Resolution 00-01

Deconcentration Policy

It is the policy of the Housing Authority of the City of Bradenton, Florida (PHA) to house families in a manner that will prevent a concentration of poverty families and/or concentration of higher income families in any one development. The specific objective of the PHA is to house no less than 40% of its inventory with families that have income at or below 30% of the area median income by public housing development. Also the PHA will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the PHA does not concentrate families with higher income levels, it is the goal of the PHA not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The PHA will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the PHA.

To accomplish the deconcentration goals the PHA will take the following actions:

- A. At the beginning of each fiscal year, the PHA will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous fiscal year.
- B. To accomplish the goals of:
 - 1. Housing not less than 40% of its inventory on an annual basis with families that have incomes at or below 30% of area median income, and
 - 2. Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living the development with incomes that exceed 30% of the area median income, the PHA's Tenant Selection and Assignment Plan, which is a part of this policy, provides for the utilization of local preferences with regards to applicant selection from its waiting list.

Progress in meeting the 5-Year Plan Mission and Goals

The BHA has been able to maintain its mission to promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination through the utilization of FY 00/01 Capital funds and the proper application of our public housing policies.

We are continuing to address public housing vacancies very aggressively and our PHAS scores indicate that other operational issues are being positively addressed.

Capital funds have been utilized to provide modernization of our properties and our FY 2002 application will continue that effort.

BHA has implemented local preferences to improve the living environment by addressing deconcentration, promoting income mixing, and improving security throughout our developments.

The BHA created and continues to facilitate self-sufficiency programs to improve resident employability as well as solicit support services for the elderly and families with disabilities.

The Bradenton Housing Authority is committed to increasing the involvement of the public housing residents in the management and operation of its public housing through 1) establishment of Resident Councils and 2) employment of residents in the management and maintenance of its public housing sites

The Bradenton Housing Authority is further committed to promoting economic self-sufficiency through the Family Self Sufficiency (FSS) Program, which links housing assistance to career planning, training and educational programs, and support services in order to become independent from welfare payments. Each FSS participant signs a five-year contract with individualized and specific training, educational and job advancement goals. After signing the FSS contract, an escrow account is maintained for each participant, with increases in earned income.

The FYE 2002 Resident Satisfaction Survey revealed residents in Page were generally dissatisfied with the appearance of there neighborhood. The Bradenton Housing Authority is committed to correcting this condition by employing a more proactive maintenance schedule and encouraging residents to meet their Lease Agreement responsibilities.

We are confident that the BHA will be able to continue to meet and accommodate all our goals and objectives for FY 2003.

A Resident with a dog or cat may also have other categories of "common household pets" as defined above.
3. Pets other than a dog or cat shall be confined to an appropriate cage or container. Such a pet may be removed from its cage while inside the owner's

housing unit for the purpose of handling, but shall not generally be unrestrained.

4. Only one (1) dog or cat is allowed per household. NO PIT BULLS WILL BE PERMITTED. All dogs and cats will need to be on a leash, tied up, or otherwise restrained at all times when they are outside. Neither dogs nor cats shall be permitted to run loose.
5. Pet owners shall maintain their pet in such a manner as to prevent any damage to their unit, yard or common areas of the community in which they live. The animal shall be maintained so as not to be a nuisance or a threat to the health or safety of neighbors, PHA employees, or the public, by reason of noise, unpleasant odors or other objectionable situations.
6. Each pet owner shall be fully responsible for the care of the pet, including proper disposal of pet wastes in a safe and sanitary manner. Specific instructions for pet waste shall be available in the management office. Improper disposal of pet waste is a lease violation and may be grounds for termination.
7. All pets shall be inoculated and licensed in accordance with applicable state and local laws. All cats or dogs shall be neutered or spayed unless a veterinarian certifies that the spaying or neutering would be inappropriate or unnecessary (because of health, age, etc.).
8. All pets shall be registered with the Management Office immediately following their introduction to the community. Registration shall consist of providing:
 - a. Basic information about the pet (type, age, description, name, etc.);
 - b. Proof of inoculation and licensing;
 - c. Proof of neutering or spaying. All female dogs over the age of six (6) months and female cats over the age of five (5) months must be spayed. All male dogs over the age of eight (8) months and all male cats over the age of ten (10) months must be neutered. If health problems prevent such spaying or neutering, a veterinarian's certificate will be necessary to allow the pet to become or continue to be a Resident of the community;
 - d. Payment of a pet deposit of \$100.00 (to be paid in full, or over a period of time not to exceed six (6) months, in case of hardship) to defray the cost of potential damage done by the pet to the unit or to common areas of the community. There shall be no pet deposit for pets other than dogs or cats. The pet deposit shall not preclude charges to a Resident for repair of damages done on an ongoing basis by a pet. The Resident is responsible for all damages caused by the pet and will reimburse the Authority for all costs it incurs in repairing such damages. This deposit is refundable with accrued interest if no damage is identified at the move-out inspection; and the resident provides proof that flea spraying has been done after the removal of the pet.
 - e. Payment of a nominal fee of \$7.00 a month to defray the cost of potential damage done by the pet to the unit or to common areas of the community. There shall be no fee for pets other than dogs or cats. The fee shall not preclude charges to a Resident for repair of damages done on an ongoing basis by a pet. The Resident is responsible for all damages caused by the pet and will reimburse the Authority for all costs it incurs in repairing such damages. This fee is non-refundable.
