**C. Strategy for Addressing Needs**

Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency’s reasons for choosing this strategy.

Affordable rental units have decreased and applicants and participants are having difficulty finding qualified units. To increase the housing opportunities for participants of the Section 8 Program, the Housing Agency’s strategy is to do more frequent comparability analyses of current market rents in the hope that this will establish payment standards that will increase the families’ ability to secure rental units. Payment standards are adjusted as needed to reflect current Fair Market Rents. This will also increase our lease-up.

Annual outreach efforts will be made to potential voucher landlords in the form of presentations to Social Service Provider Agencies, Realtors, and various community organizations. The agency may also prepare news articles on the benefits of renting to Section 8 Clients. The Housing Agency will increase efforts to more effectively educate applicants and participants about tenant responsibilities. The expected result is a reduction or elimination of lease violations and an increase in landlord participation in the program.

The Housing Agency participates in the Consolidated Plan process to coordinate ideas and to reach mutual goals to benefit eligible families.

The County of Kauai has designated the following objectives in meeting high and medium priority housing needs over the five-year period 7/01/00 to 6/30/05:

- \* Increase the available stock of long-term affordable rental units for larger families (4 or more persons), particularly those with incomes at or below 30% of median income;
- \* Increase the available stock of affordable rental units for smaller families (2-4 persons), particularly those with incomes below 50% of median income;
- \* Increase the available stock of affordable rental units for elderly persons, particularly those with incomes below 50% of median;
- \* Support opportunities to first-time homebuyers through self-help housing, homebuyer loan programs, and a Section 8 Homeownership Program, particularly those with incomes between 51-80% of median income.

The Consolidated Plan also supports extremely-low, low and moderate income households by increasing the supply of long-term affordable rental units by developing new housing inventory and preserving existing rental housing stock through rehabilitation.

The supply of new rental housing is expected to increase by at least 180 rental units with a high percentage of 3-bedroom units affordable to larger families in the extremely-low and low income groups. It is expected that at least 60 units will be produced within the next 1-2 years and another 60 within the next 3-4 years. The County has supported applications from eligible nonprofits and other entities that propose to construct rental housing and/or preserve existing affordable rental housing stock through rehabilitation activities. The County has supported owner rehabilitation by providing low-interest loans to an estimated 3 to 4 families each year. The County also assisted a Kauai-based Community Housing Development Organization (CHDO) utilize \$600,000.00 in HOME set-aside funds to rehabilitate

and preserve 42 rental units for very-low and low income families. The County may also apply for federal funding to complete build-out of rental housing at existing properties. #### **20. Statement of PHA’s Progress in meeting the mission and goals described in the 5-Year Plan**

[24 CFR Part 903.7(r)]

The Kauai County Housing Agency has implemented innovative strategies in utilizing available resources to help alleviate some of the housing burden for Kauai’s low-income families.

The agency assisted the Kauai Housing Development Corporation (KHDC), a Kauai-based nonprofit housing developer, in preparing an application to the State of Hawaii for Low-income Housing Tax Credits and Rental Housing Trust Funds financing to build an additional forty low-income rental units at the Kalepa Village affordable housing project. The additional forty units will increase the size of the project by sixty percent. All infrastructure is in place at Kalepa Village for a total project size of one hundred eighty units.

The agency provided homebuyer education classes utilizing Housing Agency staff to 29 households (35 residents) of a low-income rental housing project to assist families in taking the first step to becoming “buyer ready”. The agency assisted 15 low-income families with low-interest financing through its HomeBuyer Loan Program to purchase existing eligible housing on Kauai. The agency also created a special loan program using program income sources to provide financing to 10 low-income families participating in the Kapaa Self-help Housing project who were unable

to otherwise secure affordable loans. Low-interest gap mortgage financing as match financing for KHDC's Rural Development Direct Home Loan Program was also provided by the housing agency to assist five low-income households acquire existing housing for homeownership.

The Section 8 Program staff and management has participated in a two-day workshop to improve and streamline the program policies and procedures with the expectation that a better product for the Section 8 participants would be the end result.

Payment standards have been increased and remain at 110% to allow participants greater flexibility as they search for units in an ever-tightening market.

In December, 2001 the Section 8 program cleared it's wait list (587 families) in an attempt to increase lease-up and help as many families as possible to avoid a possible reduction in funding for the upcoming fiscal year. The agency has seen improvement in the lease-up rate but the limited availability of units remains a problem.

Self-sufficiency and asset development of families and individuals remains a priority for the KCHA. The agency continues to operate a strong FSS Program and fully expects to have a Homeownership Program in place and operating this fiscal year.
