ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Background

The Taylor Housing Commission was formed in 1968 to provide housing opportunities to senior households living in the City of Taylor. It has been remarkable successful, having provided decent housing for many seniors and individuals since then. There are 111 units at Maplewood; the Commission's only owned public housing development.

The Commission operating capacity has grown with the addition of 406 vouchers. This temporarily overtaxed the Commission's management capacity; situation compounded by the absence of Executive Director at a critical time, and lack of training to existing staff. As a result, there is a need to rebuild capacity in order to better serve the clients of Taylor Housing Commission.

During the fiscal year 2001 – 2002 the Commission continued it efforts of streamlining the organization, providing training to its key staff, and a comprehensive review and modification of existing administrative policies to ensure compliance with federal laws, HUD rules and regulations.

Management and Administration

The Director of Economic Development of City of Taylor acting as the Interim Executive Director has been overseeing the operations since April 2000. The Commission retained a consultant to obtain technical assistance on various operational issues and to update all admissions and occupancy policies for public housing and section-8. Major policies such as Rent Collection Policy, Grievance Procedure Policy, Capitalization Policy, Disposition Policy, Pet

Policy, Procurement Policy, One Strike and You're Out Policy, Maintenance Policy, Dwelling Lease, Screening Procedures and other administrative issues were updated and adopted by the Board through a resolution.

The Consultant continues to assist with program planning and implementation, financial planning, budget development and implementation of operating budget, section-8, CIAP, Capital Fund and Drug Elimination Program.

For fiscal year ending March 2000 the Commission annual audit had no findings.

Capital Fund Programs

The Commission has begun the implementation process of both CIAP and Capital Fund Programs to modernize and update Maplewood through a long-term Capital Needs Assessment. The Commission issued two contracts for modernization work. One contract has been completed in July 2001 and the second contract is expected to complete in November 2001. CIAP 1999 program has been fully expended; final report and a cost completion report were submitted to HUD; HUD has approved the cost certificate in October 2001. Capital Fund Program 2000 is fully obligated through contracts and will be fully expended by December 2002. With the assistance of the City's Economic Development Director (also, Commission's Interim Executive Director), the Housing Commission received approval for \$75,000 as a leverage for the Capital Fund. The monies will be used for modernization.

Training

The Board of Commissioners went through three separate training sessions along with staff for review and update of policies and operating budgets.

Staff received training as Occupancy specialists and in Housing Quality Standards. The Commission's Interim Executive Director and Public Housing Manager recently received their certification as 'Public Housing Manager'.

Section - 8

The Section – 8 programs has been streamlined to address the old waiting lists and reopen the waiting lists. In April 2000 the program was maintaining occupancy at approximately 44%. Through staff trainings, policy updates, restructuring, the Commission in October 2001 reached 84% and by March of 2002 the occupancy level is expected to be at 95% and above.

The Commission plans to apply for additional vouchers in Year 2002 specifically for individuals and families with special needs. Additionally, the Commission will begin working with HUD to transfer Vouchers from Taylor Community Development Corporation, which owns the Villages of Taylor, to be administered by the Commission.

The Commission plans to complete the update of Utility Allowances in the Annual Plan Year 2003.

The Commission's SEMAP score for FYE March 2001 was 78.

Public Housing

The Commission maintains an occupancy percent of 95% and above. Under Public Housing the Commission manages one development (Maplewood Manor). The development is being modernized through operating budgets, capital fund programs and assistance from City of Taylor.

Army Corps of Engineers conducted inspection of the rehabilitation work and a contract administration review. The review resulted in two findings. The Commission in August 2001 addressed both findings; subsequently in October 2001 HUD cleared the findings based on the Commission's response.

The Commission submitted application to HUD for decommissioning of eight (8) units, six (6) efficiency and two (2) one-bedrooms, on September 05, 2001. For the past five years, the Commission is experiencing difficulty to market the efficiency units, primarily the units being of very small size and almost all applicants preferring one bedroom over efficiency. Upon decommissioning the efficiency units will be converted for additional laundry and storage space for residents in building and the two one-bedroom units will be converted for additional office space.

The Commission plans to develop a designated plan for Maplewood as a senior development with comparable housing opportunities for disabled individuals through section-8 vouchers.

Drug Elimination Program

Using its Public Housing Drug Elimination Program (PHDEP) funds the Commission will begin to upgrade security systems and provide awareness training for Maplewood residents in the fiscal years 2001- 2002 and 2002 - 2003.

Finally, the Commission will look to hire an Executive Director once the Commission reaches reasonable financial stability with its budgets.
