- Renovate or modernize public housing units:
- Demolish or dispose of obsolete public housing:
- Provide replacement public housing:
- Provide replacement vouchers:
- Other: (list below)

PHA Goal: Increase assisted housing choices

Objectives:

- Provide voucher mobility counseling:
- Conduct outreach efforts to potential voucher landlords
- Increase voucher payment standards
- Implement voucher homeownership program:
- Implement public housing or other homeownership programs:
- Implement public housing site-based waiting lists:
- Convert public housing to vouchers:
- Other: (list below)

HUD Strategic Goal: Improve community quality of life and economic vitality

PHA Goal: Provide an improved living environment

Objectives:

- Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments:
- Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments:
- Implement public housing security improvements:
- Designate developments or buildings for particular resident groups (elderly, persons with disabilities)
- Other: (list below)

HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals

PHA Goal: Promote self-sufficiency and asset development of assisted households

Objectives:

- Increase the number and percentage of employed persons in assisted families:
- Provide or attract supportive services to improve assistance recipients' employability:
- Provide or attract supportive services to increase independence for the elderly or families with disabilities.
- Other: (list below)

HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans

- PHA Goal: Ensure equal opportunity and affirmatively further fair housing
Objectives:
 - Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability:
 - Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disability:
 - Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required:
 - Other: (list below)

ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Granite City Housing Authority has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

The following mission statement guides the activities of the Granite City Housing Authority.

The mission of Granite City Housing Authority is to provide financially stable, safe, sanitary, decent and affordable housing to those who are eligible for assistance and have demonstrated their willingness and ability to adhere to the terms of a lease.

Consistent with our mission statement, we have established the following goals and objectives we plan to achieve in the next five years.

Goal One: Increase the availability of decent, safe and affordable housing by replacing obsolete or unmarketable housing units with new energy efficient units designed for low maintenance.

Objective:

1. Complete the construction of 40 one-bedroom units in Anchorage Homes as replacement units for 40 efficiency units demolished.
2. Make application to HUD for phased demolition and reconstruction of 451 obsolete units. Lessen the density of Kirkpatrick Homes by rebuilding fewer units on the existing site. The remaining units will be constructed on site(s) yet to be determined.
3. Phased construction of 160 units of elderly and near elderly only housing on the Marshall School site. Remaining 291 replacement units will be developed in phases on Kirkpatrick Homes and sites yet to be determined. Develop housing for elderly with supportive services.

4. Demolish and rebuild Administrative/Maintenance facilities

Goal Two: Improve the overall quality of operations and, become recognized by the Department of Housing and Urban Development (HUD) as a “high performer” under its new Public Housing Management Assessment System (PHAS).

Objectives:

1. Improve the (PHAS) score. Continue to maintain or improve High Performer Status.

Goal Three: Provide an improved living environment

Objectives:

1. Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments.
2. Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments.
3. Implement public housing security improvements: The Granite City Housing Authority will continue to submit grant applications to provide continued funding for the present police substation.
4. Designate developments or buildings for particular resident groups.

Goal Four: Promote self-sufficiency and asset development of assisted households

Objectives:

1. Increase the number and percentage of employed persons in assisted families:
2. Provide or attract supportive services to improve assistance recipients’ employability.
3. Provide and attract supportive services to increase independence for the elderly or families with disabilities

Goal Five: Ensure equal opportunity and affirmatively further fair housing

Objectives:

1. Undertake affirmative measures to insure access to assisted housing regardless of race, color, religion, national origin, sex, familial status and disability
2. Undertake affirmative measures to provide a suitable living environment for families living in assisted housing regardless of race, color, religion, national origin, sex, familial status and disability.

Goal Six: Improve community quality of life and economic vitality

Objectives: Promote the overall goal of a drug free, decent, safe and sanitary housing.

1. Promote self-sufficiency of the residents by promoting employment and job skills training.

2. Promote a social and economic mix of residents within each public housing neighborhood in order to foster social stability and upward mobility.

Our Annual Plan is based on the premise that if we accomplish our goals and objectives we will be working towards the achievement of our mission.

- The plans, statements, budget summary, policies, etc. set forth in the Annual Plan all lead towards the accomplishment of our goals and objectives. Taken as a whole, they outline a comprehensive approach towards our goals and objectives and are consistent with the Consolidated Plan. Here are just a few highlights of our Annual Plan:
- We have adopted local preferences
- We have adopted an aggressive screening policy to ensure to the best of our ability that new admissions will be good neighbors.
- We have implemented a deconcentration policy.
- Applicants will be selected from the waiting list by preference and in order of the date and times their application has been verified and approved.
- We have established a minimum rent of \$25.00
- We have established flat rents for all of our developments.
- In an attempt to encourage work and advancement in the workplace, we require interim recertifications after 90 days of steady employment.

In summary, we are on course to improve the condition of affordable housing in Granite City Housing Authority.

This Agency Plan has been prepared in accordance with the Quality Housing Work Responsibility Act of 1998 (QWHRA) as we understand it. The Act is extremely complicated and the provisions are subject to differing interpretations. We utilized information and estimates from various sources to make assumptions in developing this plan. We believe our interpretation of the Act, as well as the information and estimates used to be accurate, but we cannot warrant such.

1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below) Demolition and Reconstruction

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- Other: (list below)

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

Select all that apply

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: (list below)

Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

Select all that apply

- Seek designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available
- Other: (list below)

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

Select all that apply

- Seek designation of public housing for families with disabilities
- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: (list below)

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Select if applicable

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Other: (list below)

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations
- Other: (list below)

Other Housing Needs & Strategies: (list needs and strategies below)

(2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

- Funding constraints
- Staffing constraints
- Limited availability of sites for assisted housing
- Extent to which particular housing needs are met by other organizations in the community
- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
- Influence of the housing market on PHA programs
- Community priorities regarding housing assistance
- Results of consultation with local or state government
- Results of consultation with residents and the Resident Advisory Board
- Results of consultation with advocacy groups
- Other: (list below)

Statement of Financial Resources

[24 CFR Part 903.7 9 (b)]

List the financial resources that are anticipated to be available to the PHA for the support of Federal public housing and tenant-based Section 8 assistance programs administered by the PHA during the Plan year. Note: the table assumes that Federal public housing or tenant based Section 8 assistance grant funds are expended on eligible purposes; therefore, uses of these funds need not be stated. For other funds, indicate the use for those funds as one of the following categories: public housing operations, public housing capital improvements, public housing safety/security, public housing supportive services, Section 8 tenant-based assistance, Section 8 supportive services or other.

3. PHA Policies Governing Eligibility, Selection, and Admissions

[24 CFR Part 903.7 9 (c)]

A. Public Housing

Exemptions: PHAs that do not administer public housing are not required to complete subcomponent 3A.

(1) Eligibility

a. When does the PHA verify eligibility for admission to public housing? (select all that apply)

- When families are within a certain number of being offered a unit: (state number)
 When families are within a certain time of being offered a unit: (state time)
 Other: (describe) Upon completion of the verification process

b. Which non-income (screening) factors does the PHA use to establish eligibility for admission to public housing (select all that apply)?

- Criminal or Drug-related activity
 Rental history
 Housekeeping
 Other (describe) Credit Reports

c. Yes No: Does the PHA request criminal records from local law enforcement agencies for screening purposes?

d. Yes No: Does the PHA request criminal records from State law enforcement agencies for screening purposes?

e. Yes No: Does the PHA access FBI criminal records from the FBI for screening purposes? (either directly or through an NCIC-authorized source)

(2) Waiting List Organization

a. Which methods does the PHA plan to use to organize its public housing waiting list (select all that apply)

- Community-wide list
 Sub-jurisdictional lists
 Site-based waiting lists
 Other (describe)

b. Where may interested persons apply for admission to public housing?

- PHA main administrative office
 PHA development site management office
 Other (list below)

c. If the PHA plans to operate one or more site-based waiting lists in the coming year, answer each of the following questions; if not, skip to subsection **(3) Assignment**

1. How many site-based waiting lists will the PHA operate in the coming year?0

2. Yes No: Are any or all of the PHA's site-based waiting lists new for the upcoming year (that is, they are not part of a previously-HUD-approved site based waiting list plan)?
If yes, how many lists?
3. Yes No: May families be on more than one list simultaneously
If yes, how many lists?
4. Where can interested persons obtain more information about and sign up to be on the site-based waiting lists (select all that apply)?
- PHA main administrative office
 - All PHA development management offices
 - Management offices at developments with site-based waiting lists
 - At the development to which they would like to apply
 - Other (list below)

(3) Assignment

- a. How many vacant unit choices are applicants ordinarily given before they fall to the bottom of or are removed from the waiting list? (select one)
- One
 - Two
 - Three or More
- b. Yes No: Is this policy consistent across all waiting list types?
- c. If answer to b is no, list variations for any other than the primary public housing waiting list/s for the PHA:

(4) Admissions Preferences

- a. Income targeting:
- Yes No: Does the PHA plan to exceed the federal targeting requirements by targeting more than 40% of all new admissions to public housing to families at or below 30% of median area income?
- b. Transfer policies:
- In what circumstances will transfers take precedence over new admissions? (list below)
- Emergencies
 - Overhoused

- Underhoused
- Medical justification
- Administrative reasons determined by the PHA (e.g., to permit modernization work)
- Resident choice: (state circumstances below)
- Other: (list below)

c. Preferences

1. Yes No: Has the PHA established preferences for admission to public housing (other than date and time of application)? (If “no” is selected, skip to subsection (5))

Occupancy)

2. Which of the following admission preferences does the PHA plan to employ in the coming year? (select all that apply from either former Federal preferences or other preferences)

Former Federal preferences:

- Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)
- Victims of domestic violence
- Substandard housing
- Homelessness
- High rent burden (rent is > 50 percent of income)

MINUTES
RESIDENT ADVISORY BOARD
&
INFORMATIONAL PUBLIC MEETING
September 19, 2002
10:00 AM

The Executive Director opened the meeting. Mr. McKeon reminded the group that the Quality Housing and Work Responsibility act of 1998 was passed by Congress and required that we develop an Agency Plan. The purpose of this meeting is to develop the Annual Plan for fiscal year 2003 and incorporate it into our ongoing Five Year Plan.

The Director stated the development process includes receiving input and feed back from the Resident Advisory Board and other interested parties. Mr. McKeon continued by presenting the Mission Statement and the Goals of the Agency Plan.

As stated in the Executive Summary, “the mission of Granite City Housing Authority is to provide financially stable, safe, sanitary, decent and affordable housing to those who are eligible for assistance and have demonstrated their willingness and ability to adhere to the terms of a lease.”

Consistent with our mission statement, Mr. McKeon informed the audience that we have established the following goals and objectives we plan to achieve in the next five years:

Goal One: Increase the availability of decent, safe and affordable housing by replacing obsolete or unmarketable housing units with new energy efficient units designed for low maintenance.

Mr. McKeon stated that the Housing Authority would accomplish this goal by completing the construction of the 40 one bedroom units in Anchorage Homes. The original 40 efficiency units are being replaced with the 40 one-bedroom units stated Mr. McKeon. He continued by reporting the second and third objectives will be accomplished by demolishing 451 units in Kirkpatrick Homes and the administration/Maintenance facilities. Construction of 160 units of elderly and near elderly only housing on the Marshall School site will be used to replace units demolished in Kirkpatrick Homes. Of the proposed 160 units, 100 units will provide supportive services for the elderly.

These objectives are consistent with our previous HOPE VI Grant applications. It is the opinion of the Housing Authority that it is necessary to lessen the density and provide amenities to be competitive with the other housing stock in the community.

The Executive Director stated that the units in Kirkpatrick Homes were built in 1940's and 1950's without any insulation and modern amenities. Previous modernization grants did not provide adequate funds to effectively improve the housing stock. Feasibility studies have indicated that it is more cost effective to demolish the old units and rebuild energy efficiency units.

Mr. McKeon reported to the audience that these objectives also are supported by the Census data. The latest census indicated that the population of Granite City is decreasing and the remaining residents are increasing in age. This is the basis for the Housing Authority to move away from family units and develop near elderly units and an assisted living facility.

The final objective of Goal One was discussed by the Director. He informed the audience that a new Administration and Maintenance Facility would be constructed. Mr. McKeon explained the need for the new facilities. He stated that the present Administration and Maintenance building does not provide adequate office space. The building has design and structural deficiencies. The Director added that the building was constructed in the 1940's

Mr. McKeon presented the second goal.

Goal Two: Improve the overall quality of operations and, become recognized by the Department of Housing and Urban Development (HUD) as a "high performer" under its new Public Housing Assessment System (PHAS).

He stated that the intent of this goal was to improve the (PHAS) score. Mr. McKeon reported that we had received an advisory score under the new PHAS of 86.20% for 1998. The advisory score for 1999 was 87.6% and 87.2 for 2000. The assessment for 2001 resulted in a presumptive score of 95% reported the Director. He continued by adding that the score resulted in a "High Performer" designation by HUD.

To accomplish this goal it will be necessary for us to look at each of the indicators and address the needs to raise the scores. The Director stated that a 95% can be improved to 100% and that is what the agency is striving to accomplish. We are anticipating that the score will be increased again in 2002.

Goal Three: Provide an improved living environment

Mr. McKeon explained that meeting HUD's deconcentration policy has resulted in improved living environment for the residents. He stated that GCHA has consistently met this goal through our Admissions and Continued Occupancy Policy.

Another objective of the third goal is to implement security improvements. The perception that the developments are unsafe is being addressed. A Police substation has been in place for the past two years in Kirkpatrick Homes. According to the Police Department, the Housing Authority property is safer than other areas of Granite City. Residents have assisted with this by calling the police when crimes are witnessed.

The number of night lights was increased by 34 additional lights approximately 14 years ago. The installation of dusk to dawn exterior lights, in Anchorage was completed in 2000 reported the Executive Director. He continued by adding that these improvements should help in any safety concerns of the residents.

The residents who do not adhere to the terms of their lease are dealt with accordingly stated Mr. McKeon. These individuals are issued Lease Termination Notices he stated.

The Granite City Housing Authority will continue to submit grant applications for any grants, which may assist with security measures and improving the living environment.

The Director stated that Goal Number One also coordinates with this goal. By designating buildings for certain populations, residents will be more comfortable. This in turn will provide an improved living environment.

Goal Four: Promote self-sufficiency and asset development of assisted households

This goal impacts primarily the family units in Kirkpatrick Homes reported the Executive Director. The changes in federal regulations require that adult family members must get a job or be enrolled in an educational program or provide community service. Mr. McKeon explained that the TANF regulations have changed and we work very closely with this agency.

The Housing Authority is a Work Site for the Department of Human Services reported the Director. As a work site, the Housing Authority provides job training. This training leads to self-sufficiency stated Mr. McKeon. He continued by adding that GCHA has approximately 50% of families working, in comparison to 10% on average nationally.

The second objective of providing or attracting supportive services to improve assistance recipients' employability stated Mr. McKeon, goes hand in hand with the first objective. He continued by adding partnerships with South Western Illinois College (SWIC), Riverbend Head Start and the Housing Authority has lead to the establishment of on site GED classes. The classes were successful and resulted in 20-22 participants

In addition, providing and attracting supportive services to increase independence for the elderly or families with disabilities will be met with the continued partnership with Chestnut Health Systems.

Goal Five: Ensure equal opportunity and affirmatively further fair housing

The objectives of this goal, undertaking affirmative measures to insure access to assisted housing regardless of race, color, religion, national origin, sex, familial status and disability will be met through our application process stated Mr. McKeon.

The second objective of this goal, undertaking affirmative measures to provide a suitable living environment for families living in assisted housing regardless of race, color, religion, national origin, sex, familial status and disability, will also be met through our housing process indicated Mr. McKeon.

This goal is also being met by creating units for handicapped, and hearing and sight impaired residents stated the Director.

Mr. McKeon stated that the Housing Authority has had in place for several years affirmative-housing processes. He further stated that we have always provided decent safe and sanitary housing using affirmative action procedures.

Goal Six: Improve community quality of life and economic vitality

The objectives to meet the goal as promoting the overall goal of a drug free, decent, safe and sanitary housing, promoting self-sufficiency of the residents by promoting employment and job skills training and promoting a social and economic mix of residents within each public housing neighborhood in order to foster social stability and upward mobility.

The objectives of this goal go hand in hand with self-sufficiency stated the Executive Director. The objectives are being accomplished through the partnership with Chestnut Health Services. As residents receive educational and job skills the economic vitality of the community will benefit stated Mr. McKeon.

Mr. McKeon stated that he would next discuss the significant impact of the Agency Plan. He stated that changes in 1998 federal regulations required that the Housing Authority develop a Pet Policy and a Community Service Policy. These policies were developed in 2000 and implemented with the adoption of the 2001 Agency Plan. He also stated that changes in the Admissions and Continued Occupancy Policy were required due to these regulations. The Agency Plan for 2003 has not made any changes to these policies.

Likewise, the implementation of Community Service occurred with the 2001 Agency Plan explained by Mr. McKeon. He reported that any adult member over the age of 18 years but less than 62 years would be required to donate 8 hours of community service per month. There are exemptions outlined in the Community Service Policy he stated.

Exemptions to the Community Service are provided if the adult family member is enrolled in an educational program, 62 years of age or older or participating in program(s) through TANF stated Mr. McKeon.

Effective January 1, 2002 the Granite City Housing Authority is suspending its enforcement of the 8-hour community service. Granite City Housing Authority will not enforce this provision of our Admission and Continued Occupancy Policy so long as Congress provides for the option to not enforce it. In taking this action, we will continue to encourage our public housing residents to both participate in their community and enhance their self-sufficiency skills in a truly voluntary manner.

The final revision to the 2003 Agency Plan is the determination of explained Mr., McKeon. He continued by reporting that each individual will be given a choice of flat rent vs. income based rent. The income-based rent will be still providing deductions for elderly, medical and disabled. The flat rents will be a set amount paid each month without any deductions stated Mr. McKeon.

The flat rents will replace the previously used Ceiling rents. HUD authorized GCHA to use ceiling rents in 1996 for a period of 60 months. The ceiling rents were implemented in January 1997 and will be phased out with each resident's annual recertification or rent change for utility allowance, which ever occurs first.

The Flat Rents for fiscal year 2002 were developed to accommodate the working residents advised Mr. McKeon. The flat rents established in the fiscal year 2002, were based on a market analysis and the amenities offered in each development. The Housing Authority has elected to retain the Flat rents, which were adopted in the year 2002.

The audience was asked for any input, questions or comments.

Question: Will we ever have meals on wheels within the development?

Response: This would be part of the supportive services of the new units to be developed on the Marshall School site.

Question: Do we have security guards here?

Response: Granite City Police Department patrols the areas on a regular basis. The Housing Authority installed lights on photoelectric cells. These lights come on a dusk and go off a dawn. We have no crime in the Anchorage developments.

Comment: I think the lights are wonderful.

Comment: Except the bugs that are attracted to them.

Comment: I like the lights

Question: What do we do about inoperable vehicles that do not belong to any resident?

Response: Call the police department. They will tag the vehicles to be towed away. Also, please write down the license plate number.

Comment: Living out here is wonderful.

Response: I have a really good group of staff members.

Comment: I like it better and better each day.

Question: Why do we not have dryer vents on the back of the house? Are they going to install an exterior dryer vent?

Response: The units are not configured to install exterior dryer vents. The Housing Authority installed lint traps in response to the UPCS inspection completed earlier this year.

Question: Do the new units have 220 for dryers?

Response: Yes they do.

There being no further questions or comments, the Director thanked the audience for their attendance and input into the preparation of our Annual Plan.

MINUTES
RESIDENT ADVISORY BOARD
&
PUBLIC MEETING
October 4, 2002
10:00 AM

The Executive Director opened the meeting. He thanked the audience for their attendance due to the inclement weather. Mr. McKeon reminded the group that the Quality Housing and Work Responsibility act of 1998 was passed by Congress and required that we develop an Agency Plan. The purpose of this meeting is to present the Annual Plan for fiscal year 2003 and incorporate it into our ongoing Five Year Plan.

A draft of the Annual Plan was presented to the Resident Advisory Board Meeting held on September 19, 2002 stated Mr. McKeon. He continued by adding the finalization of the plan includes receiving input and feed back from the Resident Advisory Board and other interested parties during a Public Meeting. The Director advised the audience that any comments or recommendations expressed would be analyzed.

Mr. McKeon continued by presenting the Mission Statement and the Goals of the Agency Plan. As stated in the Executive Summary, “the mission of Granite City Housing Authority is to provide financially stable, safe, sanitary, decent and affordable housing to those who are eligible for assistance and have demonstrated their willingness and ability to adhere to the terms of a lease.” The director stated this why Granite City Housing Authority is here, to accomplish our Mission Statement.

Consistent with our mission statement, Mr. McKeon informed the audience that we have established the following goals and objectives we plan to achieve in the next five years:

Goal One: Increase the availability of decent, safe and affordable housing by replacing obsolete or unmarketable housing units with new energy efficient units designed for low maintenance.

Mr. McKeon stated that the Housing Authority would accomplish this goal by completing the construction of the 40 one bedroom units in Anchorage Homes. The original 40 efficiency units are being replaced with the 40 one-bedroom units stated Mr. McKeon. He continued by reporting the second and third objectives will be accomplished by demolishing 451 units in Kirkpatrick Homes and the administration/Maintenance facilities. Construction of 60 units of elderly and near elderly only housing on the Marshall School site will be used to replace units demolished in Kirkpatrick Homes. Of the proposed 160 units, 100 units will provide supportive services for the elderly.

These objectives are consistent with our previous HOPE VI Grant applications. Mr. McKeon stated that it is the intention of the Housing Authority to submit a HOPE VI application this year.

The Executive Director stated that the units in Kirkpatrick Homes were built in 1940's and 1950's without any insulation and modern amenities. Previous modernization grants did not provide adequate funds to effectively improve the housing stock. Feasibility studies have indicated that it is more cost effective to demolish the old units and rebuild energy efficiency units.

Mr. McKeon reported to the audience that these objectives also are supported by the Census data. The latest census indicated that the population of Granite City is decreasing and the remaining residents are increasing in age. This is the basis for the Housing Authority to move away from family units and develop near elderly units and an assisted living facility.

The final objective of Goal One was discussed by the Director. He informed the audience that a new Administration and Maintenance Facility would be constructed. Mr. McKeon explained the need for the new facilities. He stated that the present Administration and Maintenance building does not provide adequate office space or inventory storage. The building has design and structural deficiencies. The Director added that the building was constructed in the 1940's.

Mr. McKeon presented the second goal.

Goal Two: Improve the overall quality of operations and, become recognized by the Department of Housing and Urban Development (HUD) as a "high performer" under its new Public Housing Assessment System (PHAS).

He stated that the intent of this goal was to improve the (PHAS) score. Mr. McKeon reported that we had received an advisory score under the new PHAS of 86.20% for 1998. The advisory score for 1999 was 87.6% and 87.2 for 2000. The assessment for 2001 resulted in a presumptive score of 95% reported the Director. He continued by adding that the score resulted in a "High Performer" designation by HUD.

To accomplish this goal it will be necessary for us to look at each of the indicators and address the needs to raise the scores. The Director stated that a 95% can be improved to 100% and that is what the agency is striving to accomplish. We are anticipating that the score will be increased again in 2002.

Goal Three: Provide an improved living environment

Mr. McKeon explained that meeting HUD's deconcentration policy has resulted in improved living environment for the residents. He stated that GCHA has consistently met this goal through our Admissions and Continued Occupancy Policy. In comparing the family developments,

neither development in Kirkpatrick Homes has a higher level of poverty than the other reported the Director.

Approximately 50 percent of our families are working, compared to an average of 10% for most Housing Authorities stated the Director. We have implemented the exclusion of incomes per HUD regulations and this has been helpful in getting the residents to work.

Another objective of the third goal is to implement security improvements. The perception that the developments are unsafe is being addressed. A Police substation has been in place for the past two years in Kirkpatrick Homes. According to the Police Department, the Housing Authority property is safer than other areas of Granite City. Residents have assisted with this by calling the police when crimes are witnessed.

Mr. McKeon stated that crime is non-existent at Anchorage Homes. He reported the number of night lights was increased by 34 additional lights approximately 14 years ago. The installation of dusk to dawn exterior lights, in Anchorage was completed in 2000 reported the Executive Director. He continued by adding that these improvements should help in any safety concerns of the residents.

The residents who do not adhere to the terms of their lease are dealt with accordingly stated Mr. McKeon. These individuals are issued Lease Termination Notices he stated.

The Granite City Housing Authority will continue to submit grant applications for any grants, which may assist with security measures and improving the living environment.

The Director stated that Goal Number One also coordinates with this goal. By designating buildings for certain populations, residents will be more comfortable. This in turn will provide an improved living environment. The Director indicated that the development of 60 units on the Marshall School site will be designated as near elderly. He reported that census data indicates a growing need for this age group.

Question: Will Marshall School be torn down?

Response: Yes, the Housing Authority analyzed the cost to rehabilitate the building versus new construction. It is cheaper to build new units than to rehab a 40 year old building.

Question: Will the new units look like Anchorage?

Response: Yes, they will be of a similar design. The first phase will be 2 bedrooms units. He remaining 100 units to be constructed on the site will be a 3 story H pattern building. This building will be constructed in three phases. Phase One will be a leg of the H. The second phase will complete the second leg of the H. A final Phase will construct the connector between the sections.

Mr. McKeon next explained goal number Four.

Goal Four: Promote self-sufficiency and asset development of assisted households

This goal impacts primarily the family units in Kirkpatrick Homes reported the Executive Director. The changes in federal regulations require that adult family members must get a job or be enrolled in an educational program or provide community service. Mr. McKeon explained that the TANF regulations have changed and we work very closely with this agency.

Mr. McKeon stated that by encouraging residents to work, this will help improve the image of the Housing Authority. In the past the Housing Authority has been viewed as housing of the last resort. By retaining working residents, the overall perception of the community should improve stated the Director.

The Housing Authority is a Work Site for the Department of Human Services reported the Director. As a work site, the Housing Authority provides job training. This training leads to self-sufficiency stated Mr. McKeon. He continued by adding that GCHA has approximately 50% of families working, in comparison to 10% on average nationally.

The second objective of providing or attracting supportive services to improve assistance recipients' employability stated Mr. McKeon, goes hand in hand with the first objective. He continued by adding partnerships with South Western Illinois College (SWIC), Riverbend Head Start and the Housing Authority have lead to the establishment of on site GED classes. The classes were successful and resulted in 20-22 participants

Asset management is also being addressed through Informational Meetings regarding homeownership reported Mr. McKeon. He advised the audience that residents have been informed about the home buying process. The information on the importance of credit reports, saving for down payments and application process was provided.

In addition, providing and attracting supportive services to increase independence for the elderly or families with disabilities will be met with the continued partnership with Chestnut Health Systems.

Goal Five: Ensure equal opportunity and affirmatively further fair housing

The objectives of this goal, undertaking affirmative measures to insure access to assisted housing regardless of race, color, religion, national origin, sex, familial status and disability will be met through our application process stated Mr. McKeon.

The second objective of this goal, undertaking affirmative measures to provide a suitable living environment for families living in assisted housing regardless of race, color, religion, national

origin, sex, familial status and disability, will also be met through our housing process indicated Mr. McKeon.

This goal is also being met by creating units for handicapped, and hearing and sight impaired residents stated the Director. All new construction has met the requirement of ADA and HUD of having 5% of new units handicapped accessible reported Mr. McKeon

Mr. McKeon stated that the Housing Authority has had in place for several years' affirmative-housing processes. He further stated that we have always provided decent safe and sanitary housing using affirmative action procedures.

Goal Six: Improve community quality of life and economic vitality

The objectives to meet the goal as promoting the overall goal of a drug free, decent, safe and sanitary housing, promoting self-sufficiency of the residents by promoting employment and job skills training and promoting a social and economic mix of residents within each public housing neighborhood in order to foster social stability and upward mobility.

The objectives of this goal go hand in hand with self-sufficiency stated the Executive Director. The objectives are being accomplished through the partnership with Chestnut Health Services. As residents receive educational and job skills the economic vitality of the community will benefit stated Mr. McKeon.

Mr. McKeon stated that he would next discuss the significant impact of the Agency Plan. He stated that changes in 1998 federal regulations required that the Housing Authority develop a Pet Policy and a Community Service Policy. These policies were developed in 2000 and implemented with the adoption of the 2001 Agency Plan. He also stated that changes in the Admissions and Continued Occupancy Policy were required due to these regulations. The Agency Plan for 2003 has not made any changes to these policies.

Likewise, the implementation of Community Service occurred with the 2001 Agency Plan explained by Mr. McKeon. He reported that any adult member over the age of 18 years but less than 62 years would be required to donate 8 hours of community service per month. There are exemptions outlined in the Community Service Policy he stated.

Exemptions to the Community Service are provided if the adult family member is enrolled in an educational program, 62 years of age or older or participating in program(s) through TANF stated Mr. McKeon.

Effective January 1, 2002 the Granite City Housing Authority is suspended its enforcement of the 8-hour community service. Granite City Housing Authority will not enforce this provision of our Admission and Continued Occupancy Policy so long as Congress provides for the option to not enforce it. In taking this action, we will continue to encourage our public housing residents

to both participate in their community and enhance their self-sufficiency skills in a truly voluntary manner.

The final revision to the 2003 Agency Plan is the change from ceiling rents to flat rents explained Mr., McKeon. He continued by reporting that each individual will be given a choice of flat rent vs. income based rent. The income-based rent will be still providing deductions for elderly, medical and disabled. The flat rents will be a set amount paid each month without any deductions stated Mr. McKeon.

The flat rents will replace the previously used Ceiling Rents. HUD authorized GCHA to use ceiling rents in 1996 for a period of 60 months. The ceiling rents were implemented in January 1997 and will be phased out with each resident's annual recertification or rent change for utility allowance, which ever occurs first.

The Flat Rents for fiscal year 2002 were developed to accommodate the working residents advised Mr. McKeon. The flat rents established in the fiscal year 2002, were based on a market analysis and the amenities offered in each development. The Housing Authority has elected to retain the Flat rents, which were adopted in the year 2002.

The audience was asked for any input, questions or comments.

Question: Any more units to be demolished, like the efficiencies?

Response: Not in Anchorage. We will be moving the unit count from Kirkpatrick Homes to Marshall School. The first phase will be 60 units of near elderly housing. The plan calls for the development of 100 units of housing with supportive services also on Marshall School. This will in turn enable us to demolish units at Kirkpatrick Homes and rebuild 291 units on the existing land.

Question: Who will get to move to these units?

Response: Residents of Kirkpatrick will be moving to these units. Needs Assessment prepared by Madison County and Census data indicates that the population of Granite City is decreasing, but the remaining population's average age is increasing. This is known as aging in place.

Question: What about assistance?

Response: We presently have a contract with Riverbend and Chestnut Health Systems. Chestnut Health Systems provides services for the elderly residents. We are also planning on having an outside agency provide the supportive services for the new 100 units to be developed on the Marshall School site.

Question: I live at 2942 Edwards. There is no overhead light in the kitchen.

Response: We have discussed installing ceiling lights in the kitchen, but it is not structurally feasible, due to the original construction design.

Question: Why can't we get the streets and sidewalks fixed out here?

Response: The streets and sidewalks are owned and maintained by the City of Granite City. You should contact the Street Department of your Alderman.

Question: They are fixing some streets now, are they going to fix them all?

Response: Presently the city is only repairing the streets that are in bad shape. They are also repairing some of the sidewalks in conjunction with the new construction. We negotiated repairs for one portion of the sidewalk which needed repaired.

Question: There are kids coming around and annoying the residents, what should we do?

Response: Call the Police Department. Dial 877-6111 and this will connect you to the Dispatcher. Request that the Dispatcher send out a patrol car.

IMPLEMENTATION OF
PUBLIC HOUSING
RESIDENT COMMUNITY SERVICE REQUIREMENTS

The following narrative provides an overview of the implementation process used by Granite City Housing Authority.

Effective January 1, 2002 the Granite City Housing Authority is suspended its enforcement of the 8-hour community service. Granite City Housing Authority will not enforce this provision of our Admission and Continued Occupancy Policy so long as Congress provides for the option to not enforce it. In taking this action we will continue to encourage our public housing residents to both participate in their community and enhance their self-sufficiency skills in a truly voluntary manner.

Granite City Housing Authority (GCHA) has taken the following administrative steps to develop and implement the Community Service Requirements as set forth in 24 CFR Part 960.605.

The federal regulations were reviewed and staff members were provided training by professional consultants such as Nan McKay and Joseph Schiff, prior to the development of the Community Service Policy. After the completion of the training, a written plan was developed and forwarded to Legal Council for review.

Upon consensus of the Legal Council, the Community Service Policy was posted for comment and review of the residents, and Resident Advisory Boards. The Policy was included in the Annual Plan for 2001 and was made available for public display.

The written Community Service Plan was developed in conjunction with a Lease revision reflecting the requirement of Community Service. The changes in the Lease will be executed upon Annual Recertification of each resident. At the time of the annual recertification, each resident and household member over the age of 18 will be provided counseling and written notice of the requirement and exemption status.

GCHA has entered into a cooperative agreement with the TANF agency to provide verification of the residents' case status. This cooperative agreement provides access to the database of the agency via an electronic connection. This access will enable the Occupancy Supervisor of GCHA to immediately verify the status of each individual case.

GCHA will administer the overall requirements of the program. Outside entities will report the time donated by residents at their facilities.

The types of activities which will fulfill the required community service are defined as follows:

Community service includes performing work or duties in the public benefit that serve to improve the quality of life and/or enhance resident self-sufficiency, and/or increase the self-responsibility of the resident within the community.

An economic self sufficiency program is one that is designed to encourage, assist, train or facilitate the economic independence of participants and their families or to provide work for participants. These programs may include programs for job training, work placement, basic skills training, education, English proficiency, work fare, financial or household management, apprenticeship, and any program necessary to ready a participant to work (such as substance abuse or mental health treatment).

GCHA will coordinate with social service agencies, local schools, and any other agencies in identifying a list of volunteer community service positions and providing opportunities for community service.

GCHA has developed a process to cure noncompliance. GCHA will offer the family member(s) the opportunity to enter into a written agreement prior to the anniversary of the lease. The agreement shall state that the family member(s) agrees to enter into an economic self-sufficiency program or agrees to contribute to community service for as many hours as needed to comply with the requirement over the past 12-month period. The cure shall occur over the 12-month period beginning with the date of the agreement and the resident shall at the same time stay current with that year's community service requirement.

IMPLEMENTATION OF PET POLICY

Granite City Housing Authority will implement the pet policy in accordance with the regulations as defined at 24 CFR 960, Subpart G. The reasonable requirements are as follows:

“The size and number of pets must be reasonably appropriate for the size of the unit and the number of people in the household.”

The policy permits pets such as domesticated dogs, cats, birds and fish aquariums. Responsibilities of the owners are outlined in the policy and include the requirement to license, obtain mandatory vaccinations and removal of pet waste.

PROGRESS STATEMENT

Granite City Housing Authority has made the following progress in meeting the goals and objectives as outlined in the current 5- Year Plan:

The first goal to “increase the availability of decent, safe and affordable housing by replacing obsolete or unmarketable housing units” is underway. The purchase of Marshall School will be used as a site to construct new units.

Goal Number One of the 2002 Annual Plan is presently in progress. Demolition of 40 efficiency units has been completed. The construction of 40 one-bedroom is nearly completed

The second goal to “improve the overall quality of operations and, become recognized by the Department of Housing and Urban Development (HUD) as a “high performer” under its new Public Housing Management Assessment System (PHAS) is also progressing. The first year advisory score for 1999 was 86.2%. The advisory score for 1999 reflected an increase to 87.6%. The score remained static for 2000 at 87%. An improvement was made in the 2001 score by obtaining presumptive score of 95% and being designated as a “High Performer”.

Although GCHA has achieved a “high performer” designation, we will continue our efforts to improve our overall operations. The results of the Customer Service and Satisfaction Survey indicated areas requiring a Follow-Up Plan.

The third goal to “provide an improved living environment” is also progressing. The agency is contemplating the installation of surveillance cameras within our family units, if funding permits.

The fourth goal to “promote self-sufficiency and asset development of assisted households” has progressed with the following activities: Implementation of an on-site GED class, implementation of reading program and linkage with local community college for job assistance. The goal is further being met with the implementation of programming for the seniors of the developments.

Goal five “ensure equal opportunity and affirmatively further fair housing” is being met. Granite City Housing Authority provides access to individuals regardless of race, color, religion, national origin, sex, familial status or disability.

Goal Six, to “improve community quality of life and economic vitality” is being carried out by means of promoting self-sufficiency of our residents. The implementation of on-site GED classes continues to assist in the accomplishment of this goal.

RESIDENT MEMBERSHIP OF THE PHA GOVERNING BOARD

At present Granite City Housing Authority does not have a resident serving on the Board of Commissioners. The method of selection is by the Mayor of Granite City and the City Council. The By-laws of the Granite City Housing Authority currently provide for six members and only five have been appointed.

ATTACHMENT J

MEMBERSHIP OF THE RESIDENT ADVISORY BOARD

Due to a continued lack of interest, Granite City Housing Authority appointed all residents to the Resident Advisory Board. Granite City Housing Authority schedules meetings at least quarterly at Anchorage Homes and Kirkpatrick Homes. All residents are encouraged to attend.

ATTACHMENT K

DEFINITION OF SUBSTANTIAL DEVIATION

Substantial Deviations or significant amendments or modifications are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the mission, goals, objectives, or plans of the agency and which require formal approval of the Board of Commissioners.

VOLUNTARY CONVERSION INITIAL ASSESSMENT

The responses to the required questions are as follows:

- A. How many of the PHA's developments are subject to the Required Initial Assessment?

Response: Two developments are subject to the assessment. The developments are:

IL005-1 Kirkpatrick Homes
IL005-2 Kirkpatrick Homes

- B. How many of the PHA's developments are not subject to the Required Initial Assessment based on exemptions (e.g. elderly, and/or disables developments not general occupancy projects)?

Response: Two developments are not subject to the assessment. These developments are exempt based on an elderly exemption. The developments include:

IL005-3 Anchorage Homes
IL005-4 Anchorage Homes

- C. How many assessments were conducted for the PHA's covered developments?

Response: One assessment was completed.

- D. Identify PHA developments that may be appropriate for conversion based on the required Initial Assessment:

Development Name	Number of Units
None	None

- E. If the PHA has not completed the Required Initial Assessments, describe the status of these assessments.

Response: The Required Initial Assessment has been completed.
