Other Information

Resident Advisory Board

The board originally consisted of six people contacted to serve on the Resident Advisory Board. These original six were intended to represent a cross section of clients served. Four of the six were from the Section 8 or rental assistance program. There was a member from each of the two largest elderly complexes served, a veteran, and a person with family members. There were also two families from the public housing program. In 2001, the board opened its membership to anyone who wanted to serve.

It was decided by the Board to continue with an open membership for the 2003 plan. Several new members have joined the board. The Board decided only those members attending a meeting or providing input would be listed in the plan as board members.

An ad will again be placed in the local papers advertising for membership at the start of the planning process for the 2004 plan.

Description of the Process for Residents to Serve on the Public Housing Board.

The Agency advertises for Board turnover at least annually. The Board is appointed by the Knoxville City Council. Any adult meeting the qualifications of appointment to a City Board may request appointment. There has been a resident from Public Housing on the Board since the middle 1990's. The term of appointment is two years. The current board member is Lisa Simmons.

- A. With respect to the 5-year plan, a significant amendments or modifications are those that make a change to the PHA's mission, or the goals and objectives to enable the PHA to meet the needs of the families that it serves, or both.
- B. With respect to the Annual Plan, a significant amendments or modifications are those that made significant changes to information provided by the PHA in its Annual Plan. For example, the PHA's housing needs or its strategies for meeting those needs has changed

substantially, or the PHA has made substantial changes to its planned use of financial resources.

- C. A Significant Amendment or Modification must be:
1. Adopted by the Board of Commissioners at an open meeting
 2. Not be implemented until approved by HUD.

Progress on One and Five Year Goals

As a goal of the five year plan the Agency committed to using 90% of its Housing Assistance Payments and units available. The Housing Agency ended its fiscal year in March 31, 2002 using 100% of its funds and using an average of 94% of the units available.

The Agency as part of the five year planning process decided to look outside its traditional role of providing assistance with safe and decent housing through its programs. The Agency considered what could be done to improve or develop housing through other programs.

A major goal of the Housing Agency was to develop additional affordable senior housing for Pella. A lack of accessible affordable elderly housing continues to be a problem in Pella. The goal of year two was to start the application process. As the Housing Agency can not be the applicant for the project, its goal is to serve as a catalyst and a resource for the sponsor agency. To this end, the Housing Agency is working with a local non-profit group that hopes to submit an application for spring 2003 funding.

Another project included helping the City in developing a Community Development Block Grant for housing rehabilitation. The Agency provided staff time in the grant development and agreed to underwrite the cost of the application. The City of Knoxville received a Housing Rehabilitation grant of \$329,990. The Housing Agency continues to provide assistance as the City prepares to administer the grant.

The Veterans Administration (VA) has been contacted to see if there was a possibility they could develop housing for veterans and utilize rental assistance. The Housing agency lacked sufficient staff to follow through on this goal for the current fiscal year. The goal will be moved to the 2003 annual plan.

Most of the other minor goals were achieved. The Housing Agency continues to do police checks on all applicants and recipients of assistance, provide outreach to landlord organizations, credit counseling in recommended to Public Housing tenants when needed, provide outreach to FADDS, and assist families with information on how to transition to home ownership.

The goal to have law enforcement presence at Valley View may be achieved again starting November 22, 2002. A local law enforcement officer plans to accept housing effective that date.

Fair Housing

Knoxville Public Housing has all required postings clearly displayed. There are no significant minorities groups in Knoxville and it is believed that minorities are represented in accordance with an amount as might reasonably be expected for the numbers present. Elderly, disabled, and handicapped represent 67% of the total caseload so it does not appear there is any significant barrier to their participation. Both the Public Housing Occupancy Plan and Administrative Plan address Fair Housing and the local office believes it is in compliance. There has never been a Fair Housing complaint of the local office.

Deconcentration

The Housing Agency has 49 units. Recent changes in the deconcentration policy exempted Housing Agencies with fewer than one hundred units from the requirement to deconcentrate.

Pets

Knoxville Public Housing has had a pet policy since September 21, 1999. It provides for a nominal deposit of \$200 to have a pet. The policy limits the number, size, and types of pets. The policy covers safety aspects such as shots, reasonable care of the animal, and elimination of fecal material. The policy describes when an animal will be considered dangerous. Some minor modifications were made after the final pet policy rules were issued. There have been no significant complaints about pets since the policy was initiated.

Follow-up Plan to Resident Assessment Survey

The Housing Agency (HA) scored below 75% in two of its projects on safety. A third project scored 80% in this category. The HA received low scores in two areas, the tenant's awareness of the availability of tenant crime prevention programs and adequate lighting. The HA will make all tenants aware of the availability of crime prevention programs and do a survey to determine where additional lighting may be needed.
