Neighborhood Appearance

The Housing Authority of the City of Bloomington will continue to implement the follow-up plan to improve the site conditions as identified in the HUD Resident Services and Satisfaction survey.

The Housing Authority will work with resident services staff, maintenance staff and Resident Councils to improve the appearance of the housing sites as identified by the results of the RAAS.

During FY 2003, the Housing Authority will employ residents of each family development as Resident Worker. These residents will assist the Housing Authority in the clean up and maintenance of the lawns and garden areas of the designated sites. Resident workers will patrol the site each day and clean up litter and debris found in the common areas of the sites. These workers will also monitor residents garbage areas and report to the administrative office any violations. Resident Services staff will follow up on all violations reported and follow up on complaints with the procedure established in the first Follow-up plan.

The Housing Authority will install surveillance cameras in all of its family developments that will monitor the sites. This tool will enable the Housing Authority to monitor its sites for litter violators. Based on experience of other housing authorities that have installed surveillance cameras in their sites, it has reduced the amount of litter in the sites and significantly improved the appearance of sites. We anticipate the same results.

The Housing Authority will continue to upgrade landscaping in these developments to improve the green space areas. Further, major interior and exterior renovation work will begin in the Sunnyside Court. This site has not had any major modernization work completed. This will be the first phase of many that will improve upon the appearance of a distressed development.

Finally, the Housing Authority will continue to inform, educate and enforce the Housing Authority's policy on site conditions.

DECONCENTRATION POLICY

PUBLIC HOUSING:

In an ongoing effort for The Housing Authority to meet or exceed the laws and regulations regarding its public housing programs, the following Deconcentration Policy has been developed in order to comply with the Quality Housing and Work Responsibility Act of 1998, Section 513.

INCOME MIX TARGETING: To meet the requirements of the Act, and subsequent HUD regulations, at least 40 percent of families admitted to public housing by the Housing Authority must have incomes that do not exceed 30% of the area median. If 40% or more of the housing authority units are occupied by families whose incomes do not exceed 30% of the area median income, this requirement shall be considered as being met.

PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES: The housing authority may not, in meeting this income mix targeting, concentrate very low-income families, or other families with relatively low incomes, in public housing units in certain developments. The Housing Authority will review the income and occupancy characteristics of the housing site to ensure that a low-income concentration does not occur.

DECONCENTRATION: The Housing Authority shall make every effort to deconcentrate families of certain income characteristics within the PHA complexes. To achieve this, the Housing Authority may offer incentives for eligible families having higher incomes to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes. At this time the family developments have homogeneous average incomes. They vary only from \$6,500 per year to \$9,500 per year. As all average income for families is lower than 30% of the median income of our area our goal is to attract higher income residents at Evergreen.

We will offer incentives to any families who have incomes above 30% of the median income. These incentives will include a single person could rent a 2-bedroom apartment, each family member could have their own bedroom, and we could reduce the monthly rent by utilizing additional deductions when determining rent. Those additional deductions would include travel costs to work, uniforms, union dues, and income tax deductions. Incentives by the Housing Authority allow for the eligible family to have the sole discretion in determining whether to accept the incentive and the agency may not take any adverse action toward any eligible family for choosing not to accept these incentives. The skipping of a family on the waiting list to reach another family to implement this Deconcentration Policy shall not be considered an adverse action. As such, the Housing Authority will continue to accept applications and place the individuals on a waiting list. Selection will be made based on a combination of the local preferences and an income target mix. Any eligible family who qualifies as a higher income family may accept a dwelling unit assignment and be placed randomly into a vacant housing unit.

The Housing Authority will track the income mix within each project and housing site, as an effort to avoid a concentration of higher or lower income families in any one development. The HUD FY 99 Income Limits and Fair Market Rent Data show the Median Income for

Bloomington is \$52900 for a family of four. Thirty (30) percent of the median income is \$15850.

Thirty (30) percent of the Median Income per number in a household is as follows:

| Number of Persons | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |
|-------------------|-------|-------|-------|-------|-------|-------|-------|-------|
| Amount | 11100 | 12700 | 14300 | 15850 | 17150 | 18400 | 19700 | 20950 |

The Housing Authority of the City of Bloomington has 633 units of Low Rent housing available. Per the QHWRA of 1998, forty (40) percent of the newly leased units must be housed with families with incomes 30% or less of the median income. A breakdown of units leased from 1/1/99 to 7-28-99 showed that 66 units were leased during that time period. Sixty-one (61), or 92% of the families who moved into our units during 1999 have incomes at, or below thirty (30) percent of median income, which surpasses the QHWRA of 1998 requirements by sixty-two (62%) percent.

Efforts through marketing and outreach shall be made to increase the number of families with incomes greater than thirty (30) percent of median income at Evergreen. We will do this in order to avoid concentrations of very low-income families in the projects as per the requirements of the QHWRA of 1998.

Progress Statement

The Housing Authority of the City of Bloomington continues to strive and work toward meeting the mission and goals of the agency's 5-Year Plan. The plans, statements, budget summary, policies, etc set for the in the Annual Plan all lead towards the accomplishment of our goals and objectives.

The mission of the Bloomington Housing Authority is to provide quality affordable housing opportunities and services. We were able to accomplish several of the goals of the 5-Year Plan last year and establish bench marks for future progress.

Areas of accomplishments for FY 2002 include, but are not limited to, the improvement of the organizational and strategic capability of the agency. The Housing Authority held a board retreat with the Executive Director and the Board of Commissioners to strategically plan for addressing obsolete public housing stock and the financial stability of the Housing Authority. The board will continue working on this issue through board development. Further, the Housing Authority has formed a nonprofit board that will apply for 501©3 status with the State of Illinois. This entity will allow the Housing Authority to expand its housing opportunities in the community. The Housing Authority has developed an asset management plan that will enable us to profile and measure the performance of each property.

We have also established a public housing self-sufficiency program for residents of the public housing program. This will enable the Housing Authority to continue to assist residents in their efforts to reenter the work field and to assist them with training opportunities to reduce barriers to employment. We were funded a Resident Opportunities and Self Sufficiency grant under the Resident Service Delivery Models program. This program will provide residents training in the occupation of Certified Nurses Assistant in the health care field. This program is in collaboration with the local community college.

All these plans, statements, budget summaries and policies lead towards the accomplishments of our goals and objectives. Taken as a whole, they outline a comprehensive approach towards our goals and objectives. In summary, we are on course in meeting the mission and goals of our PHA Plan.

Statement of the Housing Authority's Policies and Rules **Regarding the Ownership of Pets In Public Housing**

Per the requirements of Section 227 of the Housing and Urban-Rural Recovery Action of 1983 and Section 526 of the Quality Housing and Work Responsibility Action of 1998 the Housing Authority has established Pet Policies which incorporates the following requirements:

- A. A resident of a dwelling unit in public housing may own one (1) or more common household pets or have one (1) or more common household pets present in the dwelling unit of such resident, subject to the reasonable requirements of the public housing agency.
- B. The resident must maintain each pet responsibility and in accordance with applicable state and local public health, animal control and animal anti-cruelty laws and regulations and with the policies established in the public housing agency plan for the agency.
- C. Residents must be in good standing with the Authority. To be in good standing all rent must be paid, the apartment must be kept clean and all other rules of the Authority must be followed.
- D. The Authority may amend these rules from time to time, as necessary, and such amendments shall be binding on the residents upon notice thereof. In all cases, all animal owners must comply with the Illinois Care for Animals Act.

The entire Pet Policies for units designed for elderly and/or disabled residents and units not designed for elderly/disabled residents is contained in the Housing Authority Admissions and Occupancy Policy.

Resident Membership on Board

Ada B. Dunson, resident of the John P. Kane Homes, was appointed to the Board of Commissioners by the Mayor of Bloomington and approved by the City Council May 8, 2000. The term of the appointment is five years.
