PHA Response to Recommendations/Comments

1. Items 1, 3, 4, 5, and 10 are currently in the PHA 5 - Year Plan
2. Air conditioning units are available from local stores for residents to purchase on their own.
3. Ceiling fans have been looked into - electrical rewiring makes this very difficult to install
4. The local TV Cable/Internet company has tried unsuccessfully to furnish cable internet to each apartment due to the original plan of the cable wiring, this is also true for the extra pay channels
5. A pay phone would be up to the local phone company, at present they have a pay phone on the corner outside the building
6. Shelf over stove not feasible due to light fixture

ATTACHMENT G: BRIEF STATEMENT OF PROGRESS IN MEETING THE 5 - YEAR PLAN MISSION AND GOALS

The mission of the Escanaba Housing Commission is to provide and maintain safe, affordable, quality housing in a cost-effective manner for all eligible persons, without discrimination. We will partner with our residents and others to enhance the quality of life in our community.

The goals of the Escanaba Housing Commission, set forth in the 5 - Year Plan for Fiscal Years 2000 - 2004 are listed below, followed by a progress report for each goal.

1. **Improve the Quality of Assisted Housing:** The Escanaba Housing Commission continues to renovate/modernize our existing units, using Capital Funds. We have just completed the installation of the sprinklers system throughout all apartments and common areas, installed an emergency fire pump and backup generator, thus increasing the security/safety of all residents. This coming year funds will be used to upgrade our two elevator systems and future years funds will be used to continue with other upgrades. Again this year we received a High Performer Status through the PHASS system.
2. **Provide an Improved Living Environment:** Over the past year our building has maintained a very low crime rate statistic and we have continued to partner with our local Public Safety department conducting interviews for new Public Safety officers and conducting meetings with the Public Safety Department and the residents on safety issues. We conducted informational meetings for the residents, explaining the new fire sprinklers system and continue to hold fire drills, and tests of the emergency call system. Our Deconcentration Policy remains in place and is utilized whenever feasible.
3. **Promote Self Sufficiency and Asset Development of Families and Individuals:** We offer the opportunity for local home care health care agencies, Community Action, UP CAP and other agencies to provide information programs for our residents and provide many within home care to help maintain their apartments and continue to live independently. We offer monthly blood pressure clinics, foot clinic and a yearly flu shot clinic, and we are a congregatesite for the local Meal on Wheels Program. Two of our Housing Commissioners offered informational programs this year to our residents, as did an insurance agency and financial institution. The staff continues to deliver monthly commodity food boxes to all eligible residents, age 60 or older; help with filing yearly home heating credits, prescription drug credits, and FIA reports. Our computer room continues to be of interest to many of the residents and training is offered to all new residents and any other residents that wish to take advantage of this.
4. **Ensure Equal Housing Opportunity in Housing for all Americans.** Housing is offered to all individuals regardless of race, color, religion, national origin, sex, family status or disability. We provide and maintain a suitable living environment

for all our residents and offer accessible housing to persons with disabilities, making every reasonable accommodation to our units to help maintain the resident's independent life-style.

ATTACHEMTH: VOLUNTARY CONVERSION REQUIRED INITIAL ASSESSMENT

The Escanaba Housing Commission has one development consisting of 174 one -bedroom and 1 two -bedroom apartment, used for the Maintenance Superintendent.

After reviewing the operations of the public housing units, and after considering the implications of converting these units to tenant -based assistance, we have concluded that it is not appropriate to convert our units to tenant -based assistance; the removal of these units would not meet the necessary conditions for voluntary conversion. Our public housing units are vital to the people in our area thus no conversion will be done at this time.
