### PHA Goals and Objectives Progress Report

**The Mission of the Lansing Housing Commission is to be the area's affordable housing of choice. We provide and maintain safe, quality housing in a cost effective manner. By partnering with others, we offer rental assistance and other related services to our community in a non-discriminatory manner.**

In particular, here are our five -year goals and objectives and the status of each goal:

**Goal one: Manage the Lansing Housing Commission's existing public housing program in an efficient manner thereby qualifying as a high performer.**

The Lansing Housing Commission is right on track in this fourth year of our 5 -year plan and continues to manage our public housing program in an efficient and effective manner. We have received our PHA score for 2002 but were rated a Standard Performer so we will continue to strive to become a High Performer.

**Goal two: Provide a safe and secure environment in the Lansing Housing Commission's public housing developments.**

By utilizing funds awarded by HUD, the Lansing Housing Commission continues its community policing. We collaborate with the Lansing Police Department to identify and reduce crime in our developments.

**Goal three: Expand the range and quality of housing choices available to participants in the Lansing Housing Commission's tenant-based program.**

The Executive Director continues to attend Landlord Association meetings and writes articles for their Newsletter to explain our tenant-based program to educate and encourage participation in our tenant-based program. We compiled and ran a Section 8 Media Blitz commercial for landlords. We increased our landlords for Section 8 by approximately 50.

In summary, we believe we are making reasonable progress toward our goals given the resources we have available to us.

Voucher Conversion Analysis Conclusion

After careful review of the potential of converting the Lansing Housing Commission's public housing stock or specific developments within this stock to a Section 8 Tenant based Voucher Program, the following conclusions can be made.

The conversion of any public housing development within the Lansing Housing Commission's Public Housing Program would not benefit residents of any specific development converted.

**Reason #1**

The applicant screening process for the Lansing Housing Commission's Public Housing Program is consistent with those of

other management entities within the community except for the impact of credit ratings. It is estimated that approximately 75% of the residents currently living within the Lansing Housing Commission's Public Housing Program would face certain hardship in trying to secure a unit even with a Section 8 Voucher.

**Reason #2**

The conversion of 1 or any public housing developments would result in the loss of specialized funding for Resident Initiative Programs. The Lansing Housing Commission's Section 8 Voucher holders have better credit standings and hold more secure employment. The Programs provided to our public housing residents provide the assistance needed to achieve the ability to become more independent and less dependent on the social services system.
