The Consolidated Plan is a statewide plan and indicates a significant statewide need for affordable housing. The need for assisted housing in this jurisdiction is great at this time as indicated by our current waiting list.

MISSION STATEMENT

The Housing Authority of Paintsville's mission statement is to promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

The Housing Authority of Paintsville promotes adequate housing and affordable housing by the continuing the implementation of the flat rent rule.

The Housing Authority of Paintsville provided suitable living environment to residents free from discrimination.

The PHA's goal is to improve the quality of assisted housing. We believe we have been able to accomplish this in several ways. The physical inspection score received this year was 89% whereas last year the score was 86%. We maintained the resident survey score as the same as last year – score of 4 points out of possible 5 points. Our R.I.C. office is still maintaining the after school snack program and the after school home work program/computer lab. We have continued with educational programs for our residents. Voucher unit inspections have yielded units on our program of very good quality. Capital Fund Programs have updated baths, electrical wiring, and furnaces. All apartments in the housing authority have air conditioning.

We have talked to landlords not on the program and have been successful in getting new units on the Section 8 program.

The housing authority gave access to assisted housing regardless of race, color, religion, national origin, sex, familial status and disability.

Voluntary Conversion Required Initial Assessments

The Housing Authority of Paintsville certifies that it has reviewed each Development's operations as public housing and considered the implications of converting the public housing to tenant-based assistance; and has concluded that conversion of the developments are inappropriate because removal of the development would not meet the necessary conditions for voluntary conversion described at 972.200 (c).

Factors considered were cost, ability to occupy the development, cost and/or workability of vouchers in the community that makes voluntary conversion inappropriate at this time.
