. If, during the 12-month period, a non-exempt person becomes exempt, it is his/her responsibility to report their new “exempt” status to the SHA and provide documentation to support their status.
2. If, during the 12-month period, an exempt person becomes non-exempt, it is his/her responsibility to report their new “non-exempt” status to the SHA. The Authority will provide the person with the Recording/Certification documentation form and a list of agencies in the community that provide volunteer and/or training opportunities.

H. Sanford Housing Authority’s Obligations

1. To the greatest extent possible and practical, the SHA will:
 - a) Provide names and contacts of agencies that can provide opportunities for residents to fulfill their Community Service and Self-Sufficiency requirements.
 - b) Provide in-house opportunities for volunteer work or self-sufficiency programs.
2. The SHA will provide the family with exemption verifications forms and Recording/Certification documentation forms and a copy of this policy at initial application and at lease execution.
3. The SHA will make the final determination as to whether or not a family member is exempt from the Community Service and Self-Sufficiency Requirement. Residents may use the SHA’s Grievance Procedure if they disagree with the SHA’s determination.

I. Non-compliance of Family Member

1. At least 30-days prior to annual re-examination and/or lease expiration, the SHA will begin reviewing the exempt or non-exempt status and compliance of family members.

2. If the SHA finds a family member to be in non-compliance, the SHA must enter into an agreement with the non-compliant member and the Head of Household to make up the deficient hours over the next 12-month period.
3. If, at the next annual re-examination, the family member still is not compliant, the lease will not be renewed and the entire family will have to vacate, unless the non-compliant member agrees to move out of the unit.
4. The family may use the SHA's Grievance Procedure to protest the lease termination.
