Yes No: Does the PHA request financial or other support from the State or local government agency in order to meet the needs of its public housing residents or inventory? If yes, please list the 5 most important requests below:

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The State of Kansas Consolidated Plan endorses the continuing objectives of national housing policy in the National Affordable Housing Act of 1990, including: ensure that all residents have access to decent shelter; increase the supply of affordable housing; make neighborhoods safe and livable; expand opportunities for homeownership; provide a reliable supply of mortgage finance; and reduce generational poverty in assisted housing.

The Housing Development strategy includes focusing effort towards providing housing opportunities to Kansans through the development of resources, partnerships and technical assistance. Among the principles of comprehensive development, the Consolidated Plan includes the creation of housing alternatives for the elderly and persons with disabilities which will provide a better quality of life for these residents and will establish the potential for cost savings for the State.

The Housing Development Plan contains priorities that relate to resident access to rental housing in the following categories.

- Small, Related Households – Very Low and Low Income
- Large, Related Households – Very Low and Low Income
- Elderly Households – Very Low and Low Income
- All Other Households – Very Low and Low Income

Strategy objectives include:

- replacement and rehabilitation of deteriorated rental housing stock;
- make rental housing affordable in higher cost markets.
- The Consolidated Plan acknowledges that some senior citizen housing has a high vacancy rate. Nevertheless, about 18,000 elderly households have housing problems. About 49% of elderly households pay more than 30% of their income on housing. Most elderly households are on fixed incomes. About 23,000 persons over age 65 are mobility impaired; about 31,000 persons over age 65 have self-care limitations. Attention must be given to elderly households with special needs.

- Attention must be given to other households with special needs.

C. Criteria for Substantial Deviation and Significant Amendments

1. Amendment and Deviation Definitions

24CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

A substantial deviation from the 5-year Plan occurs when the Board of Commissioners decides that it wants to change the mission statement, goals or objectives of the 5-year plan.

B. Significant Amendment or Modification to the Annual Plan:

Significant amendments or modifications to the Annual Plan are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the plans of the agency and which require formal approval of the Board of Commissioners.
